

## A World of Solutions Daily

Part II Exhibition is open today from 10:00 a.m. to 8:00 p.m.

Wednesday, December 7

### Today in the Conference Centre

- Forests and agriculture are at the foundation of the **BIOCAP Event: Capturing Canada's Green Advantage: Towards a Sustainable Bioeconomy**. Sessions include *Building Networks to Explore the Carbon Cycle*, *Adding Value in Agriculture through Climate Change Solutions* and more. Detailed agenda at: [www.biocap.ca](http://www.biocap.ca)
- A unique bilateral climate action plan is being implemented by New England and Eastern Canada under the Conference of the New England Governors and eastern Canadian premiers. Learn about it at the **Northeastern United States - Eastern Canada Regional Climate Action Plan** event.
- An energy-based CDM project in Tunisia is featured at **Sustainable development criteria & CDM project selection**.
- **Objectives and Orientations of the Energy Strategy for Québec** will be highlighted today.
- **Potential for Organic Farming as Climate Change Mitigation and Adaptation Activity**: A look at agriculture related projects.
- See an 80-minute film adapted from the critically acclaimed **The Great Warming** television series in Canada. A discussion panel will follow with Karen Coshof of Stonehaven Inc, Kevin Knobloch of the Union of Concerned Scientists and Reverend Richard Cizik of the National Association of Evangelicals.
- **Heat or Eat: Towards an Atlantic Canada Strategy** presents experts and analysts from four provinces who discuss the impact of higher energy prices and the policy barriers to adopting energy efficient measures in low income households.

9:00 a.m. to 5:00 p.m.  
Salle des Pins and Le Salon

10:00 a.m. to 12:00 p.m.  
Salle des Saules

12:30 p.m. to 3:30 p.m.  
Salle des Saules

12:30 p.m. to 4:00 p.m.  
Salle Mousseau

2:00 p.m. to 4:00 p.m.  
Salle des Ormes

5:30 p.m. to 8:00 p.m.  
Salle Mousseau

6:00 p.m. to 8:00 p.m.  
Salle des Saules

### Theme of the Day: Consumption and the One-Tonne Challenge

- Take the One-Tonne Challenge in the **Canada Pavilion**, see what private sector companies are doing to reduce greenhouse gases, and look at a "garbage autopsy" at the **Stage**. Videos from Students on Ice are shown at the **Climate Village in Action**, along with a responsible consumption twister game and more.

### What's Happening near by?

- Day three of the **4<sup>th</sup> Municipal Leaders Summit on Climate Change** is at the Centre Mont Royal (**by invitation only**).
- A networking breakfast for official delegations and Forum participants at the **Regency Hyatt Hotel (Hospitality room, level 5)** is part of the second day for Canadian companies to network with proponents of Clean Development Mechanism and Joint Implementation projects at the **International Carbon Projects Matchmaking Forum** organized by Enviro-Access at the **Regency Hyatt Hotel (Jeanne-Mance room)**.
- The government of Canada through TEAM (Climate Change Technology Early Action Measures) organize a Biobus tour of Loblaws and Envirogain at 1:30 p.m. Registration at the Canada Pavilion.
- The Canadian Coast Guard research vessel, **Amundsen's**, now a dedicated platform for Arctic research and raising international awareness of Canadian Arctic science. The **Amundsen** is docked at the Old Port of Montréal to showcase its scientific capabilities. An open house is being held December 6, 7 and 8.

### Culture Today

- **Société des arts technologiques** will introduce the **mkyoto** electronic mosaic at a **DJ/VJ Evening** held in its offices on Saint-Laurent Boulevard, in Montreal. It will be shown on a Panoscope 360° viewer. In June 2005, it was included in **Wired** magazine's list of 100 innovations that could change the world. DJ/VJ Evening on Climate Change, **7:00 p.m. to midnight - SAT**, 1195 St. Laurent Boulevard, Montreal. Free admission. [www.mkyoto.org](http://www.mkyoto.org)
