

A World of Solutions Daily

Part I Exhibition is open today from 10:00 a.m. to 8:00 p.m.

Monday, November 28

□ Today in the Conference Centre

- If you missed the opening ceremonies of the 11th Conference of the Parties (CoP) and the 1st Meeting of the Parties (MoP) to the Kyoto Protocol, there is a re-broadcast this morning.
- Energy efficiency extends beyond our homes and office buildings. Sometimes special care is required to reduce greenhouse gas emissions in special places such as houses of worship. Visit **Green Sacred Spaces – Energy Efficiency for Religious Buildings**.
- There was critical acclaim for **The Great Warming** television series in Canada. An 80-minute film adaptation provides the essence of the series' strong comments from scientists and opinion-makers on climate change. A discussion panel will follow with **Great Warming** Producer Karen Coshof of Stonehaven Inc., and Alden Meyer, Director of Strategy and Policy, Union of Concerned Scientists.

□ Theme of the Day: Impact and Adaptation

- Adapting to the impacts of climate change – how will our lives change? What opportunities and challenges exist? In the **Canada Pavilion**, Natural Resources Canada focuses on *Adapting to Climate Change*. At the **Climate Village in Action**, Friends of the Earth will be making small murals and presenting practical ideas for adaptation, while ENvironnement JEUnesse examines “Climate change, what are we talking about?”
- At 2:00 p.m. don't miss the daily Manitoba events at the **Stage** and at 6:00 p.m. the World Wildlife Fund's climate change film. **Special activities** feature the *Université du Québec à Montréal* presentation on Temperature Hikes versus Precipitation: Infrastructures Impact and more ...

□ What's Happening near by?

- From November 28 to December 9, see the *Green Building Exhibit* open all day at the Galerie Monopoli (in the public passage of the *Palais des Congrès*). Also, *Green Building Bus Tours* are organized by the Canada Green Building Council and the *Ordre des Architectes du Québec* to various green buildings in the Montréal area.

□ Culture Today

- Natural disasters and how living organisms cope with extreme conditions is the subject of an exhibition called **Extreme Nature** presented by the *Musée du Fjord* (Québec) in cooperation with the *Musée de la nature et des sciences de Sherbrooke*, the Department of Canadian Heritage and the City of Montréal. It is open today from 8:30 a.m. to 4:30 p.m. and Saturday and Sunday from 10:00 a.m. to 4:00 p.m. at Montréal City Hall, Hall of Honour, 275 Notre-Dame Street East, from November 26 to December 8.
- **Mkyoto** (www.mkyoto.org) is an animated electronic mosaic with images, illustrations, digital photographs and videos reflecting young people's ideas and thoughts about the planet's environment. Open until December 2 at Guy-Favreau Complex.
