

Troides

Troides: 19 Spp. II 0 Sp.

**Troides aeacus** - female/femelle/hembra

Spp. TR-1 → TR-5 8

WS 10.0 - 15.0 cm  
FWL 6.1 - 9.4 cm

sometimes with more dark brown  
parfois avec plus de brun foncé  
a veces con más de café oscura

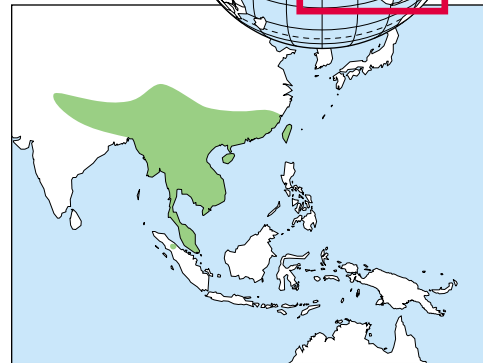

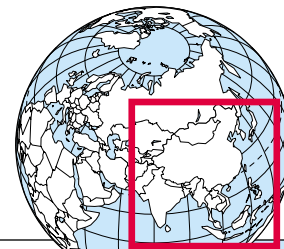

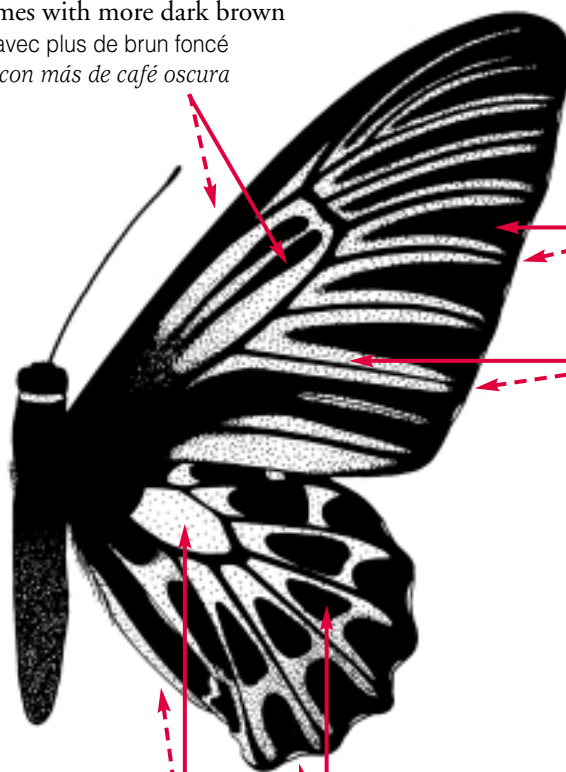

dark brown  
brun foncé  
café oscura

grey  
gris  
grisácea

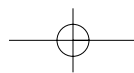

golden yellow  
doré  
dorada amarillenta

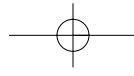

black  
noir  
negra

TROIDES

Similar species / Espèces semblable / Especies semejantes : *Troides helena* 42 , *T. minos* 48

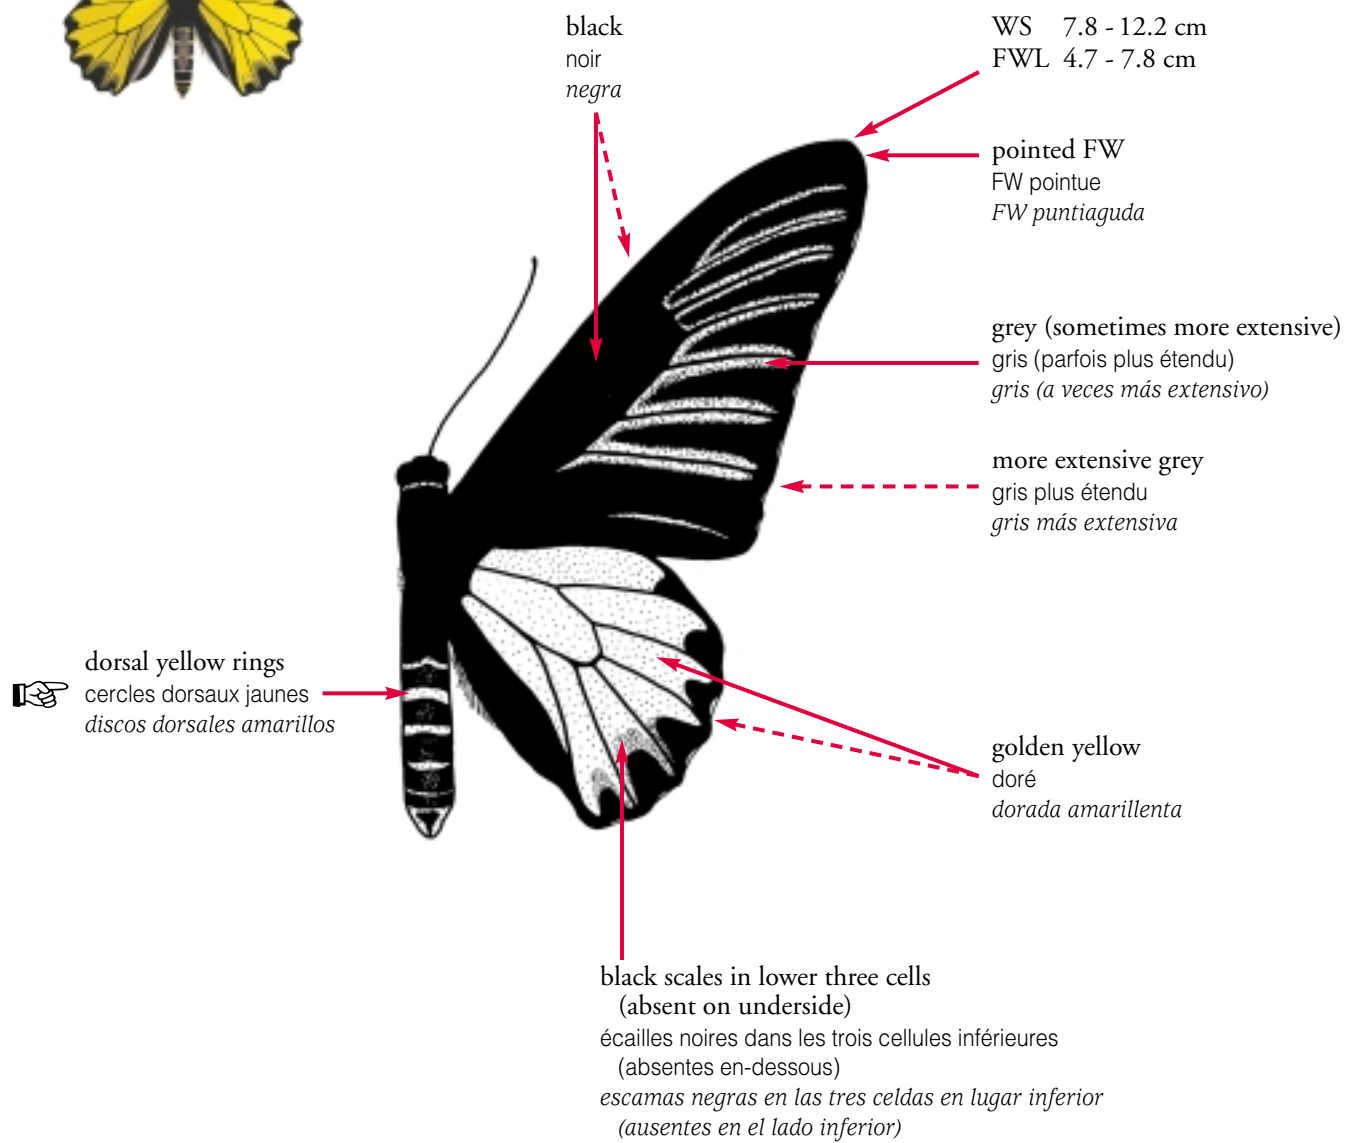

### **Troides aeacus** - male/mâle/macho

 Spp. TR-1 → TR-5 **8**

**TROIDES**

Similar species / Espèces semblables / Especies semejantes : *Troides magellanus* **47**, *T. minos* **49**, *T. prattorum* **57**, *T. rhadamantus* **59**

### **Troides amphrysus** - female/femelle/hembra

 ↳ Ssp. TR-6 → TR-23 **8**

WS 10.5 - 15.5 cm  
FWL 7.0 - 10.2 cm

FW sometimes with more extensive grey  
FW parfois avec gris plus étendu  
FW a veces con gris más extensivo

grey  
gris  
gris

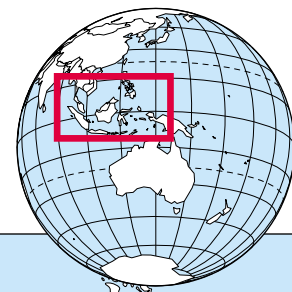

dark brown  
brun foncé  
café oscura

black  
noir  
negra

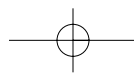

creamy yellow  
jaune crème  
amarilla crema

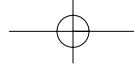

golden yellow  
doré  
dorada amarillenta

**TROIDES**

Similar species / Espèces semblables / Especies semejantes : *Troides andromache* **32** , *T. cuneifera* **36** , *T. rhadamantus* **58**

### **Troides amphrysus** - male/mâle/macho

 Ssp. TR-6 → TR-23 **8**

yellow to whitish-grey  
jaune à gris blanchâtre  
*amarilla a gris blancuzca*

WS 9.5 - 15.5 cm  
FWL 5.8 - 9.9 cm

black  
noir  
*negra*

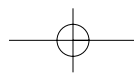

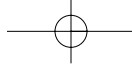

golden yellow  
doré  
*dorada amarillenta*

 long black streak (absent or indistinct on underside)  
longue raie noire (absente ou indistincte en-dessous)  
*raya blanca alargada (ausente o indistinta en el lado inferior)*

**TROIDES**

Similar species / Espèces semblables / Especies semejantes : *Troides magellanus* **47** , *T. miranda* **51**

 **Troides andromache** - female/femelle/hembra

 Ssp. TR-24 → TR-26 **9**

**TROIDES**

 extensive whitish-grey  
gris blanchâtre étendu  
*gris blancuzca extensiva*

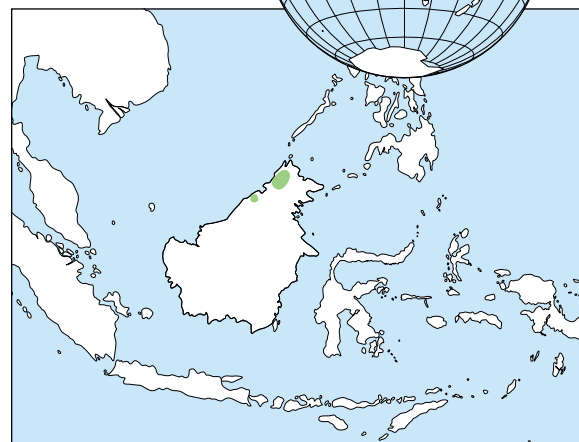

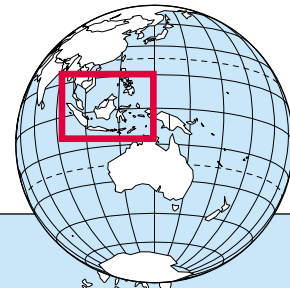

WS 12.0 - 14.8 cm  
FWL 7.5 - 8.0 cm

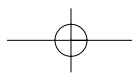

dark brown  
brun foncé  
*café oscura*

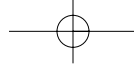

black  
noir  
*negra*

golden yellow  
doré  
*dorada amarillenta*

Similar species / Espèces semblables / Especies semejantes : *Troides amphrysus* **30**

 **Troides andromache** - male/mâle/macho

 L Spp. TR-24 → TR-26 **9**

entirely black  
complètement noir  
*negra en total*

WS 10.0 - 11.5 cm  
FWL 5.8 - 6.6 cm

golden yellow  
doré  
*dorada amarillenta*

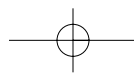

TROIDES

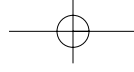

FW underside with white to yellow  
FW avec dessous blanc à jaune  
*FW con blanca a amarilla en el lado inferior*

underside  
dessous  
*lado inferior*

Similar species / Espèces semblables / Especies semejantes : *Troides miranda* **51**

### **Troides criton** - female/femelle/hembra

 Spp. TR-27, TR-28 **9**

entirely dark brown or with faint whitish-grey stripes  
complètement brun foncé ou avec rayures gris blanchâtre indistinctes  
*café oscura en total o con rayas grises blancuzcas indistintas*

WS 9.8 - 13.8 cm  
FWL 6.5 - 7.5 cm

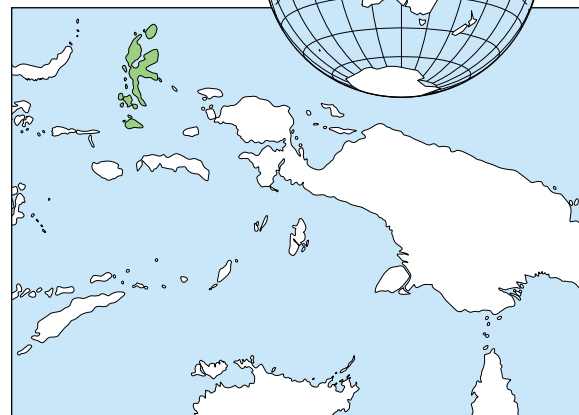

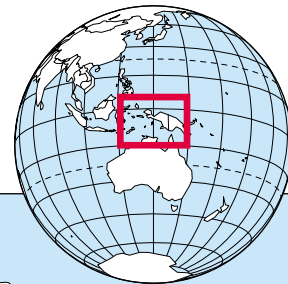

sometimes with extensive white  
parfois avec blanc étendu  
*a veces con blanca extensiva*

**TROIDES**

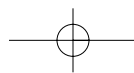

whitish  
blanchâtre  
blancuzca

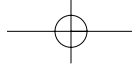

golden yellow  
doré  
*dorada amarillenta*

Similar species / Espèces semblables / Especies semejantes : *Troides plato* **54**, *T. riedeli* **60**

 **Troides criton** - male/mâle/macho

 ↳ Spp. TR-27, TR-28 **9**

WS 9.8 - 11.0 cm  
FWL 6.5 - 7.0 cm

entirely black  
complètement noir  
*negra en total*

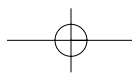

sometimes with whitish-grey stripes  
parfois avec des rayures gris blanchâtre  
*a veces con rayas grises blancuzcas*

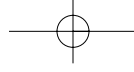

golden yellow  
doré  
*dorada amarillenta*

**TROIDES**

Similar species / Espèces semblables / Especies semejantes : *Troides darsius* **39**, *T. plato* **55**, *T. riedeli* **61**

**35** → **37**

### **Troides cuneifera** - female/femelle/hembra

 Spp. TR-29 → TR-31 **9**

**TROIDES**

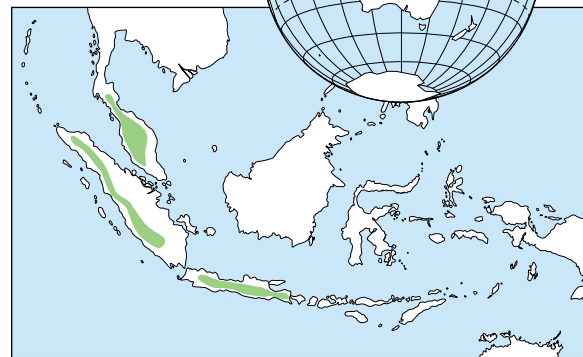

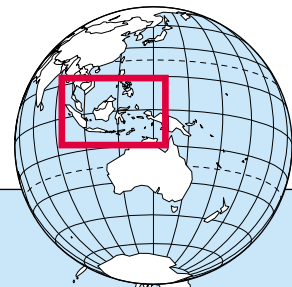

yellowish-grey  
gris jaunâtre  
gris amarillenta

WS 10.0 - 15.5 cm  
FWL 6.7 - 9.3 cm

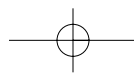

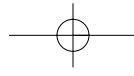

dark brown  
brun foncé  
café oscura

golden yellow  
doré  
dorada amarillenta

Similar species / Espèces semblables / Especies semejantes : *Troides amphrysus* **30**, *T. vandepolli* **64**

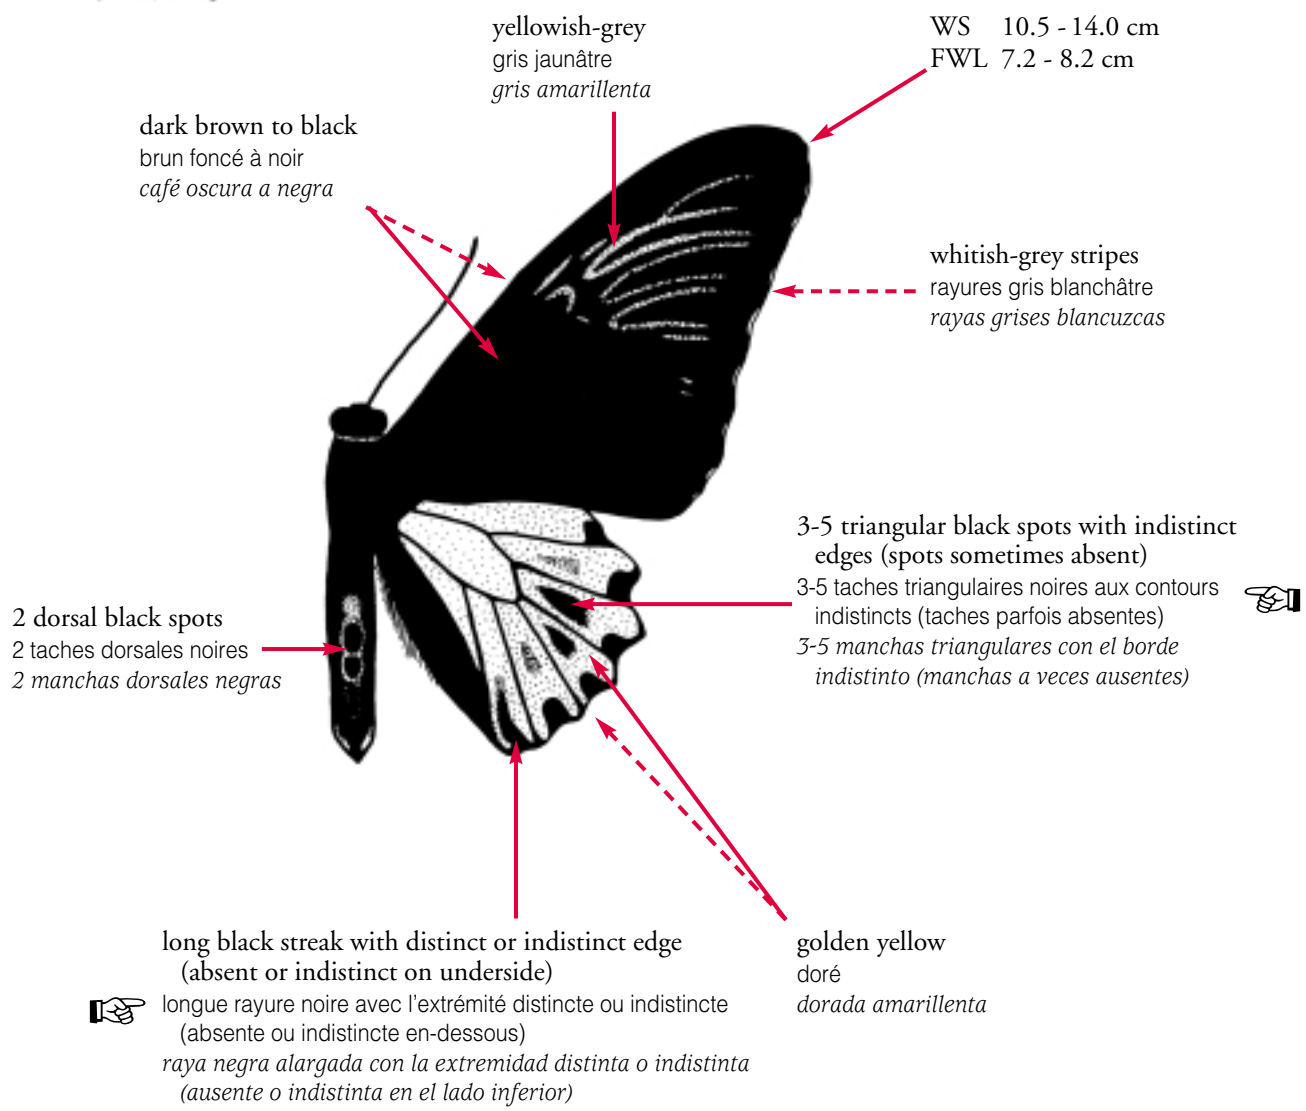

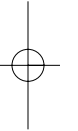

## **Troides cuneifera** - male/mâle/macho

 Ssp. TR-29 → TR-31 **9**

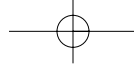

TROIDES

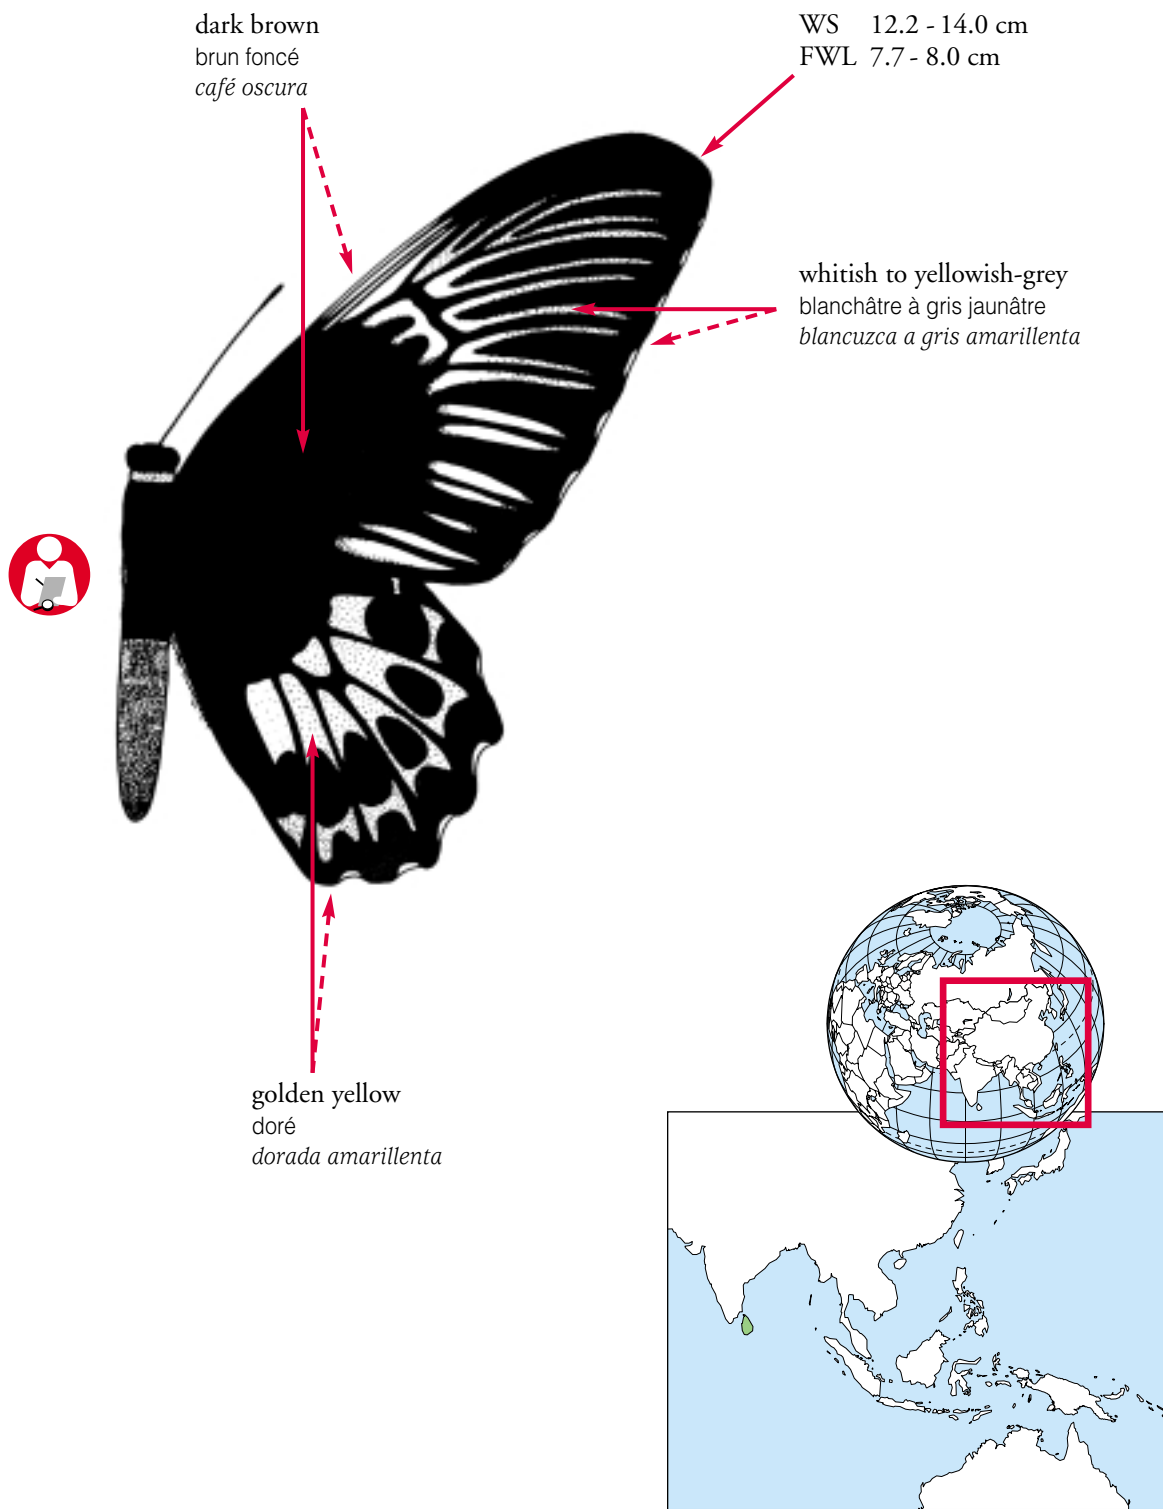

Similar species / Espèces semblables / Especies semejantes : *Troides helena* **43**, *T. miranda* **51**

 **Troides darsius** - female/femelle/hembra

TROIDES

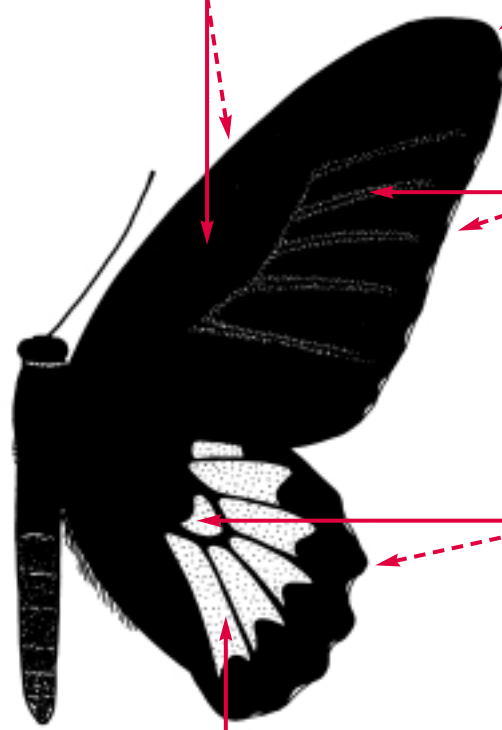

Similar species / Espèces semblables / Especies semejantes : *Troides vandepolli* 64

 **Troides darsius** - male/mâle/macho

black  
noir  
*negra*

WS 10.0 - 12.0 cm  
FWL 6.8 - 7.6 cm

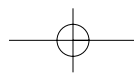

faint grey streaks  
rayures grises indistinctes  
*rayas grises indistintas*

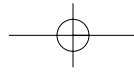

golden yellow C area (sometimes absent)  
zone C dorée (parfois absente)  
*zona C dorada amarillenta (a veces ausente)*

golden yellow  
doré  
*dorada amarillenta*

TROIDES

Similar species / Espèces semblables / Especies semejantes : *Troides criton* 35 , *T. oblongomaculatus* 53 , *T. riedeli* 61

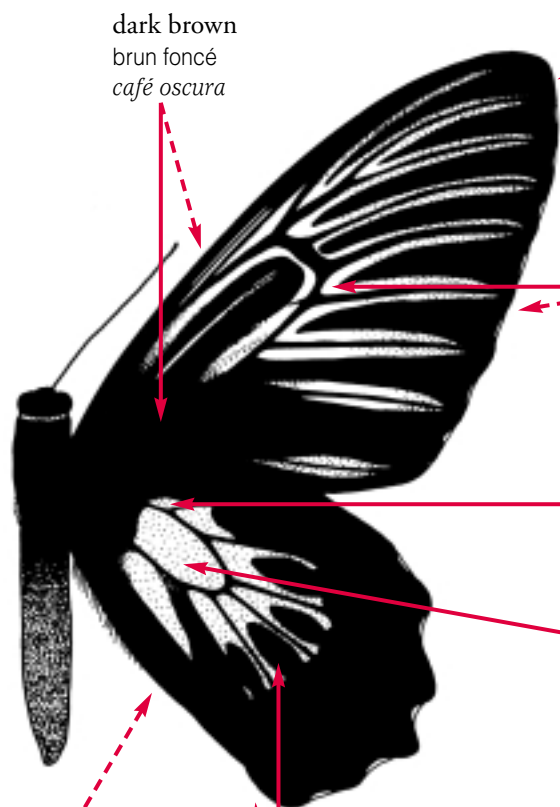

### **Troides haliphron** - female/femelle/hembra

 Spp. TR-32 → TR-37 **9**

**TROIDES**

dark brown  
brun foncé  
*café oscura*

WS 9.3 - 14.0 cm  
FWL 5.5 - 8.7 cm

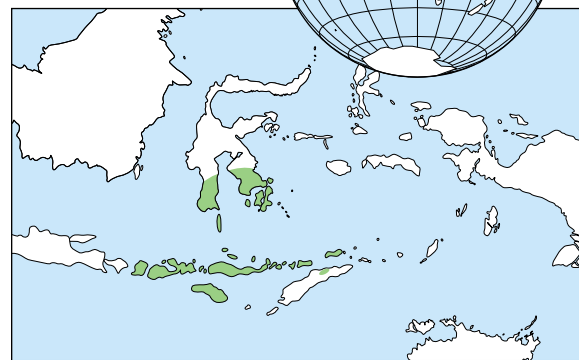

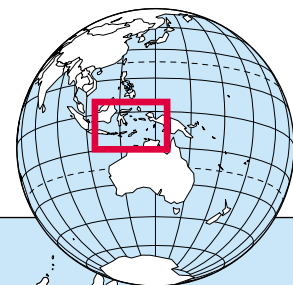

white to creamy yellow  
blanc à jaune crème  
*blanca a amarilla crema*

golden yellow Sc area (sometimes absent)  
zone Sc dorée (parfois absente)  
*zona Sc dorada amarillenta (a veces ausente)*

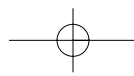

golden yellow  
doré  
*dorada amarillenta*

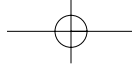

creamy yellow to golden yellow  
jaune crème à doré  
*amarilla crema a dorada amarillenta*

Sd spots sometimes smaller,  
free from margin  
taches Sd parfois plus petites,  
libres de la marge  
*manchas Sd a veces más pequeñas,  
libres del margen*

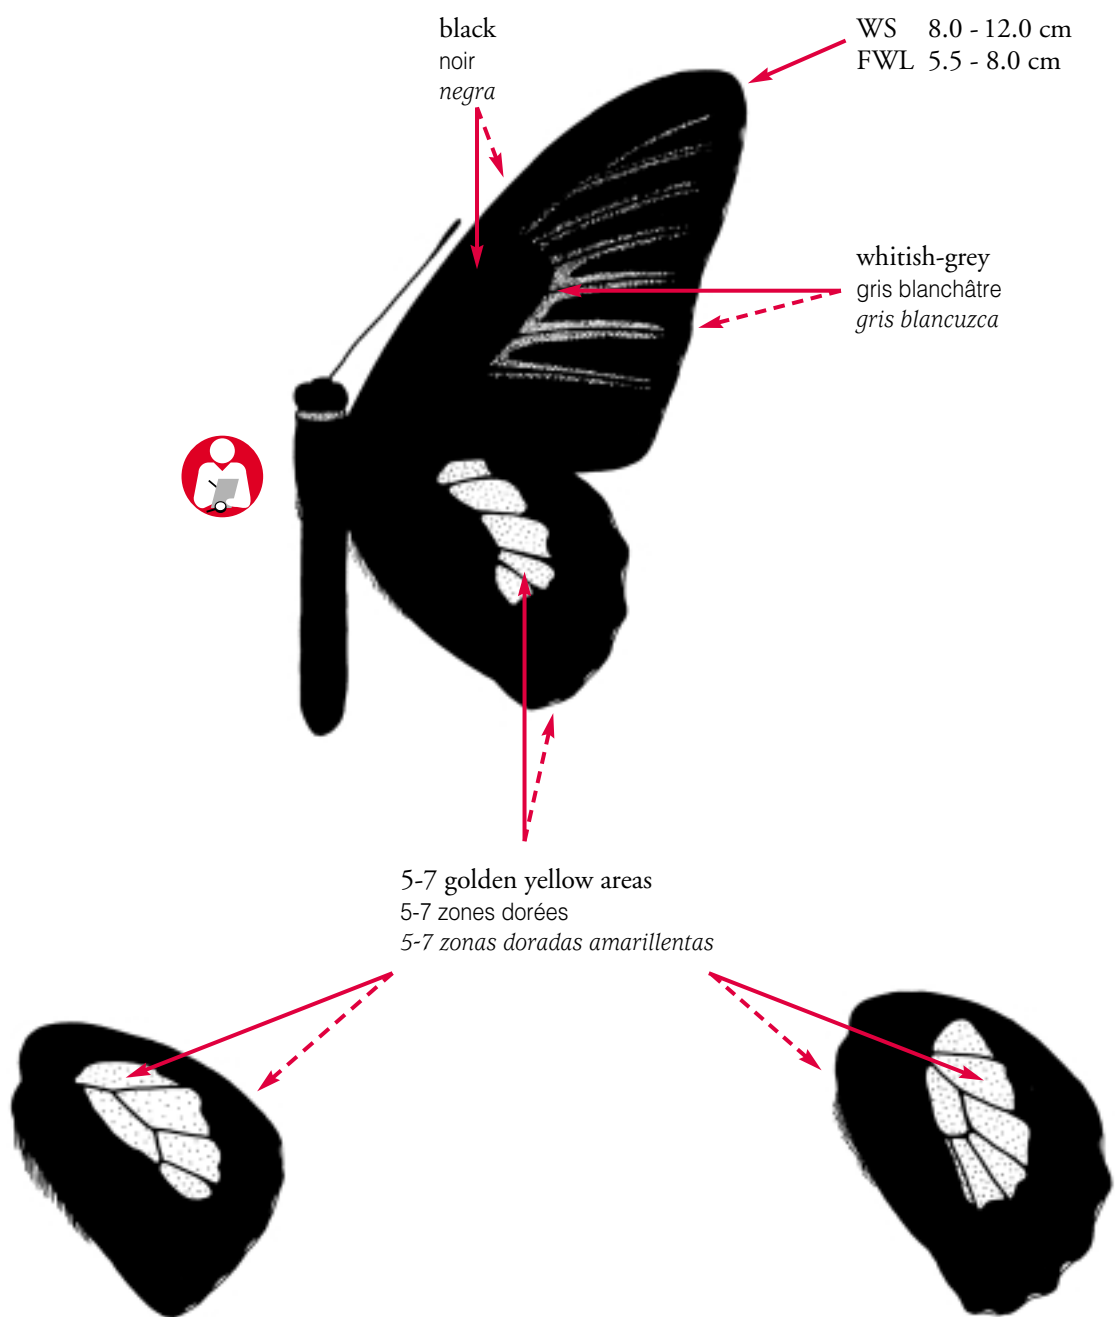

Similar species / Espèces semblables / Especies semejantes : *Troides staudingeri* **62**

 **Troides haliphron** - male/mâle/macho

 Spp. TR-32 → TR-37 **9**

Similar species / Espèces semblables / Especies semejantes : *Troides plato* **55**, *T. staudingeri* **63**

**41** → **43**

## **Troides helena** - female/femelle/hembra

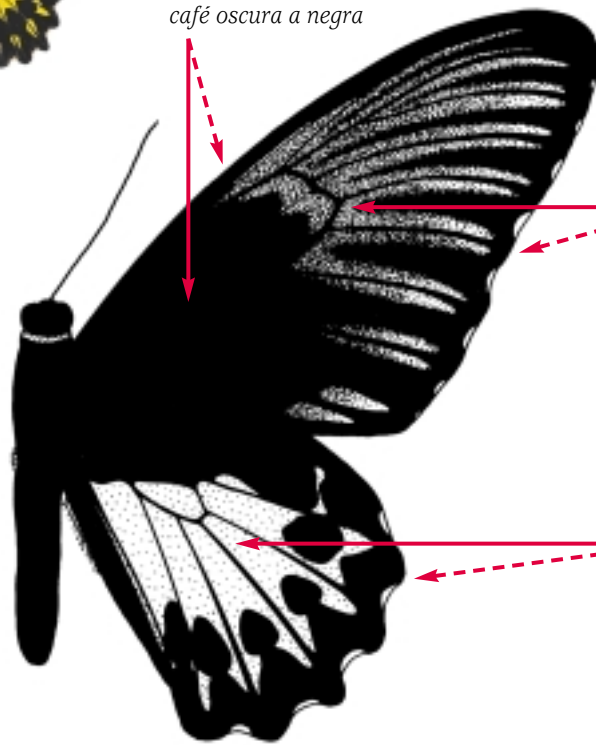

**TROIDES**

 Spp. TR-38 → TR-57 **10**

dark brown to black  
brun foncé à noir  
*café oscura a negra*

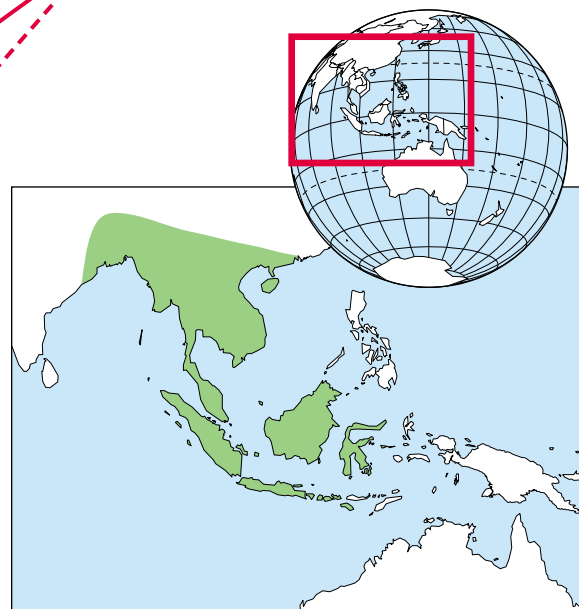

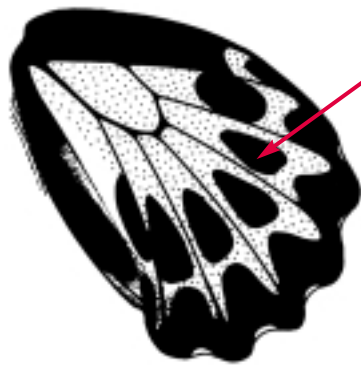

WS 11.0 - 15.0 cm  
FWL 7.5 - 9.5 cm

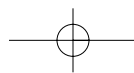

greyish (sometimes more or less extensive)  
grisâtre (parfois plus ou moins étendu)  
*grisácea (a veces más o menos extensiva)*

golden yellow  
doré  
*dorada amarillenta*

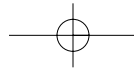

black spots sometimes free from margin  
taches noires parfois libres de la marge  
*manchas negras a veces libres del margen*

Similar species / Espèces semblables / Especies semejantes : *Troides aeacus* **28** , *T. minos* **48**

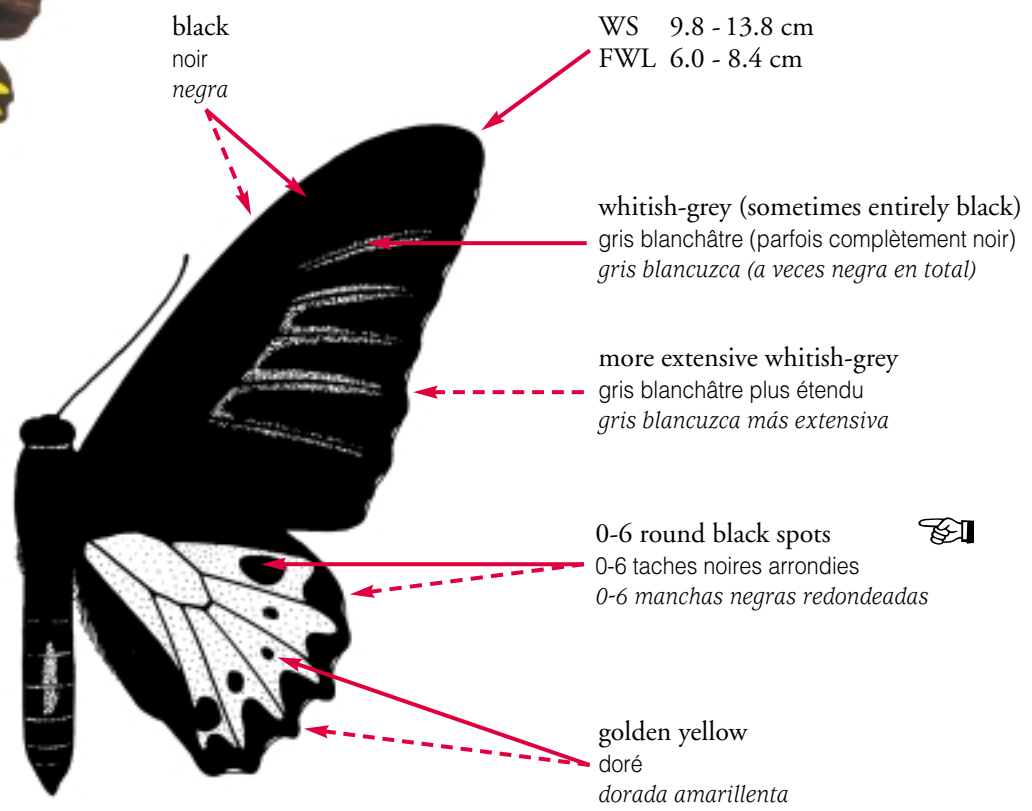

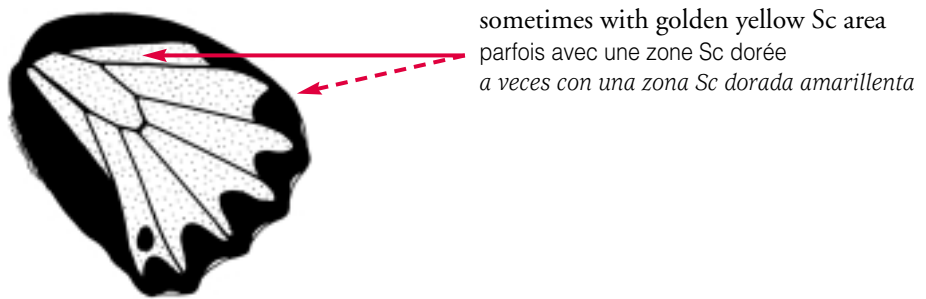

### **Troides helena** - male/mâle/macho

 Ssp. TR-38 → TR-57 **10**

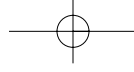

**TROIDES**

Similar species / Espèces semblables / Especies semejantes : *Troides cuneifera* **37**, *T. vandepolli* **65**

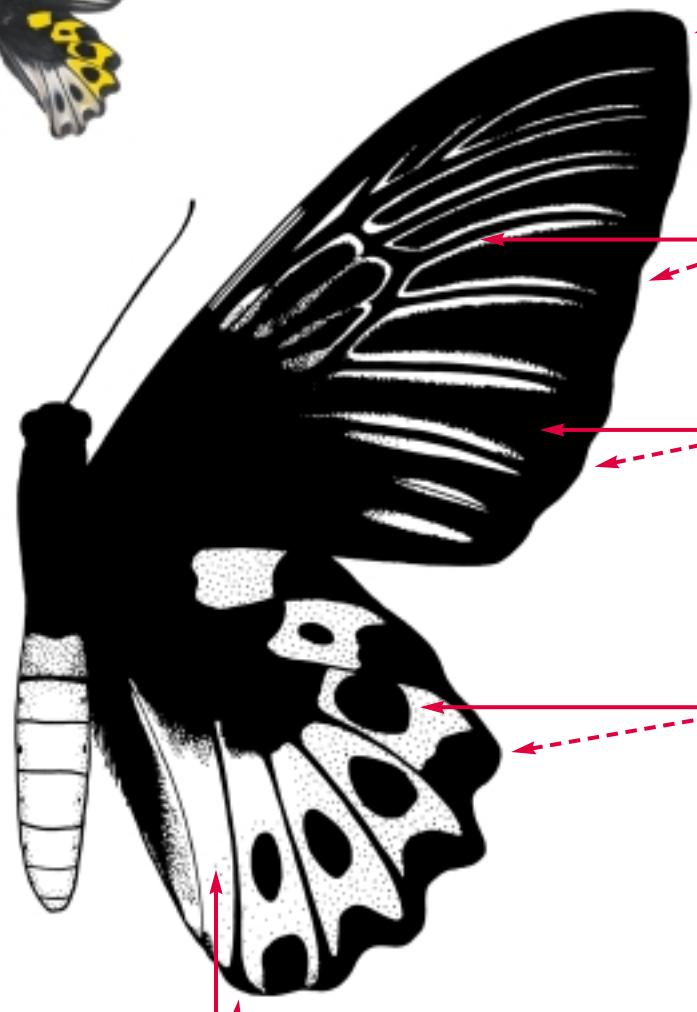

### **Troides hypolitus** - female/femelle/hembra

**TROIDES**

 Ssp. TR-58 → TR-60 **10**

WS 11.5 - 16.5 cm  
FWL 7.3 - 10.4 cm

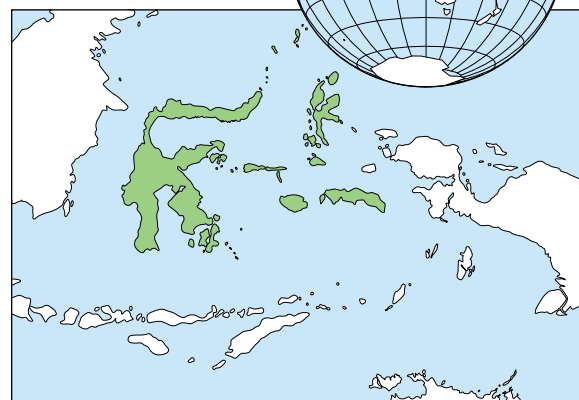

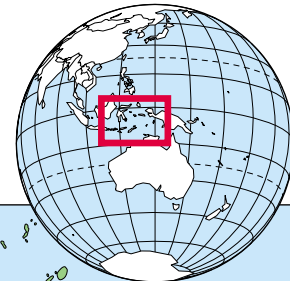

greyish  
grisâtre  
grisácea

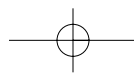

dark brown to black  
brun foncé à noir  
café oscura a negra

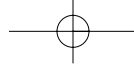

golden yellow pattern  
dessin doré  
dibujo dorado amarillento 

 whitish (sometimes creamy yellow)  
blanchâtre (parfois jaune crème)  
blancuzca (a veces amarilla crema)

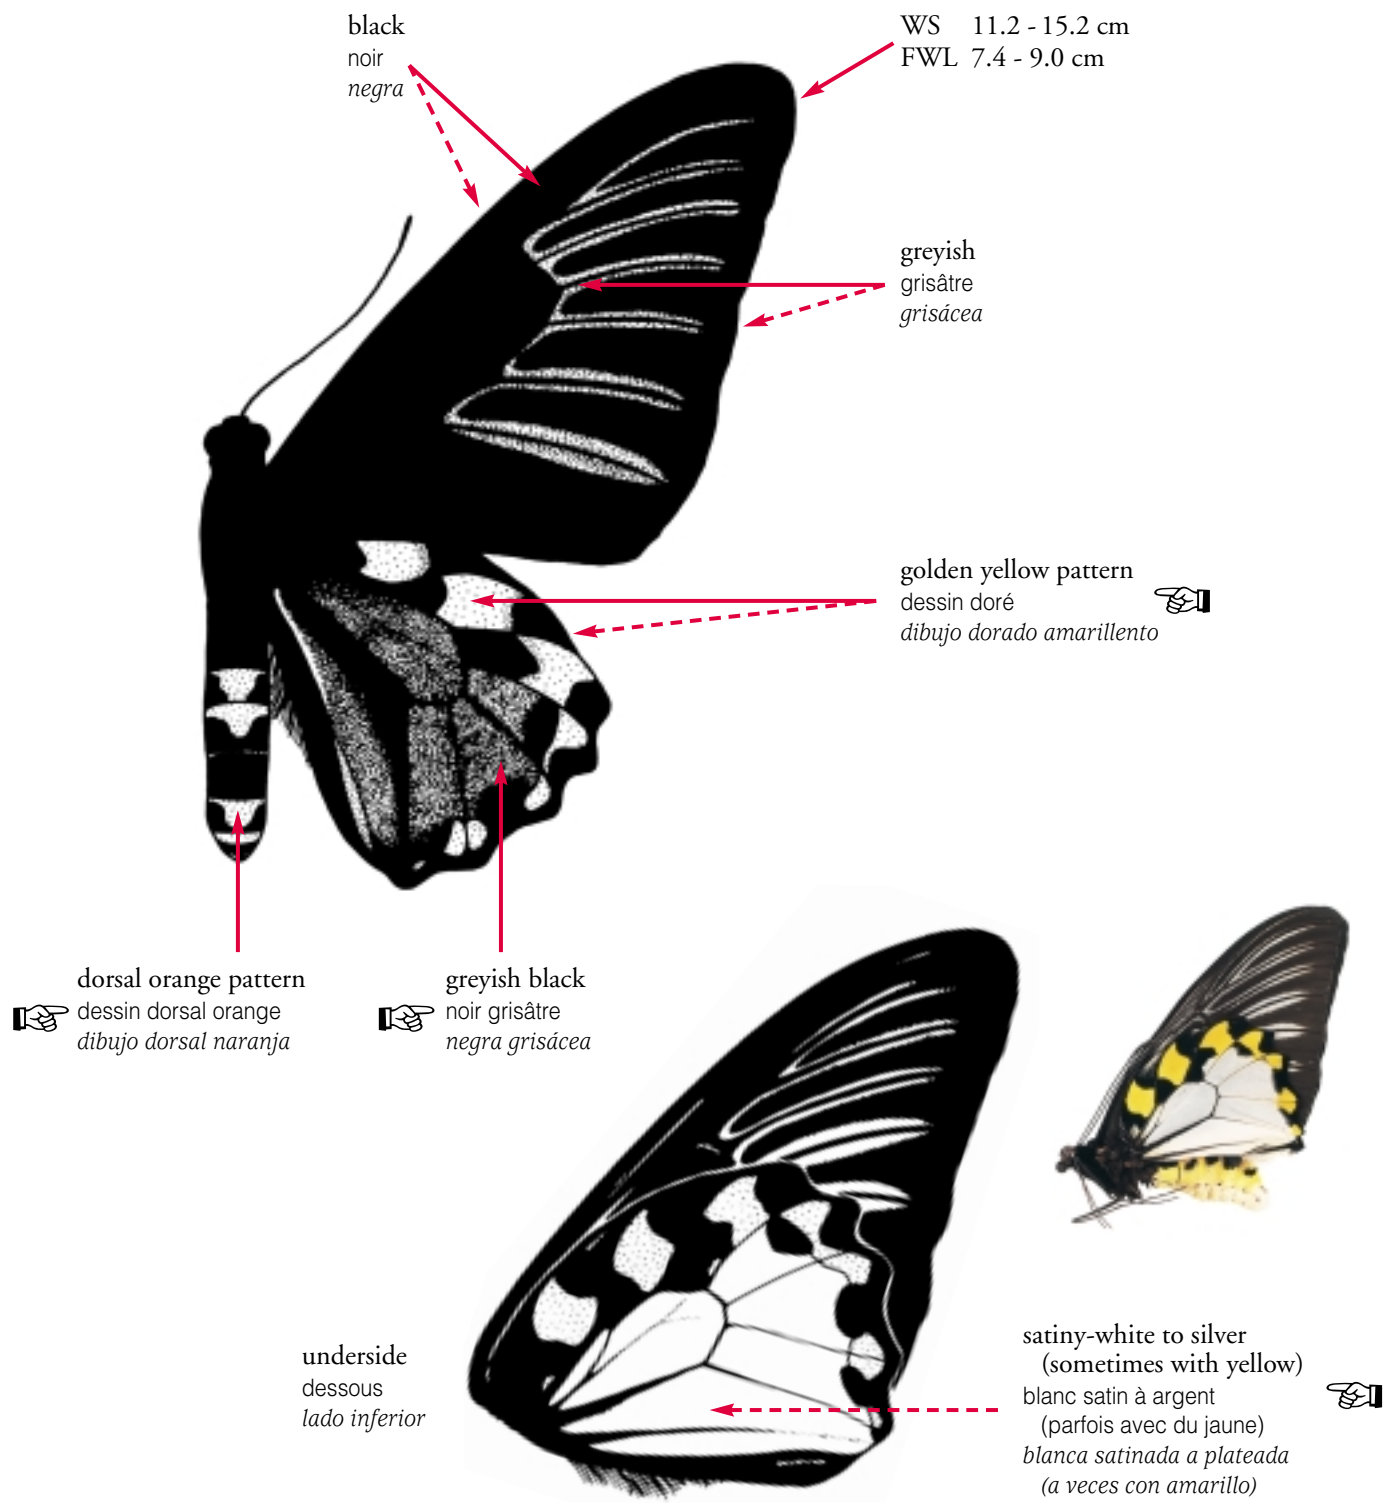

Similar species / Espèces semblables / Especies semejantes : *Troides oblongomaculatus* **52**, *T. prattorum* **56**

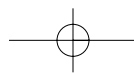

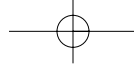

## **Troides hypolitus** - male/mâle/macho

 Spp. TR-58 → TR-60 **10**

Similar species / Espèces semblables / Especies semejantes : None-Aucune-Ninguna

### **Troides magellanus** - female/femelle/hembra

 Spp. TR-61, TR-62 **10**

WS 12.5 - 15.8 cm  
FWL 8.0 - 10.5 cm

brownish-black  
noir brunâtre  
*negra acastañada*

greyish  
grisâtre  
*grisácea*

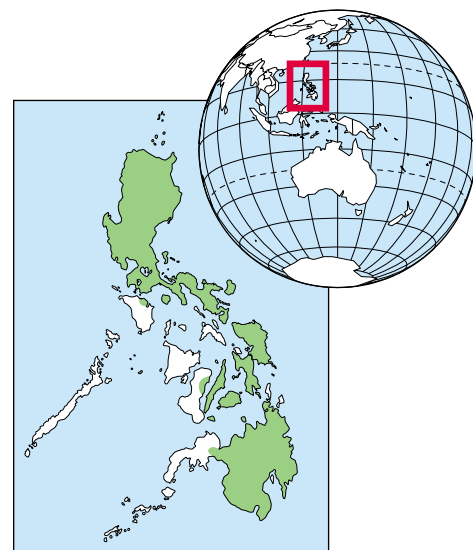

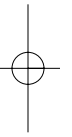

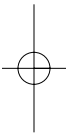

black  
noir  
*negra*

black band (sometimes reduced to spots)  
bande noire (parfois réduite à des taches)  
*franja negra (a veces reducida a manchas)* 

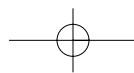

golden yellow  
doré  
*dorada amarillenta*

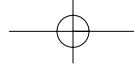

yellowish-white  
blanc jaunâtre  
*blanca amarillenta*

**TROIDES**

Similar species / Espèces semblables / Especies semejantes : *Troides oblongomaculatus* **52**, *T. prattorum* **56**

 **Troides magellanus** - male/mâle/macho

 Spp. TR-61, TR-62 **10**

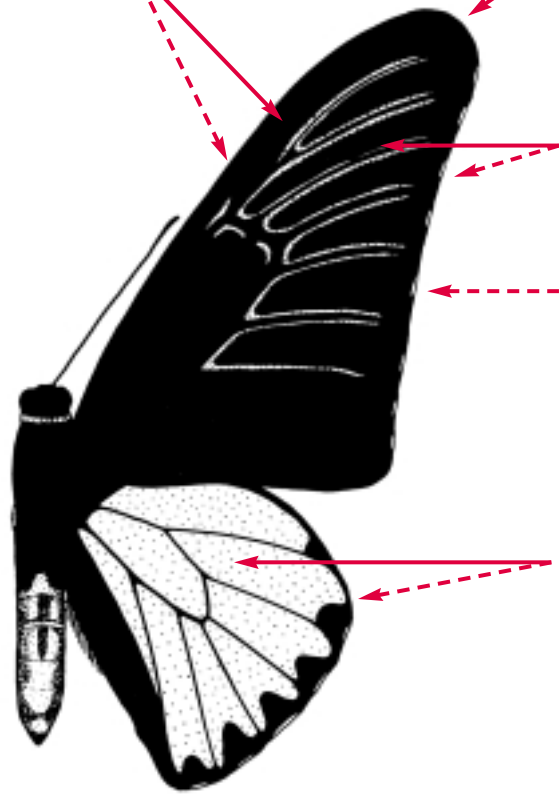

black  
noir  
*negra*

WS 10.0 - 14.0 cm  
FWL 7.1 - 9.0 cm

grey to yellowish-grey  
gris à gris-jaune  
*gris a gris amarillenta*

concave margin  
marge concave  
*margen cóncavo*

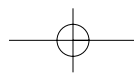

golden yellow  
doré  
*dorada amarillenta*

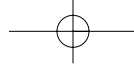

**TROIDES**

Similar species / Espèces semblables / Especies semejantes : *Troides aeacus* **29** , *T. amphrysus* **31** , *T. prattorum* **57** , *T. rhadamantus* **59**

**47** → **49**

 **Troides minos** - female/femelle/hembra

TROIDES

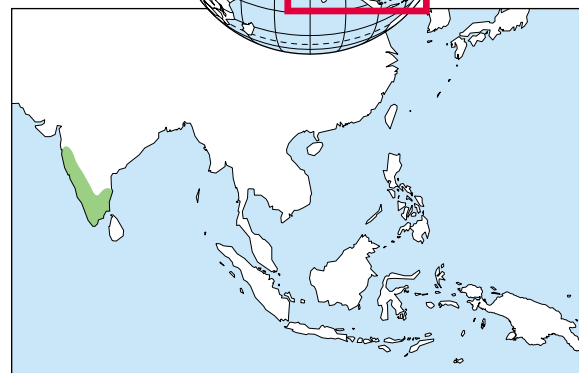

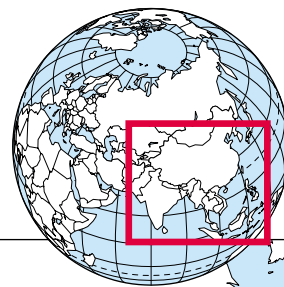

dark brown to black  
brun foncé à noir  
*café oscura a negra*

WS 13.9 - 14.5 cm  
FWL 8.0 - 9.0 cm

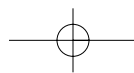

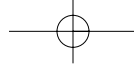

greyish-white  
blanc grisâtre  
*blanca grisácea*

golden yellow  
doré  
*dorada amarillenta*

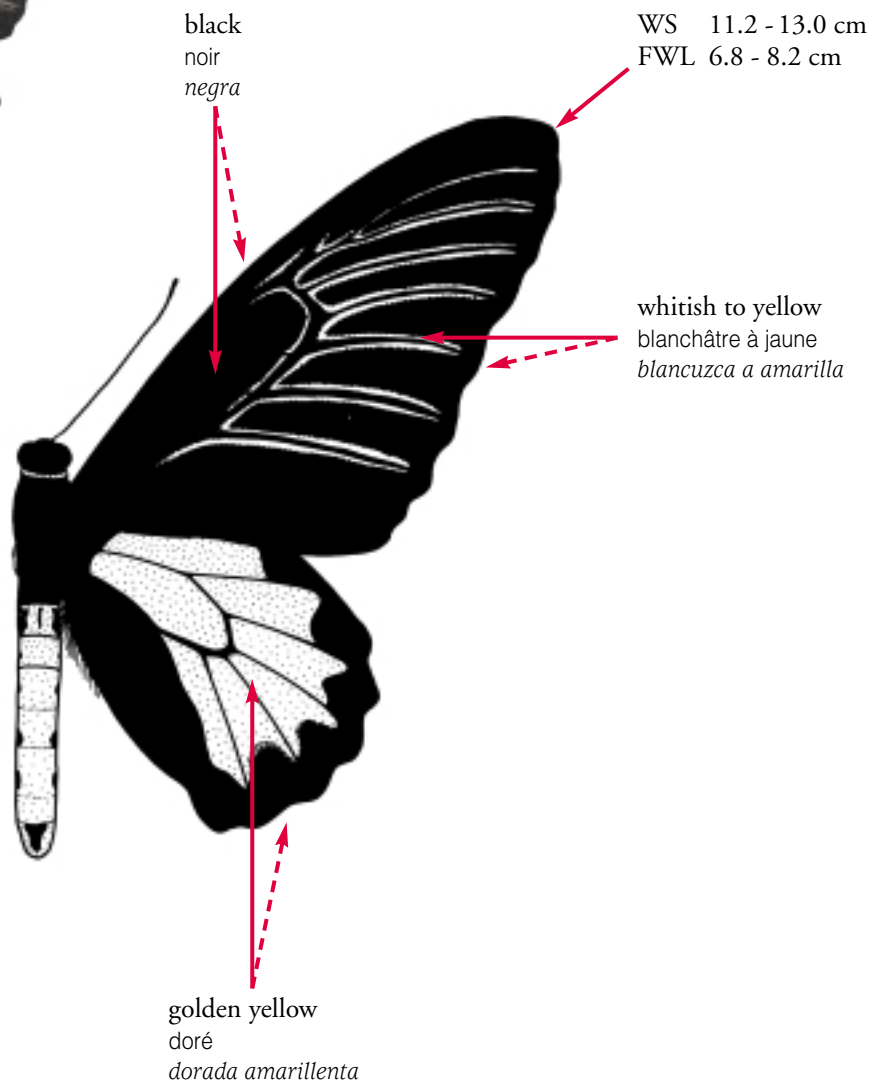

Similar species / Espèces semblables / Especies semejantes : *Troides aeacus* 28 , *T. belena* 42 , *T. magellanus* 46

 **Troides minos** - male/mâle/macho

TROIDES

Similar species / Espèces semblables / Especies semejantes : *Troides aeacus* 29 , *T. prattorum* 57 , *T. vandepolli* 65

### **Troides miranda** - female/femelle/hembra

 Ssp. TR-63 → TR-66 **11**

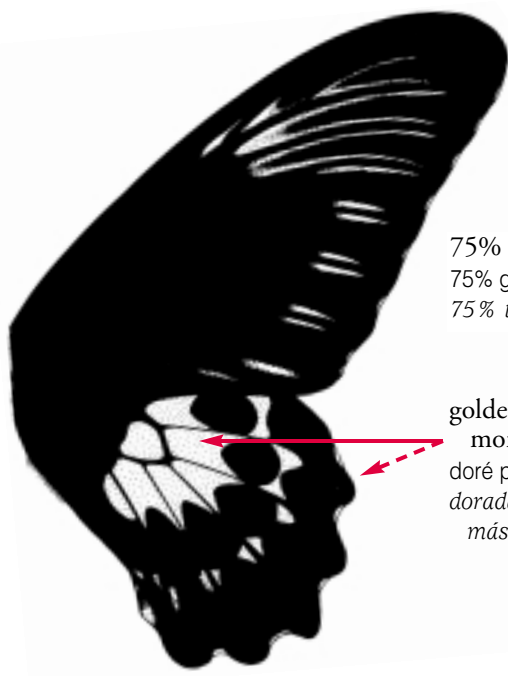

WS 15.3 - 17.0 cm  
FWL 9.3 - 10.2 cm

greyish-white  
(more extensive on underside)  
blanc grisâtre  
(plus étendu en-dessous)  
*blanca grisácea*  
(más extensiva en el lado inferior)

brown to black  
brun à noir  
*café a negra*

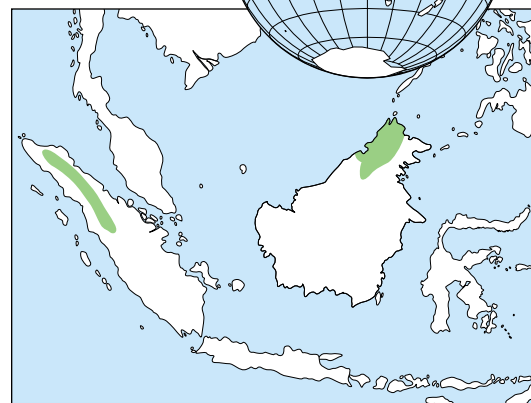

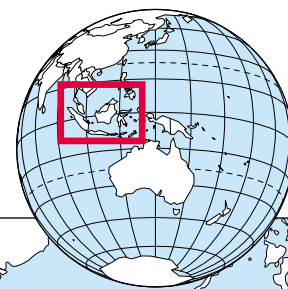

black  
noir  
*negra*

**TROIDES**

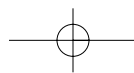

75% life size  
75% grandeur nature  
75% tamaño natural

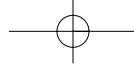

golden yellow sometimes  
more extensive  
doré parfois plus étendu  
*dorada amarillenta a veces*  
*más extensiva*

Similar species / Espèces semblables / Especies semejantes : *Troides oblongomaculatus* **52** , *T. prattorum* **56**

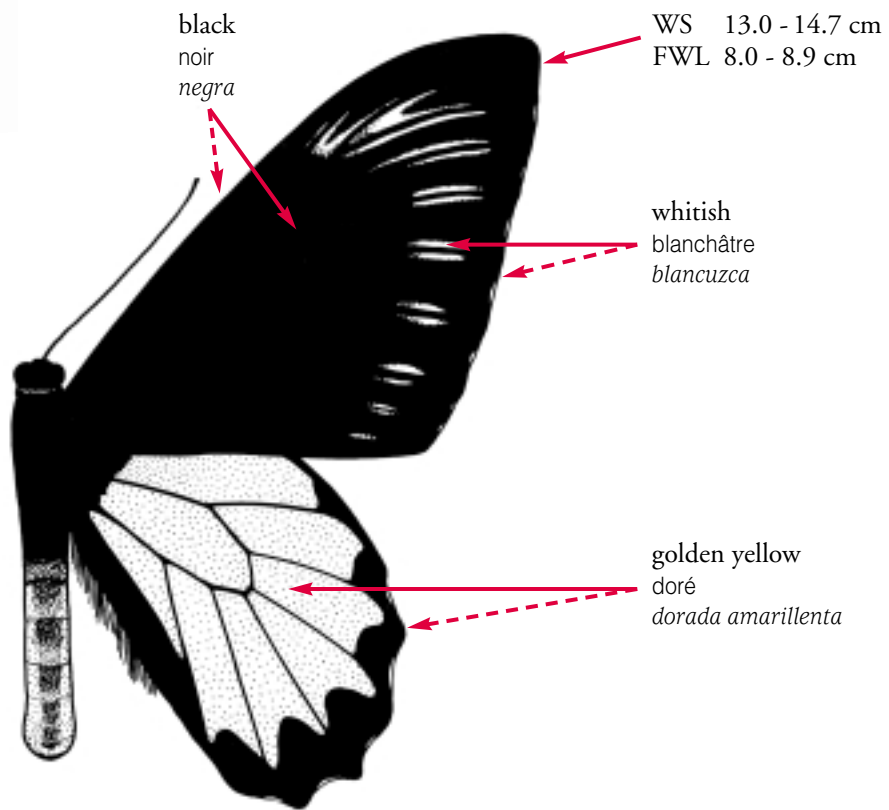

### **Troides miranda** - male/mâle/macho

 Spp. TR-63 → TR-66 **11**

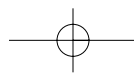

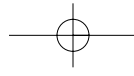

**TROIDES**

whitish areas sometimes more extensive  
zones blanchâtres parfois plus étendues  
zonas *blancuzcas* a veces más extensivas

Similar species / Espèces semblables / Especies semejantes : *Troides amphrysus* **31** , *T. andromache* **33** , *T. cuneifera* **37** , *T. prattorum* **57**

## **Troides oblongomaculatus** - female/femelle/hembra

 Spp. TR-67 → TR-72 **11**

WS 11.0 - 17.2 cm  
FWL 7.0 - 10.0 cm

brownish-black to black  
noir brunâtre à noir  
*negra acastañada a negra*

greyish-white  
(sometimes more or less extensive)  
blanc grisâtre  
(parfois plus ou moins étendu)  
*blanca grisácea*  
(a veces más o menos extensiva)

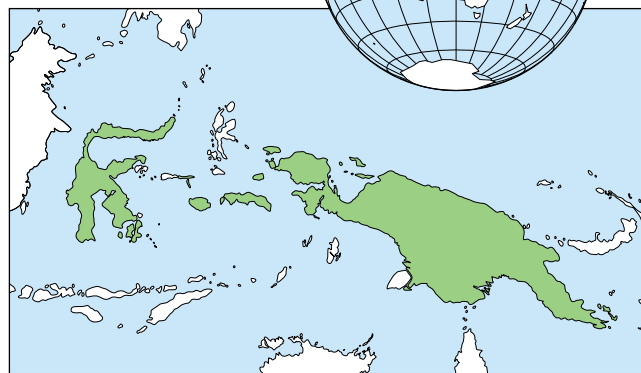

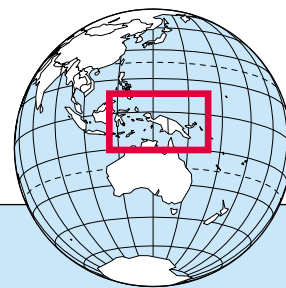

**TROIDES**

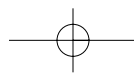

black spots  
(sometimes free from margin)  
taches noires  
(parfois libres de la marge)  
*manchas negras*  
(a veces libres del margen)

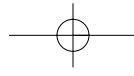

creamy white A area  
zone A blanc crème  
*zona A blanca crema*

golden yellow (sometimes reduced)  
doré (parfois réduite)  
*dorada amarillenta (a veces reducida)*

Similar species / Espèces semblables / Especies semejantes : *Troides hypolitus* **44** , *T. magellanus* **46** , *T. miranda* **50** , *T. prattorum* **56**

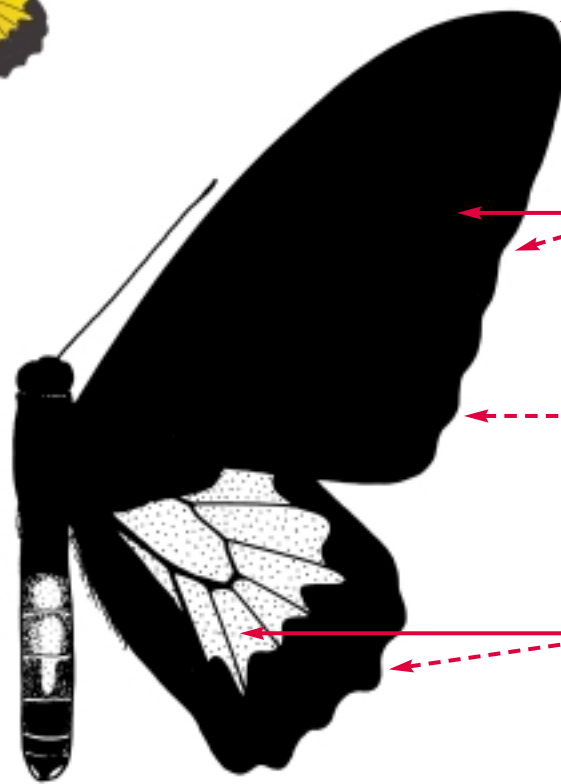

### **Troides oblongomaculatus** - male/mâle/macho

 ↳ Ssp. TR-67 → TR-72 **11**

WS 10.0 - 15.8 cm  
FWL 7.0 - 8.8 cm

entirely black  
complètement noir  
*negra en total*

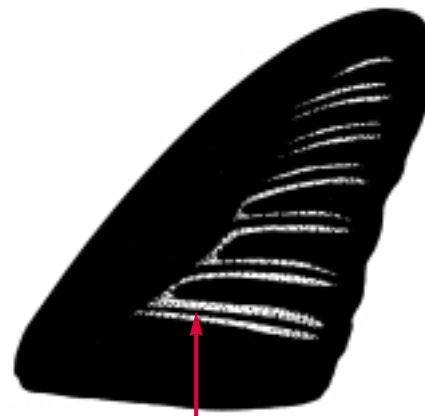

sometimes with faint greyish stripes  
parfois avec rayures grisâtres indistinctes  
*a veces con rayas grisáceas indistintas*

golden yellow  
doré  
*dorada amarillenta*

**TROIDES**

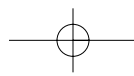

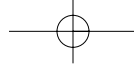

golden yellow sometimes reduced  
doré parfois réduite  
*dorada amarillenta a veces reducida*

FW sometimes with greyish stripes  
FW parfois avec des rayures grisâtres  
*FW a veces con rayas grisáceas*

Similar species / Espèces semblables / Especies semejantes : *Troides darsius* **39**, *T. vandepolli* **65**

 **Troides plato** - female/femelle/hembra

black to greyish-brown  
noir à brun grisâtre  
*negra a café grisácea*

WS 12.0 - 14.0 cm  
FWL 7.0 - 8.0 cm

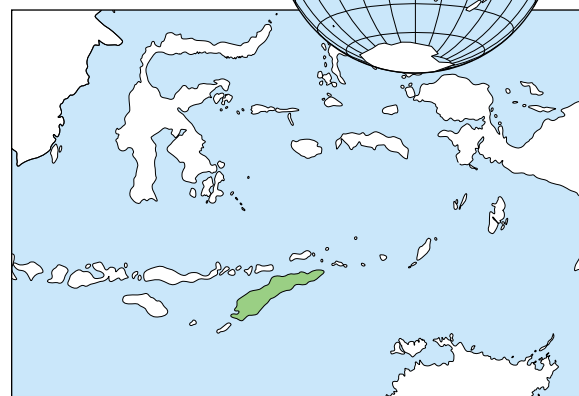

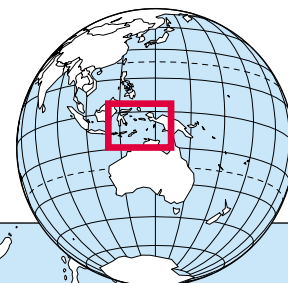

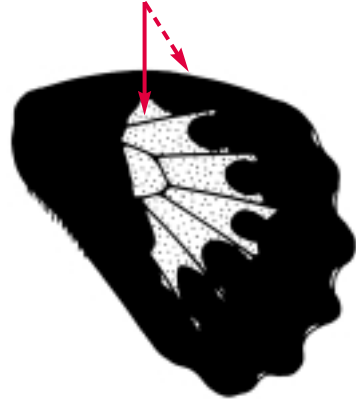

greyish  
grisâtre  
*grisácea*

white (sometimes more extensive)  
blanc (parfois plus étendu)  
*blanca (a veces más extensiva)*

6-7 golden yellow areas  
6-7 zones dorées  
*6-7 zonas doradas amarillentas*

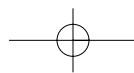

sometimes with golden yellow A area  
parfois avec une zone A dorée  
*a veces con una zona A dorada amarillenta*

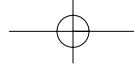

sometimes with golden yellow Sc area  
parfois avec une zone Sc dorée  
*a veces con una zona Sc dorada amarillenta*

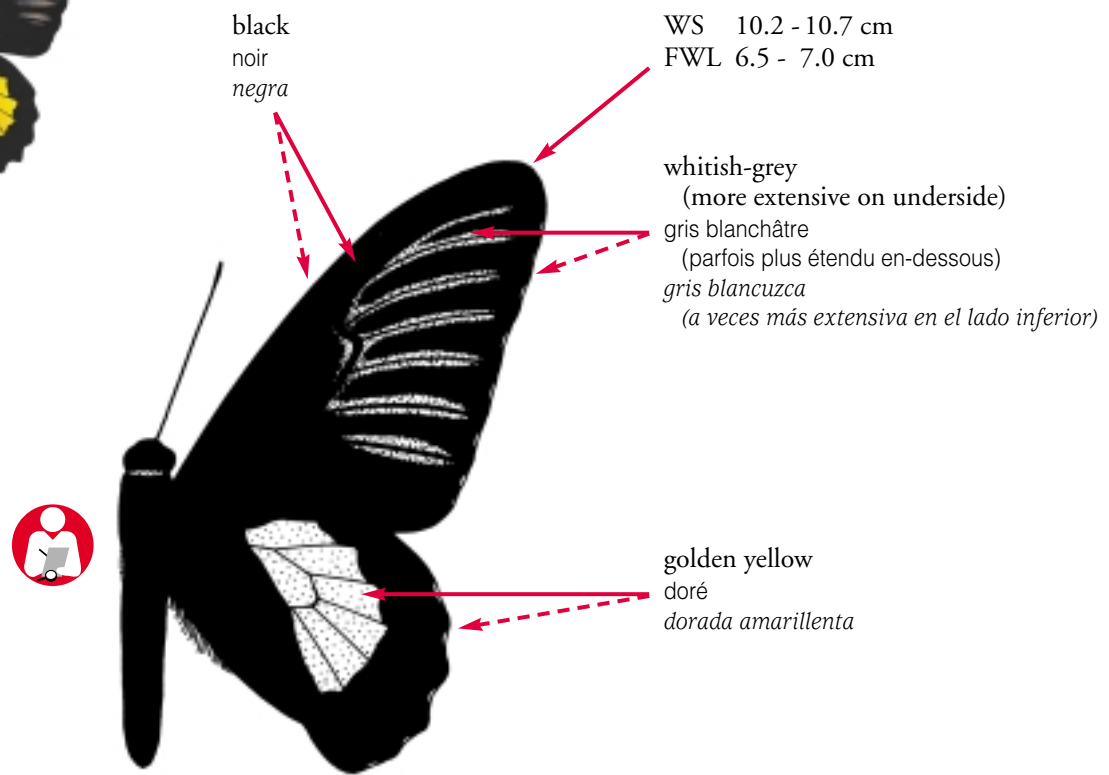

**TROIDES**

Similar species / Espèces semblables / Especies semejantes : *Troides criton* 34 , *T. riedeli* 60 , *T. staudingeri* 62

 **Troides plato** - male/mâle/macho

TROIDES

Similar species / Espèces semblables / Especies semejantes : *Troides criton* 35 , *T. haliphron* 41 , *T. riedeli* 61 , *T. staudingeri* 63

 **Troides prattorum** - female/femelle/hembra

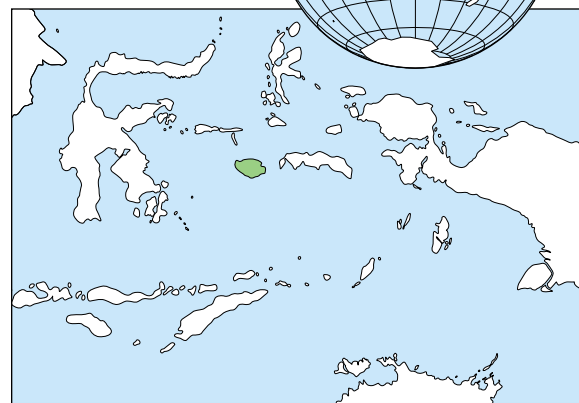

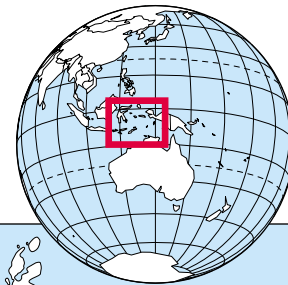

WS 14.0 - 15.8 cm  
FWL 9.8 - 10.4 cm

dark brown  
brun foncé  
café oscura

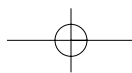

golden yellow  
doré  
dorada amarillenta

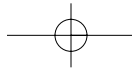

black  
noir  
negra

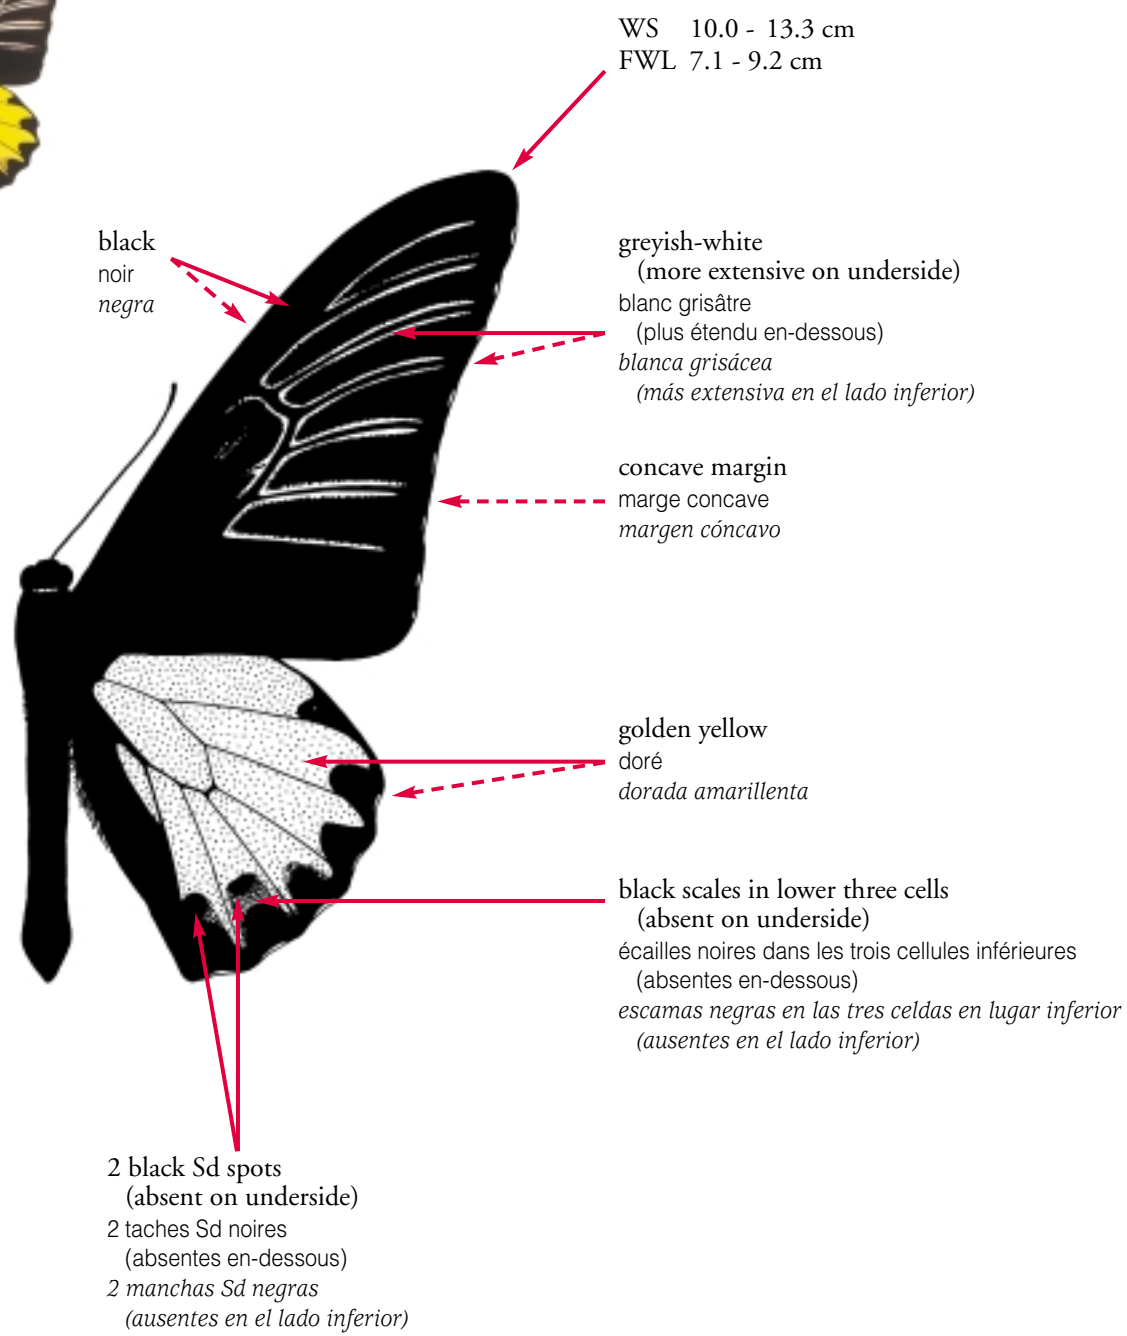

**TROIDES**

Similar species / Espèces semblables / Especies semejantes : *Troides hypolitus* 44 , *T. magellanus* 46 , *T. miranda* 50 , *T. oblongomaculatus* 52

 **Troides prattorum** - male/mâle/macho

TROIDES

Similar species / Espèces semblables / Especies semejantes : *Troides aeacus* 29 , *T. magellanus* 47 , *T. minos* 49 , *T. miranda* 51

### **Troides rhadamantus** - female/femelle/hembra

**TROIDES**

 Spp. TR-73 → TR-75 **11**

WS 10.6 - 14.0 cm  
FWL 7.0 - 8.9 cm

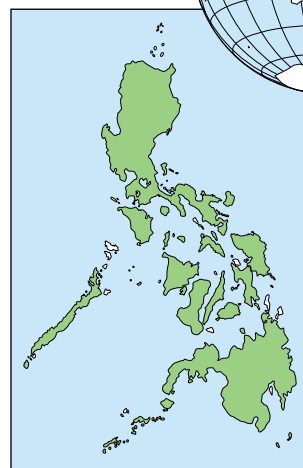

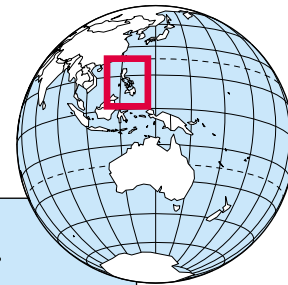

white to greyish brown  
(more extensive on underside)  
blanc à brun grisâtre  
(plus étendu en-dessous)  
*blanca a café grisácea*  
(más extensiva en el lado inferior)

black to brown  
noir à brun  
*negra a café*

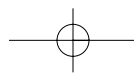

black spots sometimes fused  
taches noires parfois fusionnées  
*manchas negras a veces fusionadas*

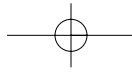

3-8 golden yellow areas  
3-8 zones dorées  
*3-8 zonas doradas amarillentas*

Similar species / Espèces semblables / Especies semejantes : *Troides amphrysus* **30**, *T. staudingeri* **62**

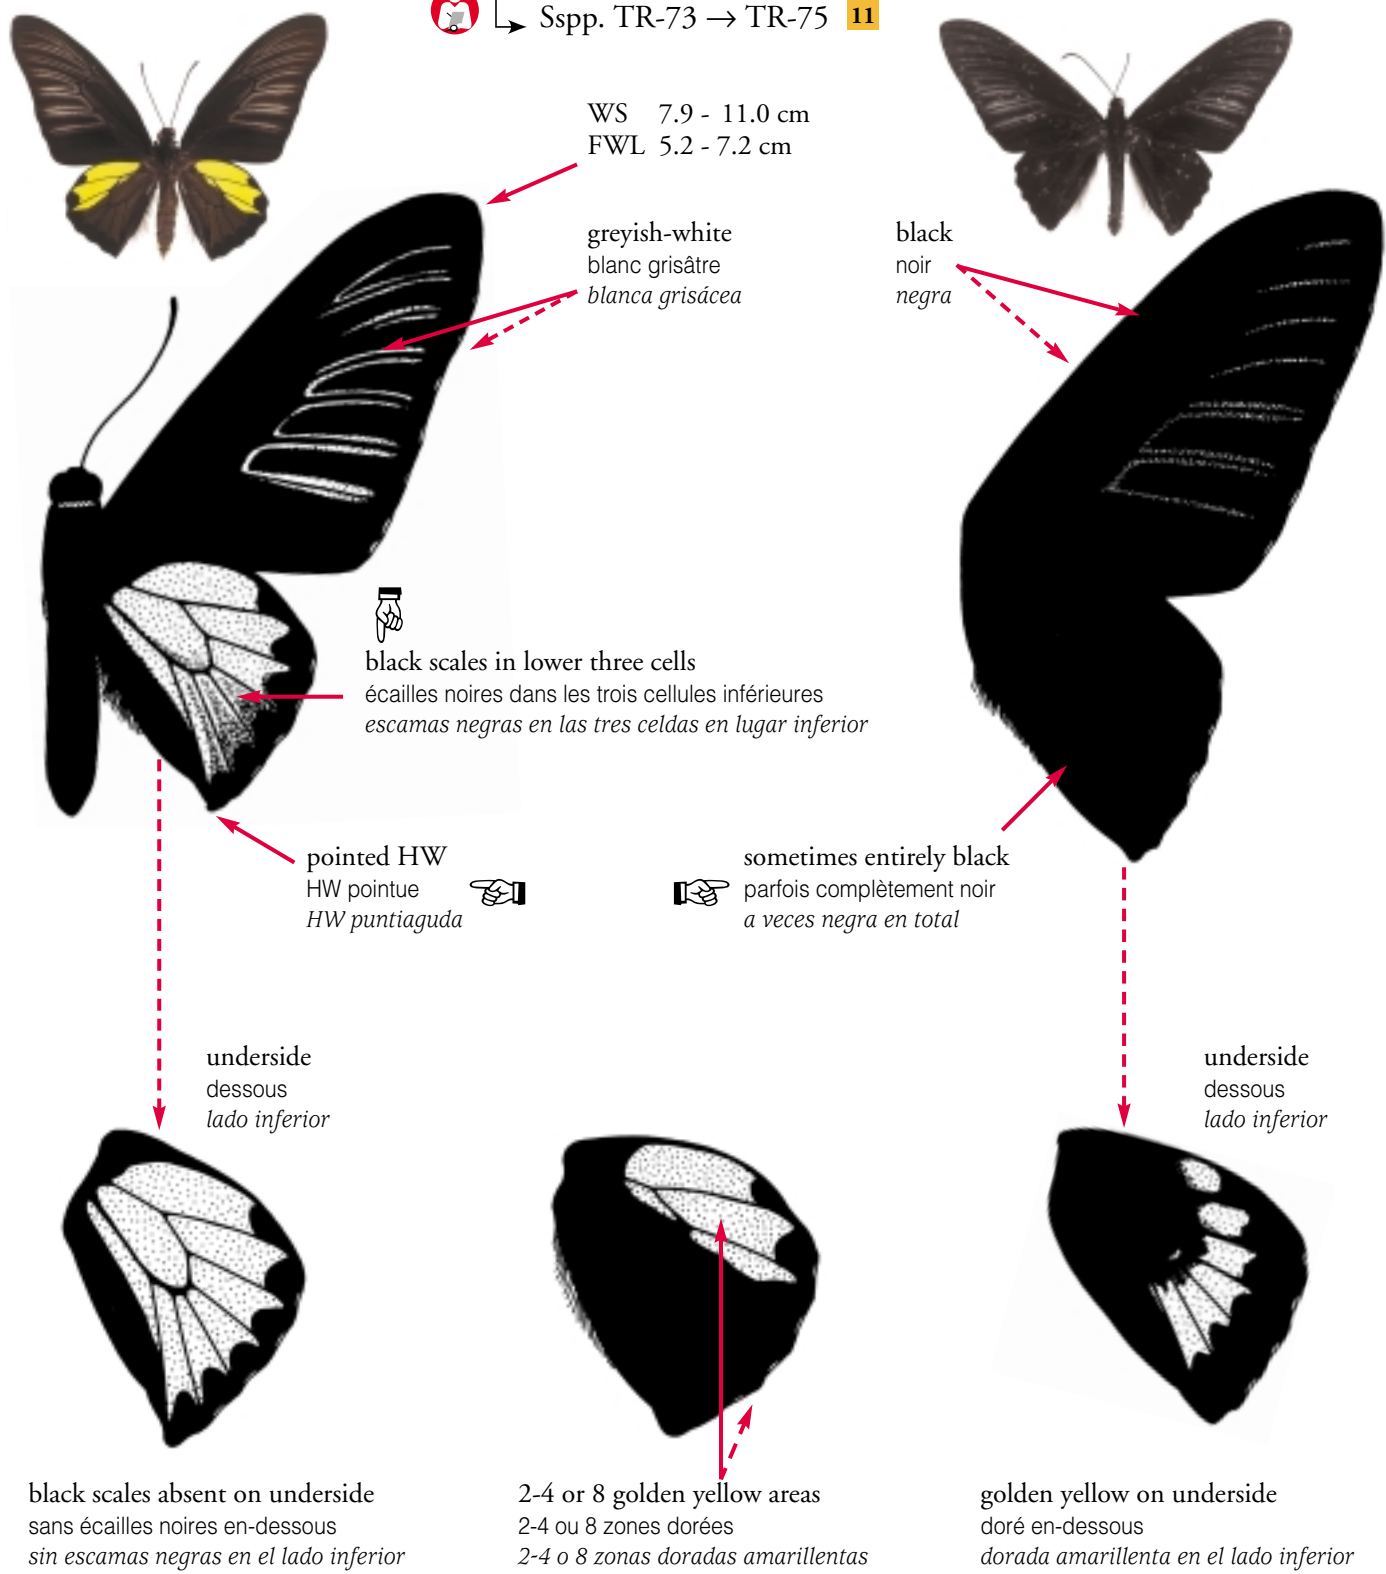

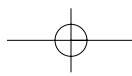

### Troides rhadamantus - male/mâle/macho

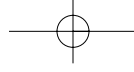

Ssp. TR-73 → TR-75 11

TROIDES

Similar species / Espèces semblables / Especies semejantes : *Troides aeacus* 29 , *T. magellanus* 47

 **Troides riedeli** - female/femelle/hembra

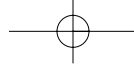

**TROIDES**

Similar species / Espèces semblables / Especies semejantes : *Troides criton* 34 , *T. plato* 54

 **Troides riedeli** - male/mâle/macho

WS 9.0 - 12.8 cm  
FWL 11.5 - 12.5 cm

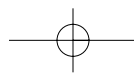

greyish-white  
(more extensive on underside)  
blanc grisâtre  
(plus étendu en-dessous)  
*blanca grisácea*  
(más extensiva en el lado inferior)

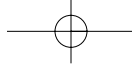

golden yellow  
doré  
*dorada amarillenta*

**TROIDES**

Similar species / Espèces semblables / Especies semejantes : *Troides criton* 35 , *T. darsius* 39 , *T. plato* 55

61 → 63

### **Troides staudingeri** - female/femelle/hembra

 Spp. TR-76 → TR-80 **11**

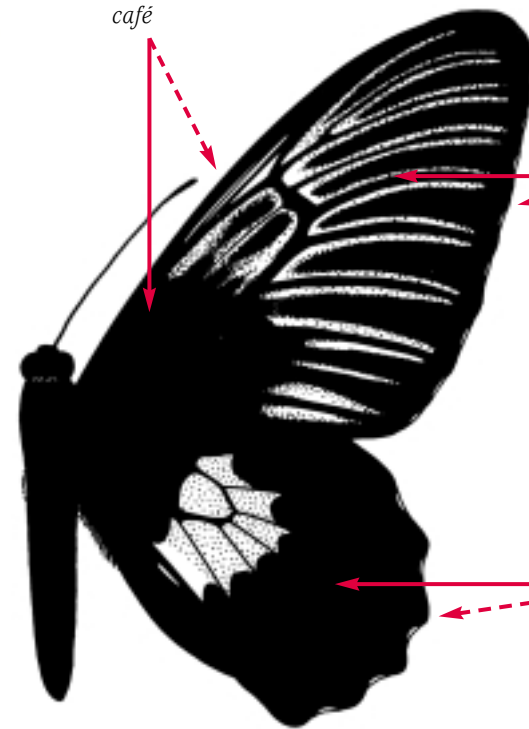

brown  
brun  
café

WS 12.0 - 13.6 cm  
FWL 7.2 - 8.4 cm

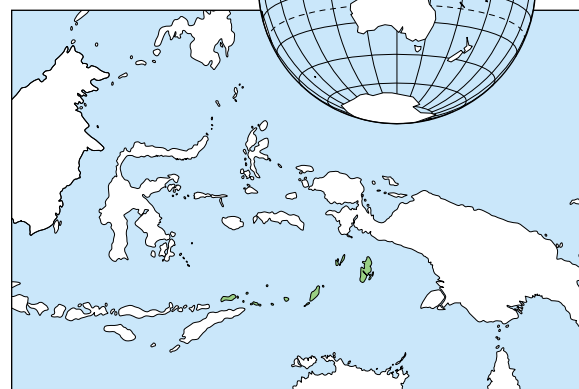

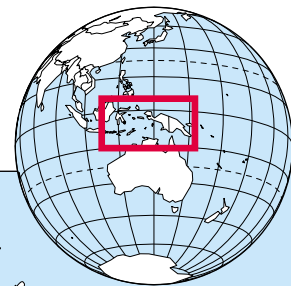

whitish to greyish-brown  
(sometimes more extensive)  
blanchâtre à brun grisâtre  
(parfois plus étendu)  
*grisácea a grisácea café*  
(a veces más extensiva)

black spots fused  
taches noires fusionnées  
*manchas negras fusionadas*

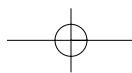

**TROIDES**

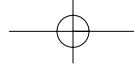

5-7 golden yellow areas  
5-7 zones dorées  
5-7 zonas doradas amarillentas

Similar species / Espèces semblables / Especies semejantes : *Troides haliphron* **40**, *T. plato* **54**, *T. rhadamantus* **58**

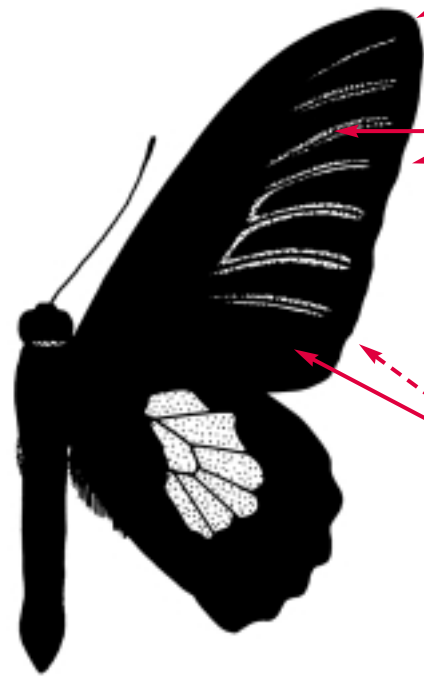

### **Troides staudingeri** - male/mâle/macho

 ↳ Ssp. TR-76 → TR-80 **11**

WS 9.2 - 12.0 cm  
FWL 6.0 - 7.0 cm

greyish-white  
(more extensive on underside)  
blanc grisâtre  
(plus étendu en-dessous)  
*blanca grisácea*  
(más extensiva en el lado inferior)

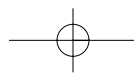

brownish to black  
brunâtre à noir  
*acastañada a negra*

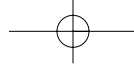

**TROIDES**

4-7 golden yellow areas  
4-7 zones dorées  
*4-7 zonas doradas amarillentas*

Similar species / Espèces semblables / Especies semejantes : *Troides haliphron* **41** , *T. plato* **55**

## **Troides vandepolli** - female/femelle/hembra

 Spp. TR-81 → TR-83 **11**

brown to black  
brun à noir  
*café a negra*

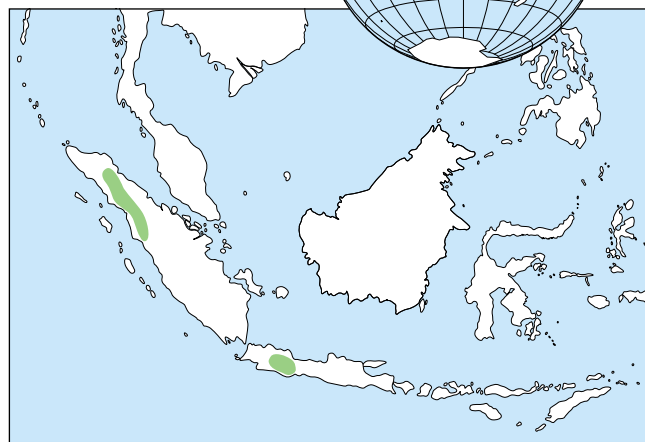

WS 12.0 - 15.0 cm  
FWL 7.7 - 8.7 cm

greyish-white  
(more extensive on underside)  
blanc grisâtre  
(plus étendu en-dessous)  
*blanca grisácea*  
(más extensiva en el lado inferior)

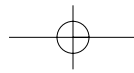

**TROIDES**

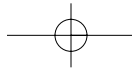

black spots sometimes fused  
taches noires parfois fusionnées  
*manchas negras a veces fusionadas*

Similar species / Espèces semblables / Especies semejantes : *Troides cuneifera* **36** , *T. darsius* **38**

### **Troides vandepolli** - male/mâle/macho

 Ssp. TR-81 → TR-83 **11**

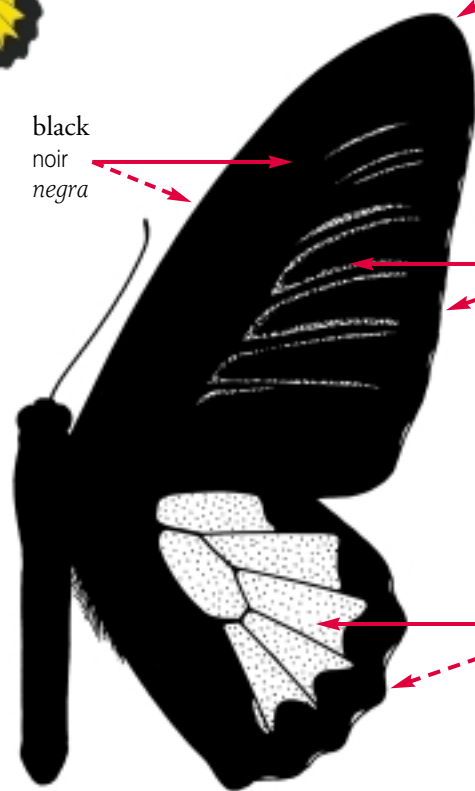

WS 9.4 - 12.3 cm  
FWL 6.9 - 8.5 cm

black  
noir  
negra

whitish-grey  
(more extensive on underside)  
gris blanchâtre  
(plus étendu en-dessous)  
gris blancuzca  
(más extensiva en el lado inferior)

golden yellow  
doré  
dorada amarillenta

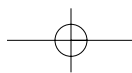

**TROIDES**

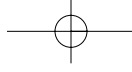

HW: sometimes with one black spot  
(usually absent on underside)  
HW : parfois avec une tache noire  
(habituellement absente en-dessous)  
HW: a veces con una mancha negra  
(usualmente ausente en el lado inferior)

HW: sometimes with black scales in  
lower two cells (absent on underside)  
HW : parfois avec des écailles noires dans les deux  
cellules inférieures (absentes en-dessous)  
HW: a veces con escamas negras en las dos celdas  
inferiores (ausentes en el lado inferior)

Similar species / Espèces semblables / Especies semejantes : *Troides helena* **43** , *T. minos* **49**
