SPECIAL IMPORT MEASURES ACT

Xanthates — Decision

On June 21, 2002, the Commissioner of Customs and Revenue initiated an investigation pursuant to subsection 31(1) of the *Special Import Measures Act* into the alleged injurious dumping into Canada of xanthates of all grades in dry or liquid forms, excluding cellulose xanthates, originating in or exported from the People's Republic of China.

The subject goods include all grades of sodium or potassium salts of ethyl, butyl (isobutyl, normal butyl, secondary butyl), propyl (isopropyl, normal propyl) and amyl (isoamyl, normal amyl, secondary amyl) xanthates, in dry forms, such as powder, granules, pellets, tablets or flakes, or liquid forms, such as solution or slurry. The subject goods do not include cellulose xanthates, which are produced as an intermediate in the production of viscose (rayon) and cellophane.

The goods in question are usually classified under the following Harmonized System classification numbers: 2930.10.10.10, 2930.10.10.20, 2930.10.10.90, 2930.10.90.00.

The Canada Customs and Revenue Agency will conduct an investigation into the alleged dumping. In addition, the Canadian International Trade Tribunal (Tribunal) will now conduct a preliminary inquiry into the question of injury to the Canadian industry. The Tribunal will make a decision within 60 days of the date of initiation. If the Tribunal concludes that the evidence does not disclose a reasonable indication of injury, the investigation will be terminated.

LOI SUR LES MESURES SPÉCIALES D'IMPORTATION

Xanthates — Décision

Le 21 juin 2002, le commissaire des douanes et du revenu ouvrait une enquête en vertu du paragraphe 31(1) de la *Loi sur les mesures spéciales d'importation* concernant le présumé dumping dommageable au Canada de xanthates de toutes qualités, sous forme sèche ou liquide, à l'exclusion des xanthates de cellulose, originaires ou exportés de la République populaire de Chine.

La définition des marchandises en cause inclut toutes les qualités de sels sodiques ou potassiques des xanthates d'éthyle, de butyle (isobutyle, n-butyle, sec-butyle), de propyle (isopropyle, n-propyle) et d'amyle (isoamyle, n-amyle, sec-amyle), sous forme sèche, telle que poudre, granules, pastilles, comprimés ou paillettes, ou sous forme liquide, telle que solution ou suspension. Les marchandises en cause n'incluent pas les xanthates de cellulose, qui sont obtenus comme intermédiaires dans la production de la viscose (rayonne) et de la cellophane.

Les marchandises en cause sont habituellement classées sous le numéro tarifaire du Système harmonisé suivant : 2930.10.10.10, 2930.10.10.20, 2930.10.10.90, 2930.10.90.00.

L'Agence des douanes et du revenu du Canada mènera une enquête concernant le présumé dumping. En outre, le Tribunal canadien du commerce extérieur (Tribunal) dirigera maintenant une enquête préliminaire sur la question du dommage causé à l'industrie canadienne. Il rendra une décision à cet égard dans les 60 jours suivant l'ouverture de l'enquête. Si le Tribunal conclut que les éléments de preuve n'indiquent pas, de façon raisonnable, qu'un dommage a été causé, l'enquête prendra fin.

CANADIAN INTERNATIONAL TRADE TRIBUNAL

COMMENCEMENT OF PRELIMINARY INJURY INQUIRY

Xanthates

Notice was received by the Secretary of the Canadian International Trade Tribunal (the Tribunal) on June 21, 2002, from the Director General of the Anti-dumping and Countervailing Directorate at the Canada Customs and Revenue Agency (CCRA) stating that the Commissioner of the CCRA had initiated an investigation into a complaint respecting the alleged injurious dumping of xanthates of all grades in dry or liquid forms, excluding cellulose xanthates, originating in or exported from the People's Republic of China.

Pursuant to subsection 34(2) of the *Special Import Measures Act* (SIMA), the Tribunal has initiated a preliminary injury inquiry (Inquiry No. PI-2002-002) to determine whether the evidence discloses a reasonable indication that the dumping of the subject goods has caused material injury or retardation or is threatening to cause material injury, as these words are defined in SIMA.

The Tribunal's inquiry will be conducted by way of written submissions. Each person or government wishing to participate in the inquiry must file a notice of participation with the Secretary on or before July 5, 2002. Each counsel who intends to represent a party in the inquiry must file a notice of representation, as well as a declaration and undertaking, with the Secretary on or before July 5, 2002.

On July 15, 2002, the Tribunal will distribute the public information received from the Commissioner to all parties that have filed notices of participation, and the confidential information to counsel who have filed a declaration and undertaking with the Tribunal.

Submissions by parties opposed to the complaint must be filed on or before July 25, 2002. These submissions should include evidence, e.g. documents and sources that support the factual statements in the submissions, and argument concerning the questions of:

- whether there are goods produced in Canada, other than those identified in the Commissioner's statement of reasons for initiating the investigation, that are like goods to the allegedly dumped goods;
- whether there is more than one class of allegedly dumped goods;
- which domestic producers of like goods comprise the domestic industry; and

TRIBUNAL CANADIEN DU COMMERCE EXTÉRIEUR

OUVERTURE D'ENQUÊTE PRÉLIMINAIRE DE DOMMAGE

Xanthates

Le secrétaire du Tribunal canadien du commerce extérieur (le Tribunal) a été avisé le 21 juin 2002, par la directrice générale de la Direction des droits antidumping et compensateurs de l'Agence des douanes et du revenu du Canada (ADRC), que le commissaire de l'ADRC avait ouvert une enquête sur une plainte concernant le présumé dumping dommageable des xanthates de toutes qualités, sous forme sèche ou liquide, à l'exclusion des xanthates de cellulose, originaires ou exportés de la République populaire de Chine.

Aux termes du paragraphe 34(2) de la *Loi sur les mesures spéciales d'importation* (LMSI), le Tribunal a ouvert une enquête préliminaire de dommage (enquête n° PI-2002-002) en vue de déterminer si les éléments de preuve indiquent, de façon raisonnable, que le dumping des marchandises en question a causé un dommage sensible ou un retard, ou menace de causer un dommage sensible, les définitions de ces termes dans la LMSI s'appliquant.

L'enquête du Tribunal procédera sous forme d'exposés écrits. Chaque personne ou chaque gouvernement qui souhaite participer à l'enquête doit déposer auprès du secrétaire un avis de participation au plus tard le 5 juillet 2002. Chaque conseiller qui désire représenter une partie à l'enquête doit déposer auprès du secrétaire un avis de représentation ainsi qu'un acte de déclaration et d'engagement au plus tard le 5 juillet 2002.

Le 15 juillet 2002, le Tribunal transmettra les renseignements publics reçus du commissaire à toutes les parties qui ont déposé des avis de participation, et transmettra les renseignements confidentiels aux conseillers qui ont déposé auprès du Tribunal un acte de déclaration et d'engagement.

Les exposés des parties qui s'opposent à la plainte doivent être déposés au plus tard le 25 juillet 2002. Ces exposés doivent comprendre des éléments de preuve, par exemple des documents et des sources à l'appui des énoncés des faits dans les observations, et des arguments concernant les questions suivantes :

- s'il se produit au Canada des marchandises, autres que les marchandises dénommées dans l'énoncé des motifs d'ouverture d'enquête du commissaire, similaires aux marchandises présumées sous-évaluées;
- s'il existe plus d'une classe de marchandises présumées sous-évaluées;
- quels producteurs nationaux de marchandises similaires sont compris dans la branche de production nationale;

— whether the information before the Tribunal discloses a reasonable indication that the alleged dumping of the goods has caused material injury or retardation, or threatens to cause material injury.

The complainant may make submissions in response to the submissions of parties opposed to the complaint by August 1, 2002. At that time, other parties supporting the complaint may also make submissions to the Tribunal.

Under section 46 of the *Canadian International Trade Tribunal Act*, a person who provides information to the Tribunal and who wishes some or all of the information to be kept confidential must submit to the Tribunal, at the time the information is provided, a statement designating the information as confidential, together with an explanation as to why that information is designated as confidential. Furthermore, the person must submit a non-confidential summary of the information designated as confidential or a statement indicating why such a summary cannot be made. (See *Procedural Guidelines for Designation and Use of Confidential Information in Canadian International Trade Tribunal Proceedings* available on the Tribunal's Web site at www.citt-tcce.gc.ca.)

The *Canadian International Trade Tribunal Rules* govern these proceedings.

All submissions must be filed with the Tribunal in 25 copies. The Tribunal will distribute the public submissions to all parties that have filed notices of participation and any confidential submissions to counsel who have filed a declaration and undertaking.

Along with the notice of commencement of preliminary injury inquiry, the Secretary has sent a letter to the domestic producers, to importers and to exporters with a known interest in the inquiry that provides details on the procedures and the schedule for the inquiry. The notice and the schedule of events consisting of key dates are available from the Tribunal's Web site at www.citt-tcce.gc.ca.

Written submissions, correspondence or requests for information regarding this inquiry should be addressed to: The Secretary, Canadian International Trade Tribunal, Standard Life Centre, 15th Floor, 333 Laurier Avenue W, Ottawa, Ontario K1A 0G7, (613) 993-3595 (Telephone), (613) 990-2439 (Facsimile).

Written and oral presentations to the Tribunal may be made in English or in French.

TRIBUNAL CANADIEN DU COMMERCE EXTÉRIEUR

EXPIRATION DES CONCLUSIONS

Préparations alimentaires pour bébés

Le Tribunal canadien du commerce extérieur (le Tribunal) donne avis par la présente, aux termes du paragraphe 76.03(2) de la *Loi sur les mesures spéciales d'importation* (LMSI), que les conclusions qu'il a rendues le 29 avril 1998, dans le cadre de l'enquête n° NQ-97-002, concernant les préparations alimentaires pour bébés, contenant des légumes, des fruits et/ou de la viande hautement homogénéisés et pouvant comporter des morceaux

food and beverages for infants of ages 4 to 18 months, in containers of a net volume not exceeding 250 ml, excluding organic baby food and frozen baby food preparations, originating in or exported from the United States of America, is scheduled to expire on April 28, 2003 (Expiry No. LE-2002-001). Under SIMA, findings of injury or threat of injury and the associated special protection in the form of anti-dumping or countervailing duties expire five years from the date of the last order or finding, unless an expiry review has been initiated before that date. An expiry review will not be initiated unless the Tribunal decides that there is sufficient information to indicate that it is warranted.

Persons or governments requesting or opposing the initiation of an expiry review of the said finding should file 20 copies of written public submissions containing relevant information, opinions and arguments, with the Secretary of the Tribunal not later than July 23, 2002. Persons or governments should endeavour to base their submissions exclusively on public information; however, confidential information relevant to the issues before the Tribunal may be filed, if necessary, along with a comprehensive public summary or edited version thereof.

Submissions should address all relevant factors relating to whether or not an expiry review should be initiated, including:

- the likelihood of continued or resumed dumping of the goods;
- the likely volume and price ranges of dumped imports if dumping were to continue or resume;
- the domestic industry's recent performance, including trends in production, sales, market share and profits;
- the likelihood of injury to the domestic industry if the finding were allowed to expire, having regard to the anticipated effects of a continuation or resumption of dumped imports on the industry's future performance;
- any other developments affecting, or likely to affect, the performance of the domestic industry;
- changes in circumstances, domestically or internationally, including changes in the supply of or demand for the goods, and changes in trends in, and sources of, imports into Canada; and
- any other matter that is relevant.

Although there is a public interest recommendation and a duty-reduction remission order in place for this product, the purpose of an expiry review is to determine whether a finding should be continued or allowed to expire. SIMA does not contemplate that matters of public interest regarding the application of dumping duties be considered by the Tribunal when deciding whether or not to initiate the expiry review. Consequently, the Tribunal will not entertain submissions on matters of public interest in these proceedings.

Where there are opposing views, each person or government that filed a submission in response to the notice of expiry will be given an opportunity to respond in writing to the representations of other persons or governments. In these circumstances, the Tribunal will distribute copies of the public submissions to each

visibles d'au plus 6,5 mm, et du jus tamisé, pour la vente au détail comme aliments et boissons destinés aux bébés de 4 à 18 mois, dans des contenants d'un volume net ne dépassant pas 250 ml, à l'exclusion des aliments biologiques et des préparations surgelées pour bébés, qui proviennent des États-Unis d'Amérique ou qui sont exportés par ce pays, expireront le 28 avril 2003 (expiration n° LE-2002-001). Aux termes de la LMSI, les conclusions de dommage ou de menace de dommage et la protection spéciale qui y est associée, soit par des droits antidumping ou des droits compensateurs, expirent cinq ans suivant la date de la dernière ordonnance ou des dernières conclusions, à moins qu'un réexamen relatif à l'expiration n'ait été entrepris avant cette date. Un réexamen relatif à l'expiration ne sera entrepris que si le Tribunal décide qu'il y a suffisamment de renseignements pour le convaincre du bien-fondé d'un réexamen.

Les personnes ou les gouvernements qui désirent un réexamen relatif à l'expiration de ces conclusions, ou qui s'y opposent, doivent déposer auprès du secrétaire du Tribunal, au plus tard le 23 juillet 2002, 20 copies de leurs exposés écrits publics faisant état des renseignements, avis et arguments pertinents. Les personnes ou les gouvernements doivent tenter de ne fonder leurs exposés que sur des renseignements publics; cependant, des renseignements confidentiels portant sur les questions dont est saisi le Tribunal peuvent être déposés, le cas échéant, accompagnés d'un résumé public détaillé ou d'une version révisée de ces exposés.

Les exposés doivent traiter de tous les facteurs pertinents liés à la question de l'ouverture d'un réexamen relatif à l'expiration, entre autres :

- le fait qu'il y ait vraisemblablement poursuite ou reprise du dumping des marchandises;
- le volume et les fourchettes de prix éventuels des marchandises sous-évaluées s'il y a poursuite ou reprise du dumping;
- les plus récentes données concernant le rendement de la branche de production nationale, notamment les tendances en matière de production, les ventes, les parts de marché et les profits;
- le fait que la poursuite ou la reprise du dumping des marchandises causera vraisemblablement un dommage à la branche de production nationale en cas d'expiration des conclusions, eu égard aux effets que la poursuite ou la reprise aurait sur le rendement de celle-ci;
- les faits ayant ou pouvant avoir une incidence sur le rendement de la branche de production nationale;
- tout changement au niveau national ou international touchant notamment l'offre ou la demande des marchandises et tout changement concernant les tendances en matière d'importation au Canada et concernant la source des importations;
- tout autre point pertinent.

Bien qu'il existe actuellement une recommandation en matière d'intérêt public et un décret de remise en ce qui concerne la réduction des droits de douane liés à ce produit, le but d'un réexamen relatif à l'expiration est de déterminer si des conclusions seront prorogées ou si elles expireront. La LMSI ne prévoit pas que les questions liées à l'intérêt public se rapportant aux droits de dumping ne soient un facteur déterminant pour le Tribunal dans sa décision de procéder à un réexamen relatif à l'expiration. Par conséquent, le Tribunal n'acceptera pas le dépôt d'exposés en matière d'intérêt public dans le cadre de la présente procédure.

Lorsque des points de vue différents sont exprimés, chaque personne ou gouvernement qui a déposé un exposé en réponse à l'avis d'expiration aura l'occasion de répondre, par écrit, aux observations des autres personnes ou gouvernements. Dans ces circonstances, le Tribunal fera parvenir des copies des exposés

person or government that filed a submission with the Tribunal. Persons or governments wishing to respond to the submissions must do so not later than August 1, 2002. If confidential submissions have been filed, the Secretary will notify persons or governments and instruct them on how they may access these submissions through qualified counsel.

The Tribunal will issue a decision on August 19, 2002, on whether an expiry review is warranted based on the submissions and representations received and the responses to them.

- If there is no request for a review, the Tribunal will not initiate a review and the finding will expire on its expiry date.
- If the Tribunal decides that a review is not warranted, the finding will expire on its expiry date. The Tribunal will issue its reasons not later than 15 days after its decision.
- If the Tribunal decides to initiate a review, it will issue a notice of expiry review.

The Tribunal's *Draft Guideline on Expiry Reviews* can be found on its Web site at www.citt-tcce.gc.ca. In addition to providing more detailed information on the proceeding whereby the Tribunal determines if an expiry review is warranted, the draft guideline explains how an expiry review is conducted if the Tribunal determines that one is warranted. In an expiry review, the Commissioner of the Canada Customs and Revenue Agency (the Commissioner) first determines whether the expiry of the order or finding is likely to result in the continuation or resumption of dumping or subsidizing of the goods. If the Commissioner determines that the expiry of the order or finding in respect of any goods is likely to result in the continuation or resumption of dumping or subsidizing, the Tribunal will then conduct an inquiry to determine if the continued or resumed dumping or subsidizing is likely to result in injury or retardation. The Tribunal's notice of expiry review will provide more information on the expiry review process.

Written submissions, correspondence or requests for information regarding this notice should be addressed to: The Secretary, Canadian International Trade Tribunal, Standard Life Centre, 15th Floor, 333 Laurier Avenue W, Ottawa, Ontario K1A 0G7, (613) 993-3595 (Telephone), (613) 990-2439 (Facsimile).

FINDING

Fresh Tomatoes

The Canadian International Trade Tribunal, under the provisions of section 42 of the *Special Import Measures Act*, has conducted an inquiry (Inquiry No. NQ-2001-004) to determine whether the dumping in Canada of fresh tomatoes, originating in or exported from the United States of America, excluding

publics à chaque personne ou gouvernement qui a déposé un exposé auprès du Tribunal. Les personnes ou gouvernements qui désirent répondre aux exposés doivent le faire au plus tard le 1^{er} août 2002. Si des exposés confidentiels sont déposés, le secrétaire en avisera les personnes ou les gouvernements expliquant la façon de procéder pour avoir accès à ces exposés par l'entremise de conseillers autorisés.

Le Tribunal rendra une décision le 19 août 2002 sur le bien-fondé d'un réexamen relatif à l'expiration en se basant sur les exposés et les représentations reçus et les réponses à ceux-ci.

- Si le Tribunal ne reçoit pas de demande de réexamen, le Tribunal n'entreprendra pas de réexamen et les conclusions expireront à la date d'expiration.
- Si le Tribunal n'est pas convaincu du bien-fondé d'un réexamen, les conclusions expireront à la date d'expiration. Le Tribunal publiera ses motifs au plus tard 15 jours après sa décision.
- Si le Tribunal décide d'entreprendre un réexamen, il fera publier un avis de réexamen relatif à l'expiration.

L'*Ébauche de ligne directrice sur les réexamens relatifs à l'expiration* du Tribunal est disponible sur son site Web, à l'adresse www.tcce-citt.gc.ca. En plus de fournir des renseignements plus détaillés sur la procédure qu'emploie le Tribunal pour décider du bien-fondé d'un réexamen relatif à l'expiration, ce document explique la façon dont procède le Tribunal lorsqu'il décide qu'un réexamen est justifié. Dans le cadre d'un réexamen relatif à l'expiration, le commissaire de l'Agence des douanes et du revenu du Canada (le commissaire) détermine, en premier lieu, si l'expiration de l'ordonnance ou des conclusions causera vraisemblablement la poursuite ou la reprise du dumping ou du subventionnement des marchandises. Si le commissaire juge que l'expiration de l'ordonnance ou des conclusions à l'égard de toute marchandise causera vraisemblablement la poursuite ou la reprise du dumping ou du subventionnement, le Tribunal procédera alors à une enquête pour déterminer si la poursuite ou la reprise du dumping ou du subventionnement causera vraisemblablement un dommage ou un retard. L'avis de réexamen relatif à l'expiration du Tribunal fournira plus de renseignements sur la procédure d'un réexamen relatif à l'expiration.

Les exposés écrits, la correspondance et les demandes de renseignements au sujet du présent avis doivent être envoyés à l'adresse suivante : Le Secrétaire, Tribunal canadien du commerce extérieur, Standard Life Centre, 15^e étage, 333, avenue Laurier Ouest, Ottawa (Ontario) K1A 0G7, (613) 993-3595 (téléphone), (613) 990-2439 (télécopieur).

CONCLUSIONS

Tomates fraîches

Le Tribunal canadien du commerce extérieur a procédé à une enquête (enquête n^o NQ-2001-004), aux termes des dispositions de l'article 42 de la *Loi sur les mesures spéciales d'importation*, en vue de déterminer si le dumping au Canada des tomates fraîches originaires ou exportées des États-Unis d'Amérique, à

tomatoes for processing, has caused injury or retardation or is threatening to cause injury to the domestic industry.

This inquiry is further to the issuance by the Commissioner of the Canada Customs and Revenue Agency of a preliminary determination dated March 25, 2002, and of a final determination dated June 24, 2002, that the aforementioned goods had been dumped.

Pursuant to subsection 43(1) of the *Special Import Measures Act*, the Canadian International Trade Tribunal hereby finds that the dumping of the aforementioned goods has not caused material injury or retardation and is not threatening to cause material injury to the domestic industry.

The statement of reasons will be issued within 15 days.

ORDER

Concrete Panels, Reinforced with Fiberglass Mesh

In the matter of an expiry review (Expiry Review No. RR-2001-004), under subsection 76.03(3) of the *Special Import Measures Act*, of the finding made by the Canadian International Trade Tribunal on June 27, 1997, in Inquiry No. NQ-96-004, concerning concrete panels, reinforced with fiberglass mesh originating in or exported from the United States of America and produced by or on behalf of Custom Building Products, its successors and assigns, for use or consumption in the province of British Columbia or Alberta

On October 15, 2001, the Canadian International Trade Tribunal gave notice that, pursuant to subsection 76.03(3) of the *Special Import Measures Act*, it would initiate an expiry review of its finding made on June 27, 1997, in Inquiry No. NQ-96-004, concerning concrete panels, reinforced with fiberglass mesh, originating in or exported from the United States of America and produced by or on behalf of Custom Building Products, its successors and assigns, for use or consumption in the province of British Columbia or Alberta.

In the course of its review, the Canadian International Trade Tribunal concluded that the demand in Alberta and British Columbia is now, to a substantial degree, supplied by producers of like goods located elsewhere in Canada. Consequently, the Canadian International Trade Tribunal finds that British Columbia and Alberta no longer constitute a regional market and that the necessary precondition for a determination under subsection 76.03(10) of the *Special Import Measures Act*, i.e. that the expiry of the finding in Inquiry No. NQ-96-004 is likely to result in injury to the domestic industry, is no longer met.

Pursuant to subparagraph 76.03(12)(a)(ii) of the *Special Import Measures Act*, the Canadian International Trade Tribunal hereby

l'exclusion des tomates pour la transformation, a causé un dommage ou un retard ou menace de causer un dommage à la branche de production nationale.

La présente enquête est à la suite de la publication d'une décision provisoire datée du 25 mars 2002 et d'une décision définitive datée du 24 juin 2002, rendues par le commissaire de l'Agence des douanes et du revenu du Canada, selon lesquelles les marchandises susmentionnées ont fait l'objet de dumping.

Conformément au paragraphe 43(1) de la *Loi sur les mesures spéciales d'importation*, le Tribunal canadien du commerce extérieur conclut, par les présentes, que le dumping des marchandises susmentionnées n'a pas causé un dommage ou un retard et ne menace pas de causer un dommage à la branche de production nationale.

L'exposé des motifs sera publié d'ici 15 jours.

ORDONNANCE

Panneaux de béton, renforcés d'un filet de fibre de verre

Eu égard à un réexamen relatif à l'expiration (réexamen relatif à l'expiration n° RR-2001-004), aux termes du paragraphe 76.03(3) de la *Loi sur les mesures spéciales d'importation*, des conclusions rendues par le Tribunal canadien du commerce extérieur le 27 juin 1997, dans le cadre de l'enquête n° NQ-96-004, concernant les panneaux de béton, renforcés d'un filet de fibre de verre, originaires ou exportés des États-Unis d'Amérique et produits par ou pour le compte de Custom Building Products, ses successeurs et ayants droit, qui sont utilisés ou consommés dans la province de la Colombie-Britannique ou dans la province de l'Alberta

Le 15 octobre 2001, le Tribunal canadien du commerce extérieur a donné avis qu'il procéderait, aux termes du paragraphe 76.03(3) de la *Loi sur les mesures spéciales d'importation*, au réexamen relatif à l'expiration des conclusions qu'il a rendues le 27 juin 1997, dans le cadre de l'enquête n° NQ-96-004, concernant les panneaux de béton, renforcés d'un filet de fibre de verre, originaires ou exportés des États-Unis d'Amérique et produits par ou pour le compte de Custom Building Products, ses successeurs et ayants droit, qui sont utilisés ou consommés dans la province de la Colombie-Britannique ou dans la province de l'Alberta.

Dans le cadre de son réexamen, le Tribunal canadien du commerce extérieur a conclu que la demande en Alberta et en Colombie-Britannique est maintenant satisfaite, dans une mesure substantielle, par des producteurs de marchandises similaires situés ailleurs au Canada. Le Tribunal canadien du commerce extérieur conclut donc que la Colombie-Britannique et l'Alberta ne constituent plus un marché régional et que la condition préalable nécessaire pour rendre une décision aux termes du paragraphe 76.03(10) de la *Loi sur les mesures spéciales d'importation*, c'est-à-dire que l'expiration des conclusions rendues dans le cadre de l'enquête n° NQ-96-004 causera vraisemblablement un dommage à la branche de production nationale, n'est plus satisfaite.

Aux termes du sous-alinéa 76.03(12)(a)(ii) de la *Loi sur les mesures spéciales d'importation*, le Tribunal canadien du commerce

rescinds the finding made in Inquiry No. NQ-96-004 concerning the above-mentioned goods.

CANADIAN INTERNATIONAL TRADE TRIBUNAL
PRELIMINARY DETERMINATION OF INJURY

Waterproof Footwear and Waterproof Footwear Bottoms

In the matter of a preliminary injury inquiry, under subsection 34(2) of the *Special Import Measures Act*, respecting the dumping of certain waterproof footwear and waterproof footwear bottoms originating in or exported from Hong Kong, China; Macao, China; and Vietnam

The Canadian International Trade Tribunal, under the provisions of subsection 34(2) of the *Special Import Measures Act*, has conducted a preliminary injury inquiry (Inquiry No. PI-2002-001) into whether there is evidence that discloses a reasonable indication that the dumping of waterproof footwear and waterproof footwear bottoms, constructed wholly or in part of rubber or plastic, worn over the foot or shoe, originating in or exported from Hong Kong, China; Macao, China; and Vietnam has caused injury or retardation or is threatening to cause injury. The distinctive feature of waterproof footwear is that both the sole portion and a portion of the upper, sufficient to give waterproof protection to the foot, are incorporated in a waterproof component which may be made of rubber or plastic. The goods subject to this inquiry include moulded clogs, waterproof safety footwear and waterproof footwear made of waterproof footwear bottoms combined with tops made of leather, textiles or other materials. They may be constructed with or without liners, linings, fasteners or safety features. Excluded are equestrian riding boots, ski boots and skating boots.

This preliminary injury inquiry is pursuant to the notification, on April 26, 2002, by the Commissioner of the Canada Customs and Revenue Agency, that an investigation had been initiated into the alleged dumping of the above-mentioned goods.

Pursuant to subsection 37.1(1) of the *Special Import Measures Act*, the Canadian International Trade Tribunal hereby determines that there is evidence that discloses a reasonable indication that the dumping of the above-mentioned goods has caused injury.

The statement of reasons will be issued within 15 days.

DÉCISION PROVISOIRE DE DOMMAGE

Chaussures étanches et semelles extérieures étanches

Eu égard à une enquête préliminaire de dommage, aux termes du paragraphe 34(2) de la *Loi sur les mesures spéciales d'importation*, concernant le dumping de certaines chaussures étanches et semelles extérieures étanches originaires ou exportées de Hong Kong, Chine; de Macao, Chine; du Vietnam

Le Tribunal canadien du commerce extérieur, aux termes du paragraphe 34(2) de la *Loi sur les mesures spéciales d'importation*, a procédé à une enquête préliminaire (enquête n° PI-2002-001) afin de déterminer si les éléments de preuve indiquent, de façon raisonnable, que le dumping de chaussures et semelles extérieures étanches, fabriquées entièrement ou partiellement en matière plastique ou en caoutchouc, portées à même le pied ou par-dessus la chaussure, originaires ou exportées de Hong Kong, Chine; de Macao, Chine; du Vietnam a causé un dommage ou un retard ou menace de causer un dommage. Le trait distinctif des chaussures étanches est que la semelle et une partie de la tige, suffisantes pour donner une protection étanche aux pieds, sont incorporées en un seul élément qui peut être fait de caoutchouc ou de plastique. La présente enquête vise les sabots obtenus par moulage, les chaussures de sécurité étanches et les chaussures étanches faites de semelles extérieures étanches combinées à des dessus en cuir, tissu ou en d'autres matières. Elles peuvent être faites avec ou sans doublure, revêtement, agrafes ou dispositifs de sécurité. Les bottes d'équitation et les chaussures de ski et de patinage sont exclues.

La présente enquête préliminaire fait suite à un avis reçu le 26 avril 2002, du commissaire de l'Agence des douanes et du revenu du Canada, informant le Tribunal canadien du commerce extérieur de l'ouverture d'une enquête concernant le présumé dumping des marchandises susmentionnées.

Aux termes du paragraphe 37.1(1) de la *Loi sur les mesures spéciales d'importation*, le Tribunal canadien du commerce extérieur détermine par la présente que les éléments de preuve indiquent, de façon raisonnable, que le dumping des marchandises susmentionnées a causé un dommage.

REGULATORY IMPACT ANALYSIS STATEMENT

Description

The Laurentian Pilotage Authority (the Authority) is responsible for administering, in the interests of safety, an efficient pilotage service within Canadian waters in and around the Province of Quebec, north of the northern entrance to St. Lambert Lock, except the waters of Chaleur Bay, south of Cap d'Espoir in latitude 48 degrees 25 minutes 08 seconds N, longitude 64 degrees 19 minutes 06 seconds W. The Authority also prescribes tariffs of pilotage charges that are fair and reasonable and consistent with providing revenues sufficient to permit the Authority to operate on a self-sustaining financial basis.

The increase is 3.95 percent, effective January 1, 2003, and takes into account loan repayments, the costs arising from pilotage contract negotiations and the projected rate of inflation. This tariff increase is consistent with the Authority's revised corporate plan objectives and will provide the Authority with the means to maintain financial self-sufficiency. This tariff increase for the year 2003 was communicated to the National Transportation Agency during hearings held January 10, 11 and 12, 2001, in Montréal.

Alternatives

Costs have been reduced where feasible and kept to the minimum, consistent with maintaining a safe and effective service.

Benefits and Costs

The tariff increase for the year 2003 will generate additional revenue estimated to be in the order of \$1,634,000. This represents an increase in the pilotage charges of approximately \$218 per trip for the year 2003 for a ship transiting the St. Lawrence River between the pilot boarding stations at Les Escoumins and Montréal, i.e. 262 nautical miles.

The tariff increase is necessary to meet anticipated costs for 2003. This initiative will ensure the continued efficiency of the pilotage service and the Authority's capability to operate on a self-sustaining financial basis that is both fair and reasonable.

Consultation

The Authority held meetings with the three main industry groups during May 2002 concerning the rate of increase for

RÉSUMÉ DE L'ÉTUDE D'IMPACT DE LA RÉGLEMENTATION

Description

L'Administration de pilotage des Laurentides (l'Administration) a le mandat d'administrer, aux fins de la sécurité de la navigation, un service de pilotage efficace dans les eaux canadiennes sises dans la province de Québec et les eaux limitrophes, au nord de l'entrée septentrionale de l'écluse de Saint-Lambert, à l'exception des eaux de la baie des Chaleurs au sud du Cap d'Espoir par 48 degrés 25 minutes 08 secondes de latitude nord et 64 degrés 19 minutes 06 secondes de longitude ouest. De plus, l'Administration fixe des tarifs de droits de pilotage équitables et raisonnables suffisants pour lui permettre le financement autonome de ses activités.

La modification au tarif propose une hausse générale des droits de pilotage de l'ordre de 3,95 p. 100, qui prendra effet le 1^{er} janvier 2003. Cette hausse tient compte du remboursement de prêts, des coûts résultant des négociations contractuelles avec les pilotes et du taux projeté d'inflation. Cette majoration tarifaire est compatible avec les objectifs du plan d'entreprise révisé de l'Administration et lui permettra de maintenir son autonomie financière. Cette augmentation des tarifs pour l'année 2003 a été communiquée à l'Office des transports du Canada lors des audiences tenues les 10, 11 et 12 janvier 2001 à Montréal.

Solutions envisagées

Les coûts ont été réduits là où il est possible de le faire et ils sont maintenus au seuil minimum permettant d'assurer la prestation d'un service sécuritaire et efficace.

Avantages et coûts

Les hausses de tarifs pour l'année 2003 permettront de générer des recettes supplémentaires estimées à environ 1 634 000 \$. Ces hausses représentent une augmentation des droits de pilotage en l'an 2003, d'environ 218 \$ par voyage pour un navire qui transite sur le fleuve Saint-Laurent entre les stations d'embarquement de pilotes situées aux Escoumins et à Montréal, c'est-à-dire 262 milles marins.

Cette majoration tarifaire est nécessaire pour couvrir les coûts prévus pour l'année 2003. Le projet permettra à l'Administration de maintenir un service de pilotage efficace et de faire des recettes suffisantes pour être financièrement indépendante d'une façon à la fois équitable et raisonnable.

Consultations

L'Administration a tenu des consultations avec les trois principaux groupes de l'industrie maritime au cours du mois de mai

pilotage tariffs originally proposed for 2003 and 2004. The industry indicated to the Authority that it could not accept subsequent tariff increases and any increase in excess of the cost of living, which is approximately at 2.4 percent this year over last year, in view of substantial decreases in maritime transport activity.

However the Authority is required by the *Pilotage Act* to be financially self-sustaining. It is evident that a tariff increase limited to 2.4 percent will not achieve the legal requirement, bearing in mind that the last year in effect of the service contracts with the group of pilots provides for a 3 percent increase in their fees. Since the Authority faced an important accumulated debt when the self-sufficiency requirement was imposed by the Act, and bearing in mind the subsequent reimbursement of the loans, it is not possible for the Authority to maintain a cash flow thus requiring bank loans.

Compliance and Enforcement

Section 45 of the *Pilotage Act* provides the enforcement mechanism for these Regulations in that a Pilotage Authority can inform a customs officer at any port in Canada to withhold clearance from any ship for which pilotage charges are outstanding and unpaid.

Section 48 of the *Pilotage Act* provides for penalties if the Regulations are contravened. These include fines of up to \$5,000.

Contact

2002 au sujet de l'envergure des augmentations tarifaires originellement proposées pour les années 2003 et 2004. L'industrie maritime a indiqué à l'Administration qu'elle ne pouvait accepter des augmentations tarifaires subséquentes et au-delà du coût de la vie qui se situe à environ 2,4 p. 100 cette année par rapport à l'année précédente, en raison principalement d'une importante baisse dans le transport maritime.

Par ailleurs, l'Administration est tenue de par la *Loi sur le pilotage* à être autosuffisante financièrement. Il est évident qu'une augmentation tarifaire limitée à 2,4 p. 100 n'aura pas pour effet d'atteindre cet objectif, puisque la dernière année des contrats de service avec les groupes de pilotes prévoit une augmentation des honoraires de 3 p. 100. Compte tenu de l'envergure de la dette accumulée au moment où l'Administration dut s'aligner avec l'obligation d'autosuffisance de la Loi et rembourser ses prêts, elle ne dispose pas d'un fond de roulement lui permettant d'opérer sans recours à des prêts.

Respect et exécution

L'article 45 de la *Loi sur le pilotage* fournit le mécanisme d'application du Règlement, à savoir que l'Administration de pilotage peut informer l'agent des douanes, dans un port au Canada, de ne pas autoriser le départ d'un navire lorsque les droits de pilotage concernant le navire sont exigibles et impayés.

L'article 48 de la *Loi sur le pilotage* prévoit des sanctions en cas d'infraction, notamment une amende pouvant aller jusqu'à 5 000 \$.
