

ERRATA FOR PYLE'S ID GUIDE TO NORTH AMERICAN BIRDS, 1997
As of 06/29/2005

Page	Correction								
2	Add label "tertials (terts)" in Fig. 1 to the lines indicating s9, s8, and s7; add "c" to "retrices" to spell "rectrices" in Figure 1.								
5	Add period between "length" and "Another" in second line of text.								
17	Add "e" to correct "genrations" in last line of third paragraph from the bottom.								
36	In the bottom paragraph "June" (3rd line) should be replaced with "June-July", "July" (4th line) should be replaced with "August", and "August" (5th line) should be replaced with "September".								
39	Add close parenthesis after "Check-list" in second line.								
72	Band size for Western Screech-Owl has been amended to "5-4".								
107	Change the species name to "Common Pauraque" and the species alpha code to "COPA".								
129	Ageing and sexing information for Blue-throated Hummingbird has been updated according to North Am. Bird Bander 25:134-137. See 25:137 for a revision to p. 129 in the Identification Guide.								
137	The "I" bars for females and Juv-HY/SY male in Fig. 102 should be switched.								
142	Under Hybrids Reported , "Blue-tailed" Hummingbird should be replaced with "Blue-throated" Hummingbird.								
161	The correct band sizes for Green Kingfisher are "2-1A, filed down."								
177-183	To all sapsucker accounts, add Hybrid Sapsucker, code HYSA, Species #4023, Band Size 1A-1B.								
201	At the end of the second sentence under Molt, change parenthetical reference to read "see Fig. 122C," not "see Fig. 121C."								
207	Change the first word of the tenth line of the first paragraph from "proximally" to "distally".								
210	The legend for Figure 139A should read: <div style="text-align: center; margin-left: 40px;"> <table border="0" style="width: 100%;"> <tr> <td style="width: 25%; text-align: center;">Fall</td> <td style="width: 25%; text-align: center;">Spring</td> <td style="width: 25%; text-align: center;">Fall</td> <td style="width: 25%; text-align: center;">Spring</td> </tr> <tr> <td style="text-align: center;">HY/SY</td> <td></td> <td style="text-align: center;">AHY/ASY</td> <td></td> </tr> </table> </div>	Fall	Spring	Fall	Spring	HY/SY		AHY/ASY	
Fall	Spring	Fall	Spring						
HY/SY		AHY/ASY							
217	The recommended band sizes for Eastern Wood-Pewee are now 0-0A.								
222	For the labels to Figure 147 replace "variably" emarginated with "not" emarginated, replace "2.2-6.7" with "5.2-9.3" after longest p - p6, and replace "10.3-17.5" with "13.3-23.5" after longest p - longest s.								
223	Under Sex, the values for the formula separating the sexes should be females < 2.76 and males > 4.50.								
224	The recommended band size for "Traill's" Flycatchers is now 0A.								
225	Replace "Spring" with "AHYs" at the top of Figure 149.								
236	For the labels to Figure 155 replace "4.1-8.1" with "4.7-9.8" after p6 - p10, replace "0.9-4.6" with "0.2-4.4" after longest p - p6, and replace "9.0-16.9" with "8.6-17.1" after longest p - longest s.								
253	The ≥ and ≤ symbols in Figure 166 should be reversed.								
253-254	The information in Figures 167 and 168 and Table 5 applies to AHY/ASY's only. More study is needed to verify this information for HY/SY birds.								
254	In Table 5, the wing length for Couch's Kingbird should be "115-131".								
268	The subspecies <i>T.s. "monarchus"</i> should be <i>T.s. "monachus"</i> . In the descriptions of the notch measurements for <i>T. s. savana</i> and <i>T. s. monarchus</i> , the words "inner" and "outer" should be switched.								
286	Under Geographic Variation " <i>swainsoni</i> " should be replaced (twice) with " <i>swainsonii</i> ".								
289	The reference to "Fig. 186" under Skull should be to "Fig. 204".								
295	The recommended band sizes for Steller's Jay are now 3-2-3B.								
300	Change the band size order for Florida Scrub-Jay to "2-3".								
301	Change the band size for Island Scrub-Jay to "3".								
316	Six references to "Fig. 184" under Geographic Variation should be to "Fig. 202".								
329	In the label for the AHY male in Figure 209, the "≤" should be replaced with "≥." Also, in the first line of the plumage description for AHY/ASY, "r6 - r1 > 30 mm" should read "r6 - r1 26-53 mm."								
333-342	Add Hybrid Chickadee, code HYCH, species #7356, Band Size 0-1C-0A, to the species accounts for all chickadees.								
340	The recommended band sizes for Boreal Chickadee are now 0-0A.								
341	Change the species name from "Siberian Tit" to "Gray-Headed Chickadee," and the species alpha code to "GHCH." All other information remains the same.								
360	Reference to Figure 209 under "AHY/ASY" should be to Figure 219.								
362	Delete "and unbarred" from the second line of the description of juvenal plumage (under Age).								
364	References to Figure 209 under "HY/SY" and "AHY/ASY" should be to Figure 219.								
365	Reference to Figure 209 under "HY/SY" should be to Figure 219. The recommended band sizes for House Wren are now 0-0A.								
366	Reference to Figure 209 under "AHY/ASY" should be to Figure 219.								

- 395 The character descriptions (but not the ranges) for the two subspecies *aliciae* and *minimus* should be switched.
- 397 In Figure 237 the labling "-3 to 8" mm should be changed to "-1 to 9" mm.
- 400 "Northern (*C. g. nanus*) Group" should read "Northern (*C. g. faxoni*) Group." The tails for *C. g. euborius* should be 63-73 female and 68-76 male.
- 421 Change "FIGURE 249" to "FIGURE 247".
- 422 Add figure and caption shown below to the blank space (photocopy or cut out and tape or glue in).

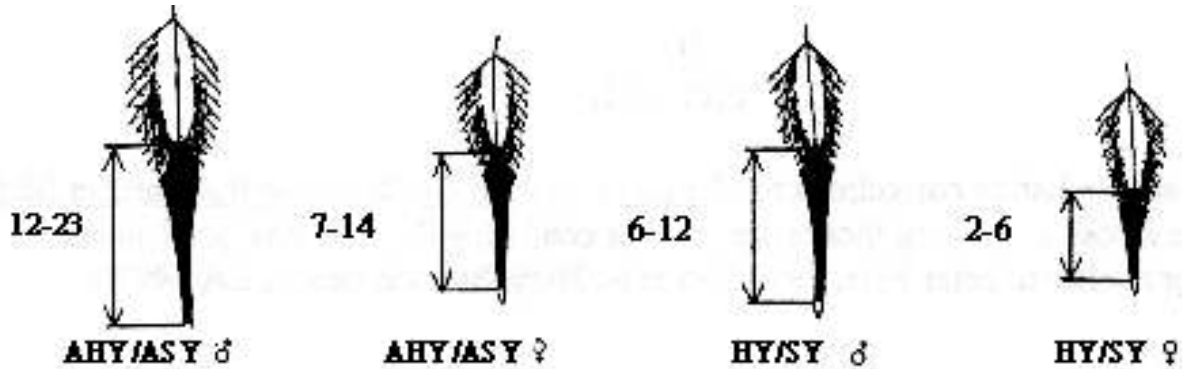

FIGURE 248. Lengths of iridescence on the throat feathers of European Starling, by age and sex.

- 466 Under "Species" the tail length should be 41-49.
- 468 Switch captions for Fig. 266: HY/SY ♂ with AHY/ASY ♀.
- 480 The caption to Figure 271 should refer to the "inner" rather than the "outer" greater coverts.
- 481 Add combination ♀♂ symbol to June for AHY Blackburnian Warbler bar graph.
- 491 Change species alpha code for Blackpoll Warbler from "BPLW" to "BLPW".
- 495 Add combination ♀♂ symbol to June for AHY Cerulean Warbler bar graph.
- 497 Under "Age/Sex" the tail lengths for male and female should be reversed.
- 530 The correct band sizes for Flame-Colored Tanager are "1A-1B".
- 535 Under **Hybrids Reported** add "Hybrids between Green-tailed and other towhees have Alpha Code HYTO, Species # 5906, and Band size 1A-1B".
- 536 Under "Age/Sex" for Eastern Towhee add "CP/BP (Mar.-Sep.)" after "(see below)".
- 547 The recommended band sizes for Rufous-crowned Sparrow are now 1-1B. (Birds of the *scottii* group should be banded with 1B's).
- 549 The bar graph should be labeled "Five-striped Sparrow" rather than "Sage Sparrow".
- 550 The recommended band sizes for Chipping Sparrow are now 0-0A.
- 555 The recommended band sizes for Field Sparrow are now 0-1-0A.
- 558-559 The three references to Figure 3X00 in the Vesper Sparrow account (one at the end of the "Species" heading and one in each plumage description under "Age") should be changed to "(Fig. 296)".
- 563 The bar graph should be labeled "Sage Sparrow" rather than "Five-striped Sparrow."
- 565 The correct band size for Ipswich Sparrow is "1B."
- 565-568 References to Figure 297 (one on p. 565 in the last line of "Species"; two on p. 567 toward the end of the plumage descriptions for HY/SY and AHY/ASY under "Age"; and two on p. 568 toward the end of the plumage descriptions for Juv-HY/SY and AHY/ASY under "Age") should be changed to "(Fig. 296)".
- 575 Hyphenate "Dusky Seaside-Sparrow" and "Cape Sable Seaside-Sparrow".
Change the species alpha code for "Dusky Seaside-Sparrow" to "DUSS".
- 593 The correct band sizes for Oregon Junco and Gray-Headed Junco are "0-1C".
The correct band size for White-Winged Junco is "1C".
The alpha code for Unidentified Dark-eyed Junco should be "UDEJ," and the band sizes are "0-1C".
- 600 The reference, "(see Fig. 3X11)," under "Species" should read "(see Fig. 307)".
- 604 In the caption for Figure 312, change "inner ss" to "outer ss". Also, all four references to Figure 316, one in each plumage description, should be changed to "(Fig. 312)".
- 605 Change the species alpha code for McKay's Bunting to "MKBU".
- 617 Under "Hybrids reported," add species alpha code "ILBH," species "#5986," and band size "1C-1."
- 619 Under "Hybrids reported" for Lazuli Bunting, add species alpha code "ILBH," species "#5986," and band size "1C-1".
- 626 After female it should read "Wg < 91 and/or tl < 63;..."
- 633-634 Four references to "Fig. 325" under **Geographic Variation** should be to "Fig. 326".

- 643 The species number for Shiny Cowbird should be "4961," not "9161".
- 645 The wing morphology label for Figure 330 should read "p9 - p6 -6 to 5," not "p9 - p6 -10 to 3".
- 669 Add labeling to Figure 342, "HY/SY" under the left illustration and "AHY/ASY" under the right illustration.
- 671 Under "Molt," 4th line from bottom, change reference to "(Fig. 215)" to "(Fig. 225)".
- 672 Under "U/AHY""", 2nd line from bottom, change reference to "(Fig. 215)" to "(Fig. 225)".
- 677 The recommended band sizes for Common Redpoll are now 0-0A.
- 678 Under AHY/ASY ♂, change undertail covert reference from "(Fig. 345B-C)" to "(Fig. 345D-E)."
- 679 The recommended band sizes for Hoary Redpoll are now 0-0A.
- 680 The band size for Pine Siskin is now 0-0A.
- 696 Under the "Browning, M.R." heading, "1979b" should be "1978" and "1978" should be "1979b."
- 706 Lowther and Cink (1992) should be listed under P.E., rather than J.K. Lowther.
- 721 Add: Webster, J.D. 1984. Richardson's Mexican collection: Birds from Zacatecas and adjoining states. Condor 86:204-207. Also note that the two citations by W. Wander are out of sequence.
- 726 In index, "*Molothus*" should read "*Molothrus*." Also, the entry "Pheobe, Black" should be deleted, and "Black, 239" should be added to the entry with the other Phoebe's under "Phoebe."

Changes from 06/2001 MTAB 85

Species	Alpha Code	Band Size	Remarks
Eastern Wood Pewee	EAWP	0-0A	
Willow Flycatcher	WIFL	0A	
Alder Flycatcher	ALFL	0A	
SW Willow Flycatcher	SWFL	0A	
Traill's Flycatcher	TRFL	0A	
Steller's Jay	STJA	3-2-3B-3A	
Hoary Redpoll	HORE	0-0A	
Common Redpoll	CORE	0-0A	
Chipping Sparrow	CHSP	0-0A	
Field Sparrow	FISP	0-1-0A	
Hybrid Towhee	HYTO	1A-1B	Except Eastern x Spotted Towhee
House Wren	HOWR	0-0A	
Boreal Chickadee	BOCH	0-0A
