**Note:** This table shows amounts of child support based on total income to the nearest \$100. There is a mathematical formula for calculating specific child support amounts between the \$100 levels. For more information, please contact the Department of Justice.

**Nota:** La présente table indique le montant de pension alimentaire pour enfants à verser d'après le revenu total (aux 100 \$ près). Il existe une formule mathématique pour calculer le montant exact de la pension alimentaire pour enfants dans le cas des revenus qui se situent entre les tranches de 100 \$. **Note:** This table shows amounts of child support based on total income to the nearest \$100. There is a mathematical formula for calculating specific child support amounts between the \$100 levels. For more information, please contact the Department of Justice.

**Nota:** La présente table indique le montant de pension alimentaire pour enfants à verser d'après le revenu total (aux 100 \$ près). Il existe une formule mathématique pour calculer le montant exact de la pension alimentaire pour enfants dans le cas des revenus qui se situent entre les tranches de 100 \$. **Note:** This table shows amounts of child support based on total income to the nearest \$100. There is a mathematical formula for calculating specific child support amounts between the \$100 levels. For more information, please contact the Department of Justice.

**Nota:** La présente table indique le montant de pension alimentaire pour enfants à verser d'après le revenu total (aux 100 \$ près). Il existe une formule mathématique pour calculer le montant exact de la pension alimentaire pour enfants dans le cas des revenus qui se situent entre les tranches de 100 \$. **Note:** This table shows amounts of child support based on total income to the nearest \$100. There is a mathematical formula for calculating specific child support amounts between the \$100 levels. For more information, please contact the Department of Justice.

**Nota:** La présente table indique le montant de pension alimentaire pour enfants à verser d'après le revenu total (aux 100 \$ près). Il existe une formule mathématique pour calculer le montant exact de la pension alimentaire pour enfants dans le cas des revenus qui se situent entre les tranches de 100 \$. Pour plus de renseignements, veuillez communiquer avec le ministère de la Justice

**Note:** This table shows amounts of child support based on total income to the nearest \$100. There is a mathematical formula for calculating specific child support amounts between the \$100 levels. For more information, please contact the Department of Justice.

**Nota:** La présente table indique le montant de pension alimentaire pour enfants à verser d'après le revenu total (aux 100 \$ près). Il existe une formule mathématique pour calculer le montant exact de la pension alimentaire pour enfants dans le cas des revenus qui se situent entre les tranches de 100 \$. **Note:** This table shows amounts of child support based on total income to the nearest \$100. There is a mathematical formula for calculating specific child support amounts between the \$100 levels. For more information, please contact the Department of Justice.

**Nota:** La présente table indique le montant de pension alimentaire pour enfants à verser d'après le revenu total (aux 100 \$ près). Il existe une formule mathématique pour calculer le montant exact de la pension alimentaire pour enfants dans le cas des revenus qui se situent entre les tranches de 100 \$. **Note:** This table shows amounts of child support based on total income to the nearest \$100. There is a mathematical formula for calculating specific child support amounts between the \$100 levels. For more information, please contact the Department of Justice.

**Nota:** La présente table indique le montant de pension alimentaire pour enfants à verser d'après le revenu total (aux 100 \$ près). Il existe une formule mathématique pour calculer le montant exact de la pension alimentaire pour enfants dans le cas des revenus qui se situent entre les tranches de 100 \$.
