APPLICANT CONSENT FORM FOR USE AND DISCLOSURE OF PERSONAL INFORMATION PROVIDED TO CIHR FOR PEER REVIEW

IMPORTANT: One original signed copy of the Applicant Consent Form is required at both the registration and application stages.

The Access to Information Act (ATI) gives Canadian citizens and Permanent Residents of Canada a limited right of access to information in federal government records. The Privacy Act gives Canadian citizens and permanent residents of Canada access to information about themselves and specifies the uses to which personal information can be put. The Privacy Act sets out the rules and conditions governing the collection, retention and disposal of personal information. It also provides a use and disclosure code for the protection of this information. This code stipulates the criteria under which information can be disclosed, including for what purposes and to whom it may be disclosed. All information collected by CIHR is subject to these laws.

CIHR seeks your certification that you have been informed that all the information supplied in the application will be made available to CIHR personnel responsible for managing the peer review process to review applications, to administer and monitor grants and awards, to compile statistics and to promote health research in Canada.

Information supplied in the application **except the pages labelled "for Administrative use only"** will be made available to Peer Review Committees composed of experts recruited from the academic, public and private sectors. Applications may also be transmitted to external reviewers.

CONSENT

| (1) OBSERVERS: Information supplied in the application except the pag | es labelled "for | Adminis | strative us | e only" v | vill be made |
|---|------------------|----------------|-------------|-----------|--------------|
| available, with your consent to: | | | | | |

Observers of peer review committees. Observers requiring consent (not including CIHR staff responsible for the administration and evaluation of funding programs and members of the Standing Committee responsible for overseeing the peer review process) are:

- a) Funding Partner and / or Potential Funding Partner representatives who have no funding decision authority;
- b) Institute Staff who are not in conflict of interest and who have no funding decision authority.

I do 🗌 do not 🗌 consent to the sharing of the information specified above in section (1) with the observers described.

- (2) **RELEVANCE REVIEW:** For use in determining an application's relevance in accordance with the Institute's / Partner's / Branch's mandate, or the application's relevance to the research areas as identified within a priority announcement, the **Project Title, Project Summary and / or Relevance Form** already available to CIHR staff responsible for the administration of funding programs may also be provided to:
 - Institute Staff managing research envelopes and Institute Advisory Board Members;
 - Funding Partners and / or Potential Funding Partners:
 - CIHR Senior Managers who manage research envelopes and sponsor Strategic Initiatives.
- (3) **FUNDING DECISIONS:** For use in making funding decisions after Peer Review, the **Rating, Rank, Committee Recommendations on Budget and Term** will be made available, upon your consent to:
 - Institute Staff and Institute Advisory Board Members:
 - Funding Partners and /or Potential Funding Partners:
 - CIHR Senior Managers who manage research envelopes and sponsor Strategic Initiatives.

I do do not consent to the sharing of the information specified above in sections (2) and (3) with the groups described.

I, the undersigned, do hereby give CONSENT to the use and disclosure of the information contained in my application for the purposes as herein described. This consent extends only to those specific areas where I have indicated this consent. I also understand that I may withdraw my consent at any time and that it will become effective upon its receipt by CIHR.

How to prepare and format all attachments:

Attached documents may be prepared in the word processing software package of your choice, printed and included with the application form.

Please follow these guidelines for formatting each page of an attachment. Failure to follow these guidelines may result in the administrative withdrawal of your application.

- At the top of <u>each</u> page, indicate your name, the project title, the amount requested in year 1 and the section title (e.g. Summary of Research Proposal).
- At the bottom of each page clearly indicate the page number (e.g., 9, 10, 11a, 11b etc).
- Type on one side of the paper only.
- A minimum margin of 2 cm (3/4 inch) around the page is mandatory.
- Observe page limitations, additional pages may NOT be added unless specified.
- Use only letter size (21.25 X 27.5 cm / 8.5" X 11") white paper for all attachments.
- Supporting documents should be photo reduced if the originals are larger than (21.25 X 27.5 cm / 8.5" X 11").
- No supplementary audio or video material will be accepted.
- A font size of 12 point, black ink. Six lines per inch. No condensed type or spacing.

Summary of research proposal - Attach one page numbered Page 9

New Investigator, Clinician Scientist candidates and grant applicants should summarize the objective(s), hypothesis and research plan. New Investigator and Clinician Scientist candidates should provide a clear concise description of their research proposal. A maximum of one page may be used. Investigator and Senior Investigator candidates should summarize their 5 year plan.

Summary of progress - Attach one page numbered Page 10

Do not include references, tables, charts, figures or photographs.

For renewal applicants, summarize progress under the current grant and, if applicable, identify the term of your current MRC/CIHR grant. New applicants are encouraged to summarize previous work relevant to this application.

New Investigator, Senior Research Fellowship and Clinician Scientist candidates should describe the research undertaken as a trainee, and, if applicable, as an independent investigator. In addition, these candidates should address their research relationship with previous supervisor(s). For Investigator and Senior Investigator and Industry-partnered Research Chair candidates, describe the research you have been engaged in over the last five years and the results obtained.

Response to previous reviews - Attach up to two pages numbered Page 11a and 11b

If applicable, applicants may respond to previous reviewers comments if this is a resubmission of an unsuccessful application. The response should stand alone, and should not require reference to any other document because the reviewers do not have access to previous application information.

Research proposal numbered Page 12a, 12b, 12c etc

Applicants for all Research Funding Programs should provide a clear, concise description of their research proposal. A maximum of 11 pages may be attached in the case of one or two applicants. A maximum of 13 pages may be attached if there are three or more applicants. For applicants to the CIHR Randomized Controlled Trials Program, the page limit is 13 regardless of the number of applicants.

Applicants to the Clinician Scientist (Phase 2) programs should provide a clear concise description of their research proposal. A maximum of 11 pages may be used.

Applicants to the New Investigator program should provide a clear concise description of their research proposal. If the applicant will not be holding peer reviewed operating funds as of the first potential start date of the award (and six months beyond), the New Investigator application must be submitted simultaneously with an operating grant application, and the same research proposal must be included in both applications. If the applicant will be holding peer reviewed operating funds as a Principal Investigator, a description of any ongoing (one only), funded project may be included as the research proposal in the New Investigator application. A maximum of 11 pages may be attached in the case where the funded project had one or two applicants or 13 pages in the case of three or more applicants. Signatures of any co-applicants must also be included on page 2 of the New Investigator submission.

Applicants to the Investigator, Senior Investigator and Research Chairs Programs - Industry Partnered should describe their program of research for the next five years. A maximum of six pages may be attached.

Applicants to Operating Grants who require equipment/maintenance for their research project should apply for funds using the Operating Budget Module within their Operating Grants application.

Page limits do not include references, tables, charts, figures and photographs. Legends should be succinct. Detailed descriptions of methods and discussion of results should be included in the body of the proposal. They should not be in the legends nor included as an appendix. Questionnaires and consent forms may be attached as appendices, where applicable.

New Investigator Program of Research - attach up to one page, numbered Page 13 (for New Investigator applicants only)
Applicants to the New Investigator Program must attach a clear, concise description of how the project described in the Research Proposal section of the application fits within the applicant's planned program of research for the next five (5) years.

| Name of Nominated Principal Applicant / Candidate and Primary location of Research | Total Grant Amount Requested from CIHR (1st year) |

APPENDIX 1 - Attachments for Research Funding Programs only

- Letters of collaboration and support.
 - Letters of collaboration:
 - Collaborators who are expected to make a significant scientific contribution and who are not listed as applicants must provide a signed statement.
 - Letter(s) of support:
 - In the case of a pending appointment, the Dean of the Faculty should send a letter indicating the date the appointment is expected to take effect. Do NOT append letters in general support of the research.
- Questionnaires and consent forms may be attached as appendices when applicable. Up to five publications from the past five years, relevant to this proposal, may be appended.

*** If a research mentor has been identified, he or she should provide a letter of support describing his or her knowledge of the candidate and any plans to help the candidate establish a career as an independent investigator.

List the names of individuals providing letters

Total Grant Amount Requested from CIHR (1st year)

APPENDIX 2(A) ATTACHMENTS REQUIRED FOR SALARY SUPPORT PROGRAMS ONLY TO BE COMPLETED BY THE HEAD OF THE DEPARTMENT

Part 1. OTHER RESPONSIBILITIES OF THE CANDIDATE (Attach one page)

Indicate the nature and the extent (hours per year and percentage of time) of non-research activities in which the candidate would be required to engage as follows:

- a) Teaching (excluding graduate student supervision)
- b) Clinical work
- c) Administrative duties
- d) Corporate involvement (involvement on boards or advisory committees

Part 2. RESEARCH INTERACTIONS (Attach one page)

On a separate page, indicate the colleagues and research programs the candidate would be associated with and the nature of this association emphasizing the potential contributions of the candidate. For Clinician Scientist (Phase 2) candidates, indicate the measures to be taken to enhance the candidate's clinical and research activities and the manner in which the candidate will fit into the ongoing research effort at the institution.

Part 3. COMMITMENT (Attach one page)

Required for New Investigators, Clinician Scientist (Phase 2) and Senior Research Fellowships (Phase 2) candidates only. CIHR expects that the nominating institution will offer successful candidates a full-time faculty, or equivalent position. Indicate clearly the research buildings and facilities available to the candidate, as well as any start up funds to be given. In addition, describe the institution's commitment to protect the candidate's research time.
