Remarks: THIS CLAUSE IS TO APPEAR IN FULL TEXT IN PROCUREMENT DOCUMENTS. It is highly advisable that all contracts contain either this clause or G1005D as may be applicable. The following clause should be used when insurance requirements are specifically described in the contract.

Risks arising from work under the contract should be identified and assessed to ensure that the Contractor is adequately and appropriately insured and to protect the interests of Canada.

Contracting officers are advised to establish with their clients, based on the Treasury Board Risk Management Policy, whether or not: (1) the self-underwriting option of Canada is applicable; (2) the Contractor is responsible for the risks; and, (3) commercial insurance is applicable.

G1001D (10/06/05) Contractor's Responsibility

1. It shall be the sole responsibility of the Contractor to decide whether or not any other insurance coverage, in addition to the insurance requirements stipulated in the bid solicitation and resulting contract, is necessary for its own protection or to fulfill its obligations under the Contract. Any such insurance shall be provided and maintained by the Contractor at its own expense.

The insurance stipulation contained herein shall not limit any insurance required by federal, provincial or municipal law. The required insurance is to the benefit and protection of the Contractor and shall not be deemed to release or diminish its liability in any manner including as may be referenced elsewhere by the provisions of this Contract.

2. To meet the insurance requirements of the Contract, the Contractor shall forward to the Contracting Authority, upon the execution of the Contract, or within ten (10) days thereof; a Certificate of Insurance containing reasonable detail of the insurance coverage, exclusions, deductibles and conditions applying to such policies and confirming that the insurance is in force to meet these requirements or, at the request of the Contracting Authority, a certified true copy of all applicable insurance policies.

G - Insurance

Remarks: THIS CLAUSE IS TO APPEAR IN FULL TEXT IN PROCUREMENT DOCUMENTS. It is highly advisable that all contracts contain clause G1001D. In instances where the insurance provisions do not apply to specific contracts, the following clause should be used instead.

G1005D (10/06/05) Contractor's Responsibility

It shall be the sole responsibility of the Contractor to decide whether or not any insurance coverage is necessary for its own protection or to fulfill its obligations under the Contract and to ensure compliance with required federal, provincial or municipal law. Any such insurance shall be provided and maintained by the Contractor at its own expense.

Any insurance secured is to the benefit and protection of the Contractor and shall not be deemed to release or diminish its liability in any manner including as may be referenced elsewhere by the provision of this Contract.

G1005D (14/05/04) Contractors Responsibility

Effective 10/06/05, this clause is superseded by G1005D.

Remarks: THIS CLAUSE IS TO APPEAR IN FULL TEXT IN PROCUREMENT DOCUMENTS. It is highly advisable that all contracts contain this clause. Commercial General Liability insurance protects the Contractor against claims for damages (principally property damage and bodily injury), the Contractor may cause by negligence in its activities and operations whilst in performance of the Contract.

This clause comprises essential endorsements applicable to government procurement contracts. The noted description of the endorsements convey only the intent of the coverage sought and standard insurance industry wording is the expected requirement.

The contracting officer should also refer to G2015D for important additional endorsements that may apply to specific contracting areas and that are to be individually selected and included in the endorsements found in this clause.

If either the contracting officer or the client believes that the suggested MINIMUM LIMIT of liability of \$2,000,000 per accident or occurrence is not sufficient, alternate limits may be established in consultation with the client and Public Works and Government Services Canada's Risk Management and Insurance Advisory Services at [NCR RMIAS-SCGRA@pwgsc.gc.ca](mailto:NCR_RMIAS-SCGRA@pwgsc.gc.ca).

G2001D (10/06/05) Commercial General Liability Insurance

1. Commercial General Liability insurance shall be effected by the Contractor and maintained in force throughout the duration of the Contract, in an amount usual for a contract of this nature, but, in any case, for a limit of liability NOT LESS THAN \$2,000,000 per accident or occurrence and in the annual aggregate.
2. The following endorsements must be included:
 - (a) Additional Insured: Canada is included as an additional insured, but only with respect to liabilities that may arise from the Contractor's own negligence in the performance of the Contract.

G - Insurance

- (b) Notice of Cancellation or Amendment: The Insurer agrees to provide the Contracting Authority thirty (30) days written notice of policy cancellation.
- (c) Cross Liability: Without increasing the limit of liability, the policy shall protect all insured parties to the full extent of coverage provided. Further, the policy shall apply to each Insured in the same manner and to the same extent as if a separate policy had been issued to each.
- (d) Contractual Liability: The policy shall, on a blanket basis or by specific reference to this Contract, extend to assumed liabilities with respect to contractual insurance provisions.
- (e) Contingent Employer's Liability: To protect the Contractor for liabilities arising in the management and administration of statutory and contractual entitlements of its employees.
- (f) Employees and (where applicable) Volunteers as Additional Insured: All employees and (where applicable) volunteers, on behalf of the Contractor, shall be included as additional insured.

- (h) Non-owned Automobile: To protect the Contractor for liabilities arising by its use of vehicles owned by other parties.

G2001D (14/05/04) Commercial General Liability Insurance

Effective 10/06/05, this clause is superseded by G2001D.

Remarks: Use the following clause when the contract services are of professional or prescribed nature.

Professional or prescribed services may be defined as, but not limited to, consulting, design, training, educational, management, architectural, health, engineering, research & development or related to government policy.

If either the contracting officer or the client believe that the suggested MINIMUM LIMIT of liability of \$1,000,000 per loss is not sufficient, alternate limits may be established in consultation with the client and Public Works and Government Services Canada's Risk Management and Insurance Advisory Services at NCR_RMIAS-SCGRA@pwgsc.gc.ca.

The contracting officer should also refer to G2015D for important additional endorsements that may apply to specific contracting areas and that are to be individually selected and included in the endorsements found in this clause.

G - Insurance

Remarks: Products Liability insurance protects the Contractor against claims for damages (principally property damage and bodily injury) caused by the products manufactured by the Contractor. This coverage may be secured as a stand alone policy where the contract may warrant.

Alternatively, this insurance may be included in G2001D by invoking the endorsement (h), Products and Completed Operations Broad Form (24 months), of clause G2015D. DO NOT USE BOTH.

If either the contracting officer or the client believes that the suggested MINIMUM LIMIT of liability of \$1,000,000 per loss is not sufficient, alternate limits may be established in consultation with the client and Public Works and Government Services Canada's Risk Management and Insurance Advisory Services, at NCR_RMIAS-SCGRA@pwgsc.gc.ca.

Environmental Impairment Liability insurance protects the Contractor against claims caused by chronic pollution damage to the environment

G - Insurance

It is important to note for the purposes of insurance, that the term *pollution* will normally include most waste products. Accordingly, coverage under simple liability policies will thus be excluded. In order to gain this coverage, this clause is used in all cases where the Contractor owns or operates a waste disposal facility.

At times, it is equally effective to simply add endorsement (c) of G2015D to the basic clause G2001D requirement where the Contractor may generate the risk exposure by virtue of the contract but not necessarily be owner or operator of the facilities itself.

The term Contractor's Pollution Liability is also common in the insurance industry for certain regions and equally acceptable.

If either the contracting officer or the client believes that the suggested MINIMUM LIMIT of liability of \$1,000,000 per loss is not sufficient, alternate limits may be established in consultation with the client and Public Works and Government Services Canada's Risk Management and Insurance Advisory Services, at NCR_RMIAS-SCGRA@pwgsc.gc.ca.

The contracting officer should also refer to G2015D for important additional endorsements that may apply to specific contracting areas and that are to be individually selected and included in the endorsements found in this clause.

G2040D (10/06/05) Environmental Impairment Liability Insurance

2. If this is a claims made policy and the duration of the Contract exceeds the policy term; in the event of cancellation or non-renewal of the policy, an Extended Claims Reporting Endorsement, minimum twelve (12) months, must be secured by the Contractor.
3. The following endorsements must be included:
 - (a) Additional Insured: Canada is included as an additional insured, but only with respect to liabilities that may arise from the Contractor's own negligence in the performance of the Contract.

The interest of Canada as additional insured should read as follows: Canada, represented by _____ (**insert client department's name**) and/or Public Works and Government Services Canada.
 - (b) Notice of Cancellation or Amendment: The Insurer agrees to provide the Contracting Authority thirty (30) days written notice of policy cancellation.
 - (c) Cross Liability: Without increasing the limit of liability, the policy shall protect all insured parties to the full extent of coverage provided. Further, the policy shall apply to each Insured in the same manner and to the same extent as if a separate policy had been issued to each.

 - (f) Voluntary Medical Payments, \$5,000 per person, \$25,000 per accident: To provide for expenses incurred in instances of minor accidental bodily injuries without determination of liability.
