**Re: File #8665-C12-2005 13483 Consumer Privacy**

1. As requested in your letter, dated September 19, 2006, please find attached an abridged version of the report Rogers Communications Inc. (RCI) filed in confidence with the Canadian Radio-television and Telecommunications Commission (CRTC) on June 12, 2006.

2. Please be advised that this response is on behalf of both Rogers Wireless Partnership and Fido Inc.

3. The Schedules referred to in the attached abridged version have not been included as an abridged version of these Schedules would not provide any meaningful information.

4. RCI requests that the CRTC treat the information that has been removed from the abridged version as confidential, pursuant to section 20(1)(b) of the *Access to Information Act*, and sections 38 and 39 of the *Telecommunications Act*. This information refers to the methods and procedures used by Rogers to preserve and protect its customers' personal information. For both competitive and security reasons, Rogers would never publicly disclose this information. Release of these details could enable parties engaged in fraudulent activities to amend their own tactics to attempt to gain access to information. Rogers submits that any possible public interest in disclosure of the confidential information is greatly outweighed by the specific direct harm that would flow to Rogers and its customers.

Dawn Hunt
