Introduction

The 2004 directory of *Transition Houses and Shelters for Abused Women in Canada* is one of a series of directories prepared for the National Clearinghouse on Family Violence under the Family Violence Initiative of the Government of Canada.

This directory provides a listing of transition houses and shelters for abused women. The services are listed by province and territory (east to west) and alphabetically by town and city.*

Transition and second stage houses provide temporary accommodations and support for abused women and their children.

Each listing identifies the type of facility or service (transition housing, second stage housing or other), the availability of bilingual services, service fees or free services, accommodations for women with children, as well as women with disabilities. A description of codes for these categories follows the introduction section.

Organizations listed in this directory may also offer counselling and follow-up services and may provide information about other local sources of assistance.

*Please note that we have not evaluated the services identified in this directory.

Introduction

L'édition des *Maisons de transition et d'hébergement pour femmes violentées au Canada 2004* fait partie d'une série de répertoires préparés par le Centre national d'information sur la violence dans la famille dans le cadre de l'Initiative de lutte contre la violence familiale lancée par le gouvernement du Canada.

Ce répertoire présente une liste à jour des maisons de transition et d'hébergement pour femmes violentées. Les services sont énumérés par province et territoire (d'est en ouest) et dans l'ordre alphabétique des municipalités et des villes.*

Les maisons de transition et d'hébergement offrent un hébergement temporaire et un soutien aux femmes violentées et à leurs enfants.

Chaque inscription indique le type d'installations et de services offerts (maison de transition, maison d'hébergement ou autre), et précise si des services bilingues sont disponibles, si des frais sont exigés pour les services, pour les femmes avec des enfants, ainsi que pour les femmes handicapées. Les codes désignant ces catégories sont décrits après l'introduction. Plusieurs des organisations énumérées dans le présent répertoire offrent également des services de counseling et de suivi ainsi que de l'information au sujet d'autres sources d'aide locales.

* Veuillez prendre note que nous n'avons pas tenté d'évaluer les services énumérés dans le répertoire.

Some listings include a toll free number, often accessible only within the province or territory. Toll free numbers for the National Clearinghouse on Family Violence, however, can be used across Canada.

The first few pages of your local phone book may also identify distress lines or emergency numbers.

If you are aware of any changes or additions that should be made to these listings, please let us know.
