<p>BACKGROUND: During the months of January through March 2000, there was much comment in the print media, particularly the Ottawa Citizen, by municipal politicians, the NCC Chairman and a NCC Spokesperson, as well as reporters/commentators concerning the mandate of the NCC and the perceived need, by some, for change. For example, the current mayor of Ottawa, Mr. Jim Watson, proposed that the mayor of the new City of Ottawa and the chair of the Outaouais Regional Council sit on the Board of the NCC as ex-officio voting members. Additionally, a survey of National Capital Region municipal politicians revealed that most, while in favour of a body such as the NCC, foresaw the need for change in order to represent better the views of a new, unified City of Ottawa. There was a meeting on 6 April between various National Capital Region politicians and the Canadian Heritage Minister Sheila Copps, responsible for the NCC, reportedly to discuss these issues and other concerns such as the perception that the NCC is acting as a "land developer".</p> <p>Without limiting the generality of the foregoing, we wish to obtain the following records:</p> <p>TEXT OF REQUEST ATI 00/01-017 (Internal) We wish to have access to, or a copy of, all records pertaining to discussion, analysis and/or reporting of proposals and/or recommendations for change to the mandate and/or composition of the NCC for the period 1 January 1999 to present (31 March 2000.)</p>
