Other Industries		Fuel used in other industries does not qualify for a fuel tax rebate using the simplified method. You may continue to use the detailed fuel tax rebate methodology and the Fuel Tax Rebate Application Form (AT342) for that purpose.		%
TOTAL should equal 100% of clear fuel used:				100%

* Unlicensed equipment should use marked (tax exempt) fuel. Clear fuel should be used only when marked fuel is not reasonably available.

**This refers to fuel used in vehicles which operate both on and off road. Fuel consumed in vehicles used solely on road should not be included.
