Tax Tip

File on time to save a dime!

Did you know...

This year, because April 30 falls on a Saturday, you have until midnight on May 2, 2005, to file your 2004 income tax return either electronically or on paper. If you have a balance owing, you will avoid being charged a late-filing penalty by sending us your return by May 2.

If you or your spouse or common-law partner is self-employed, you have until midnight on June 15, 2005, to file your return. However, you still have to pay amounts owing by May 2, 2005.
