

OBS 4-2003

Correction to the

French MANOBS 10.4.2.4

OBS Circular 4-2003 is in effect until the release of amendment #15 to MANOBS.

Section 10.4.2.4 of the French MANOBS is incorrect.

The correct wording for section 10.4.2.4 of MANOBS is as follows.

Each occurrence of haze, smoke, blowing snow, blowing sand, blowing dust, dust haze, sandstorm or duststorm alone or in combination with other phenomena shall be recorded in these columns if observed with a prevailing visibility of 6 miles or less.

Observer Responsibility

Effective immediately, observers will record occurrences as specified in 10.4.2.4 of this OBS Circular.

Inquires about the content of **OBS 4-2003** should be directed to the Manager-Regional Technical Services Office.
