

EXPERIENCE THE BEAUTY

of more than one million spring blooms
in Canada's Capital Region!

This designer's choice palette is a sampling of the more than 50 varieties of tulips that will bring the National Capital Commission's (NCC's) flower beds to life this spring. The NCC, Official Gardener of the Capital, plants hundreds of thousands of flowers each year in its parks, along its parkways and at Canada's official residences.

QUELLE BEAUTÉ!

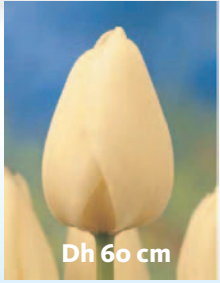

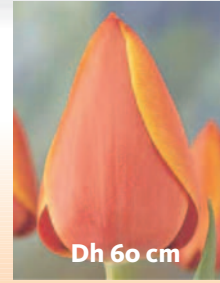

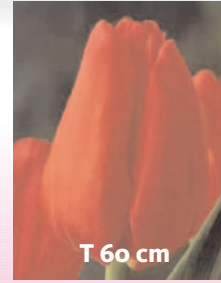

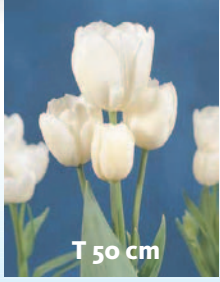

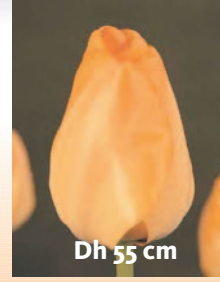

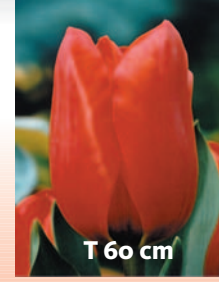

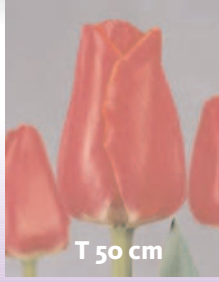

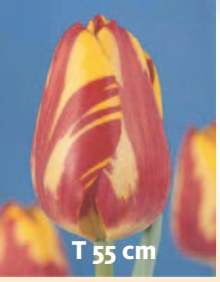

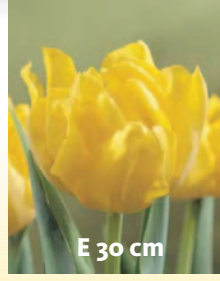

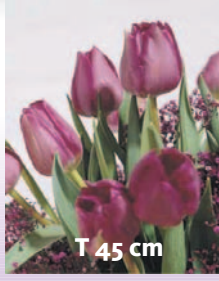

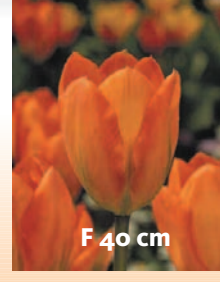

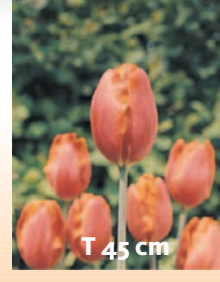

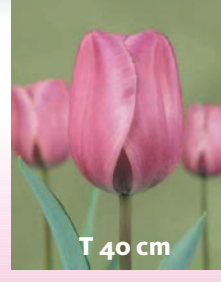

Plus de un million de tulipes qui fleurissent chaque
printemps dans la région de la capitale du Canada

Les tulipes choisies reposent sur un échantillonnage de plus de 50 variétés de tulipes qui égayeront, ce printemps, les parterres de fleurs de la Commission de la capitale nationale (CCN). La CCN, jardinière officielle de la capitale, plante chaque année des centaines de milliers de fleurs dans ses parcs, le long de ses promenades et aux résidences officielles du Canada.
