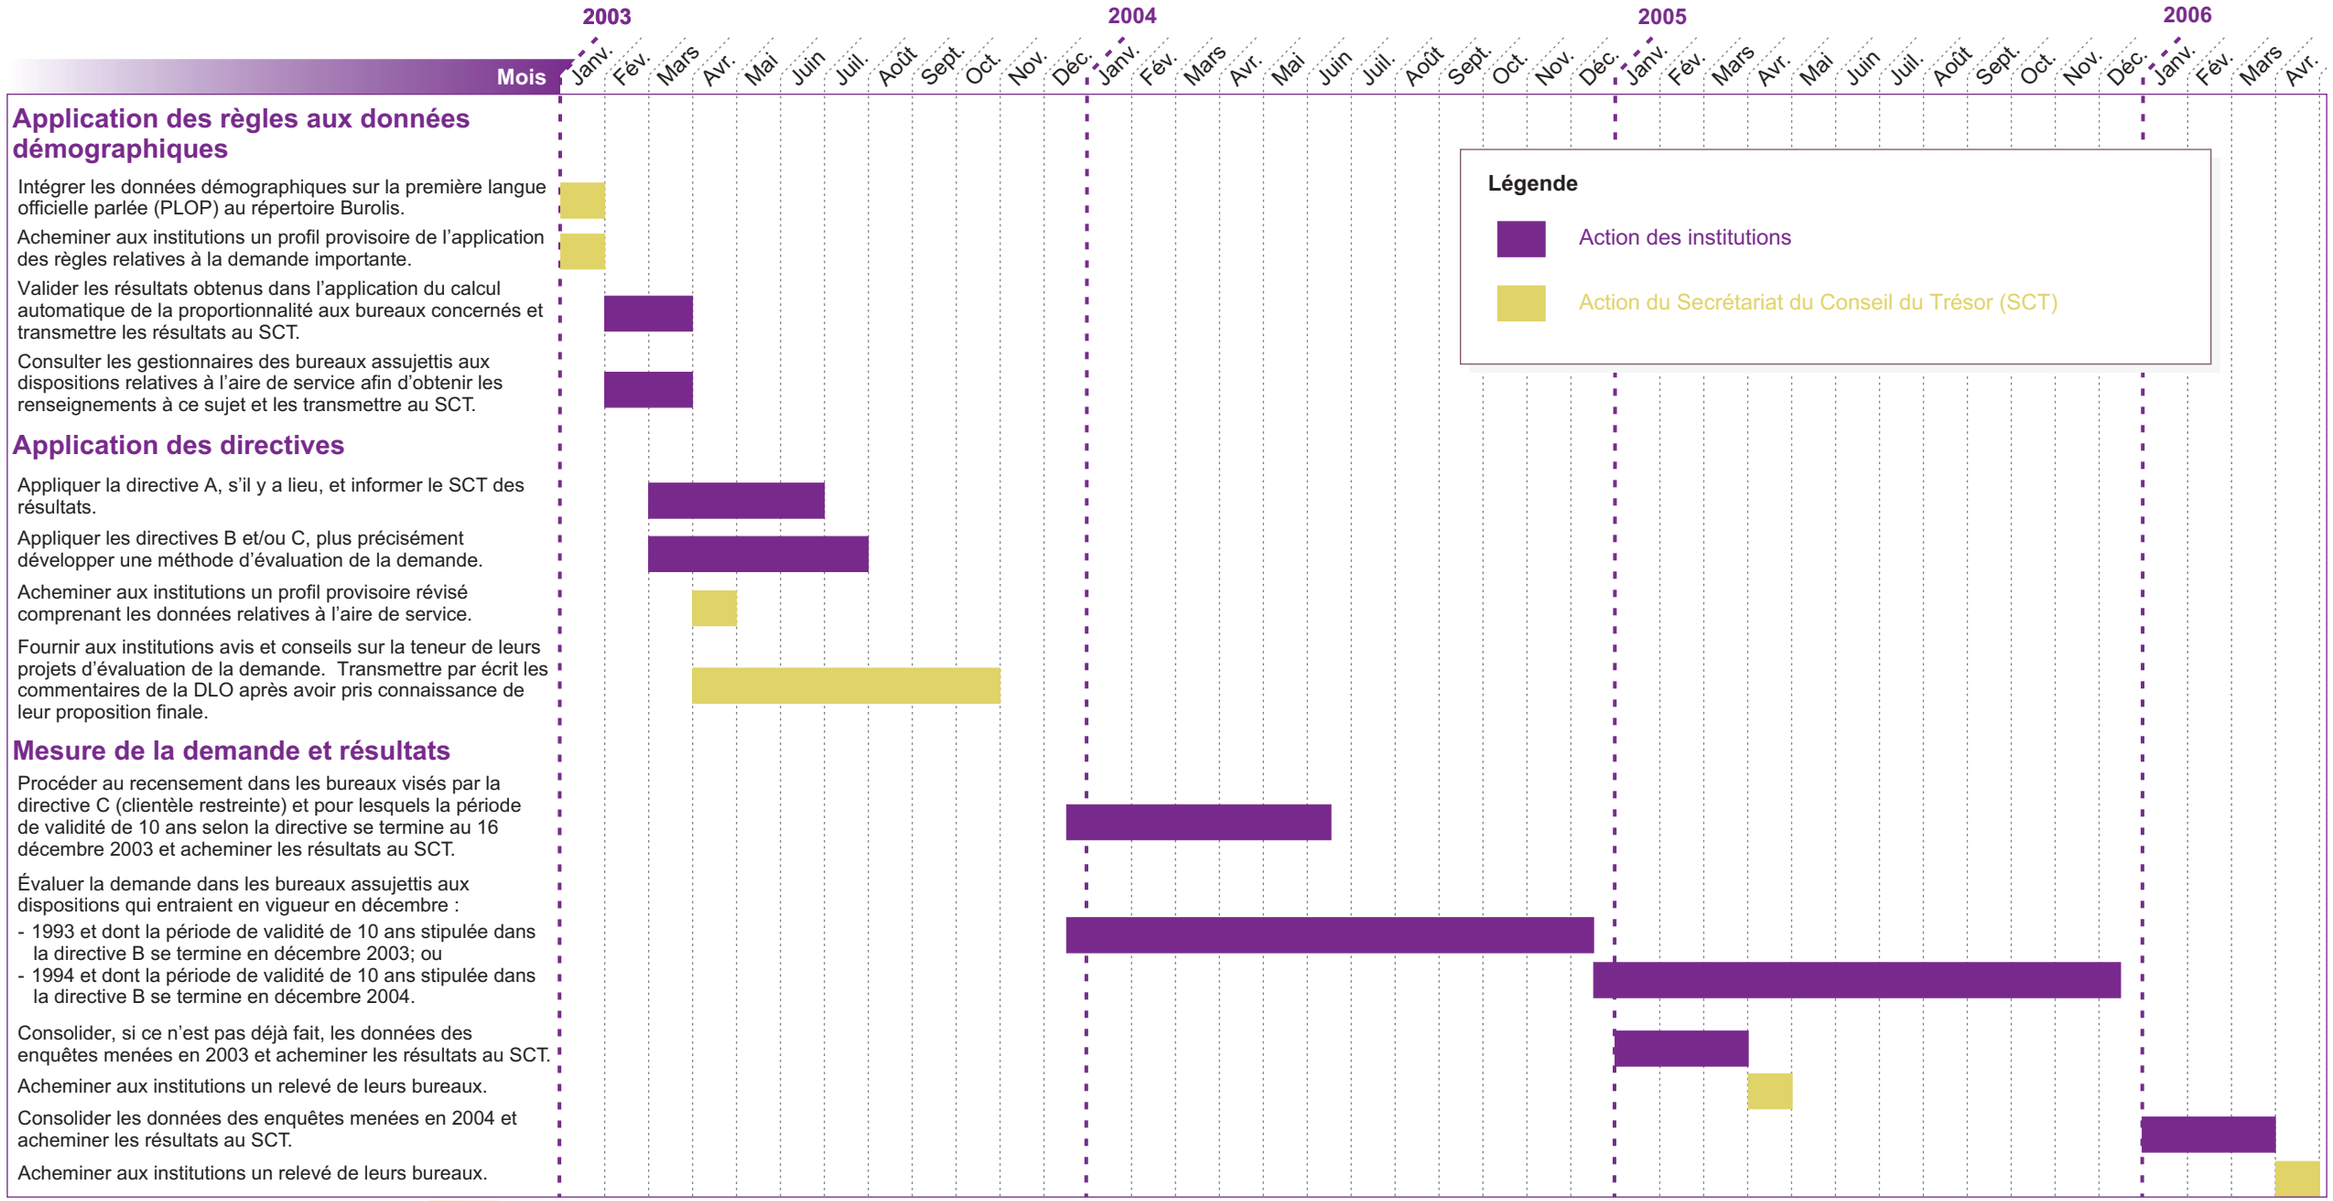
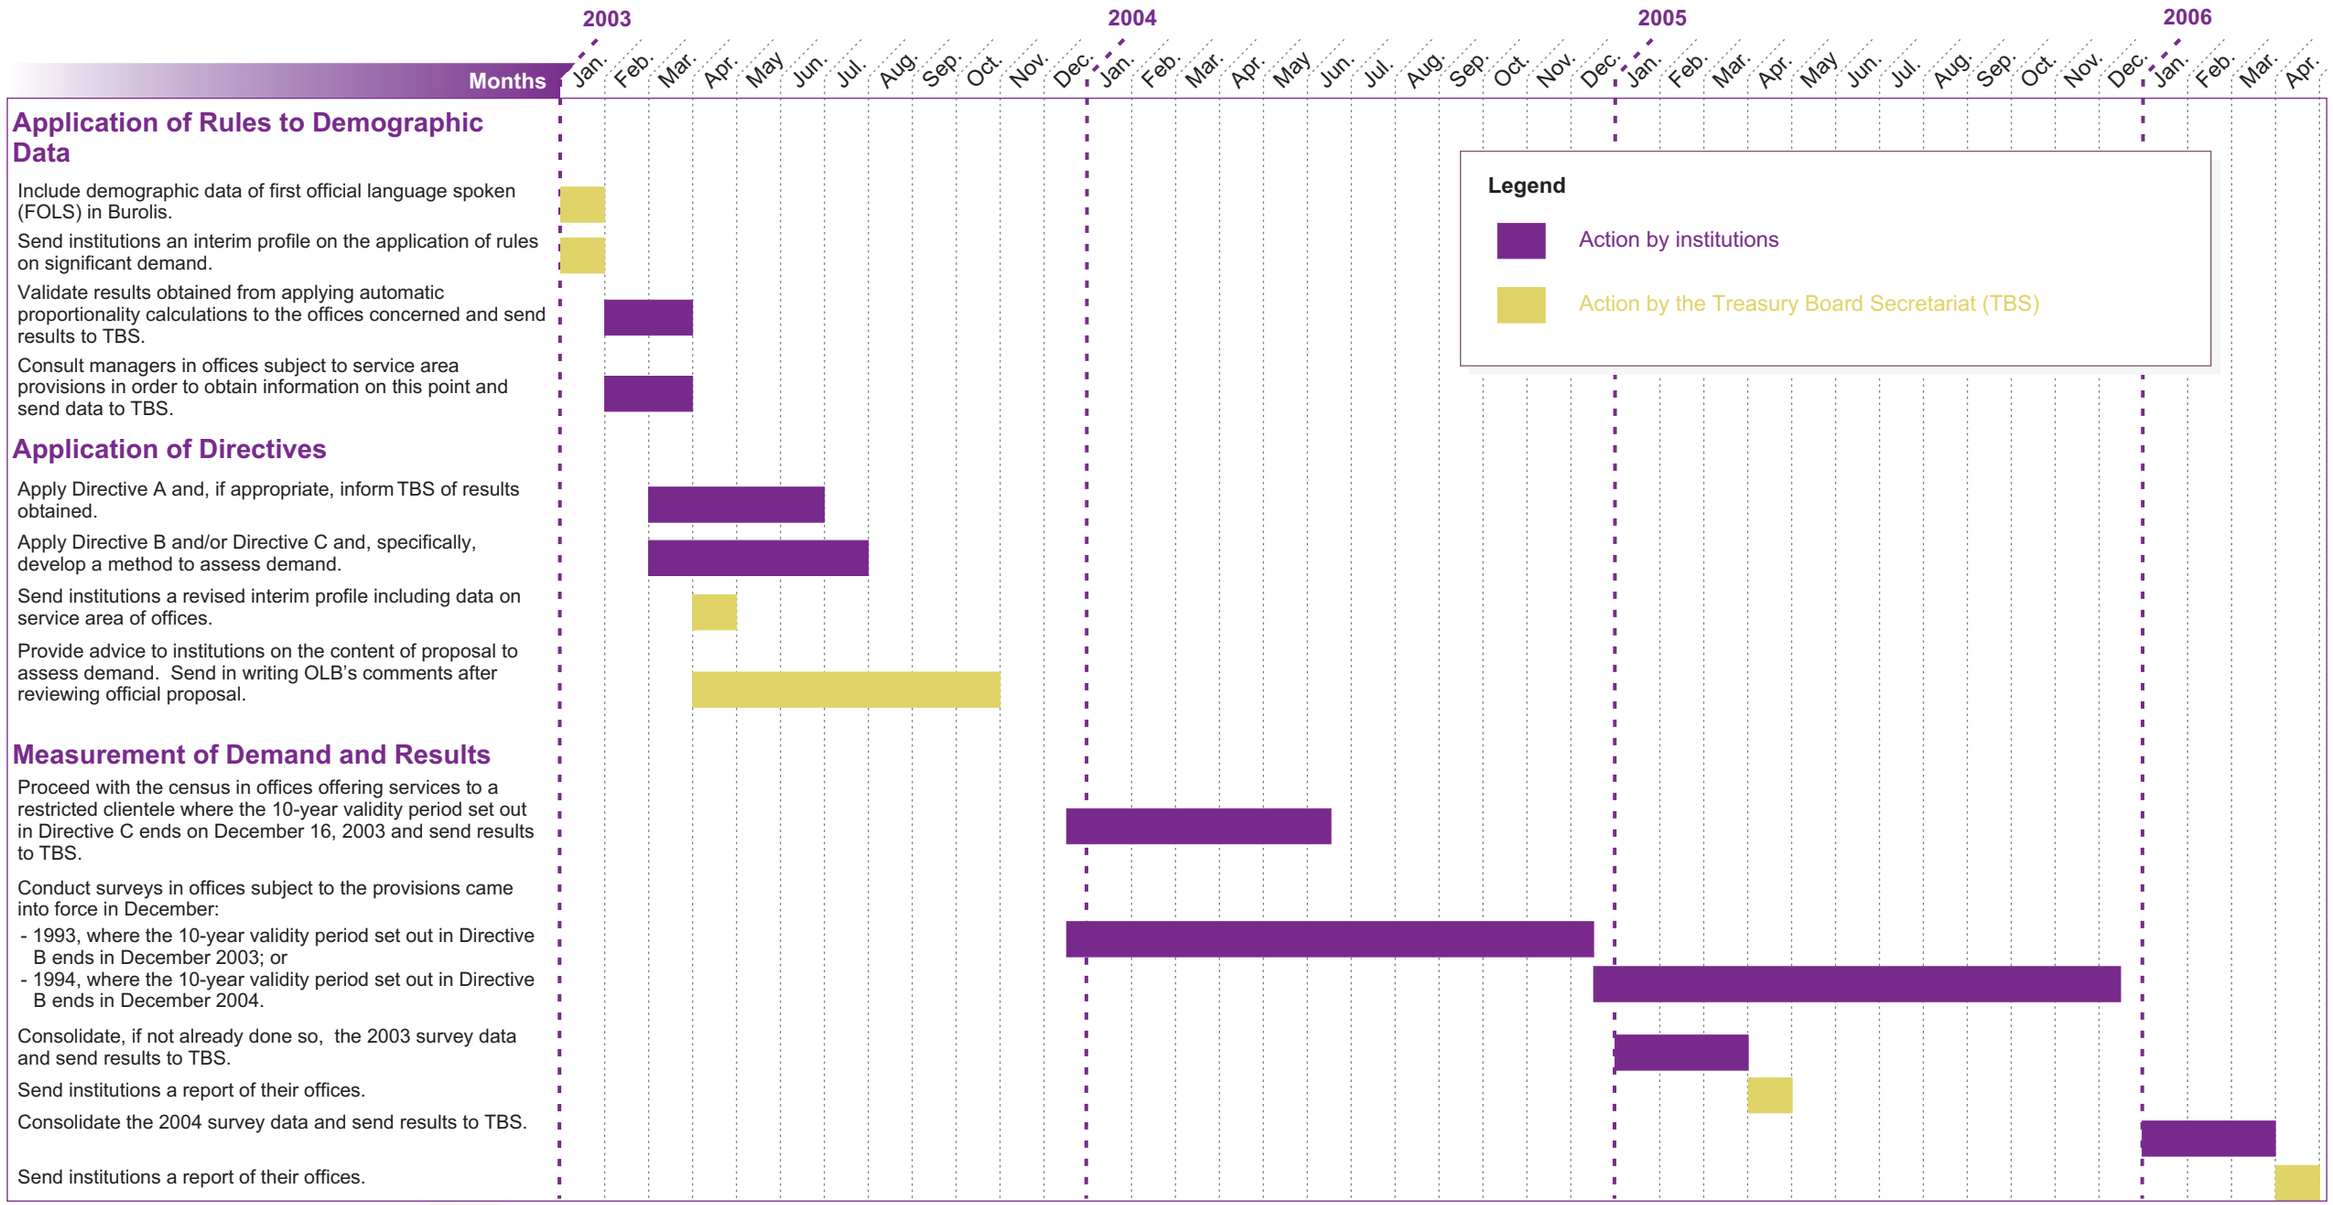
Calendrier du déroulement de l'exercice de révision de l'application du Règlement sur les langues officielles



Canada

Treasury Board of Canada Secretariat | Secrétariat du Conseil du Trésor du Canada

Schedule for the Compliance Review of the Official Languages Regulations



Application of Rules to Demographic Data

- Include demographic data of first official language spoken (FOLS) in Burolis.
- Send institutions an interim profile on the application of rules on significant demand.
- Validate results obtained from applying automatic proportionality calculations to the offices concerned and send results to TBS.
- Consult managers in offices subject to service area provisions in order to obtain information on this point and send data to TBS.

Application of Directives

- Apply Directive A and, if appropriate, inform TBS of results obtained.
- Apply Directive B and/or Directive C and, specifically, develop a method to assess demand.
- Send institutions a revised interim profile including data on service area of offices.
- Provide advice to institutions on the content of proposal to assess demand. Send in writing OLB's comments after reviewing official proposal.

Measurement of Demand and Results

- Proceed with the census in offices offering services to a restricted clientele where the 10-year validity period set out in Directive C ends on December 16, 2003 and send results to TBS.
- Conduct surveys in offices subject to the provisions came into force in December:
  - 1993, where the 10-year validity period set out in Directive B ends in December 2003; or
  - 1994, where the 10-year validity period set out in Directive B ends in December 2004.
- Consolidate, if not already done so, the 2003 survey data and send results to TBS.
- Send institutions a report of their offices.
- Consolidate the 2004 survey data and send results to TBS.
- Send institutions a report of their offices.
