Re: Drama Incentive Report 2004-05

Dear Ms. Rhéaume:

Please find attached CanWest's first Drama Incentive Report for the broadcast year 2004-05.

Further to article 20 (a) of the CRTC Rules of Procedure, we respectfully request confidentiality on the production budget and licence fee information for individual projects for competitive reasons.

We believe that the Commission's drama incentive program is a useful tool in allowing broadcasters to recover a portion of the costs related to the high cost of drama production. We look forward to taking advantage of this program again in the current broadcast year.

Should the Commission require additional information, please do not hesitate to contact me at (416) 386-2875.

Sincerely,

Tina-Marie Tatto
Manager, Regulatory Affairs
