Themes

Symposium 2005

- continue exploring changing roles of Governments and Public Services; more international perspectives
 - U.S. nationalism and world bodies
- Statistics from Statistics Canada; not a pollster
- Healthy workplace with National Quality Institute winners (Chrysler and CAW; Delta Hotels; Statistics Canada)
- Relations fédérales-provinciales-municipales: nouvelle dynamique; cross jurisdictional services
- Working poor/ égalité des chances, capital humain, économie sociale
- Renaissance or Transformation: A responsible Public Service in changing times
- New Leadership Styles
- Change Management
- Service Delivery: a forgotten objective?
 - innovation in service delivery

Leftovers from 2004

- How to better understand, consult, gauge and meet public needs, e.g. B.C., U.N.B., etc. (Engaging citizens difficultly)
- getting ahead of the wave
- culture change in the Public Service; more efficient but with compassion
- Expenditure Review; what it means
- Roles of centre: administration; political vs departments and agencies
- values, leadership and re-building
- 10 ideas, issues which will shape Canada
- successes and failures of reforms; what can we learn?
- how do you create civil society in problem areas?
- vanishing regional presence
- challenging authority
- see how U.K. has dealt with democratic changes and public service re-orientation and have them assess it.
- policy capacity; engaging institutions outside the public service. Building within. Fora for ideas instead of present rigid processes.
- aboriginal issues; integration of immigrants poverty
- positioning ourselves in the world and US influence
- accountability: Sheila Fraser with Australian or UK Auditor General and a provincial auditor: their changing roles/expectations/impacts on EX.
- Genesis of 5 “scandals” how did it happen? What could have stopped it? Sponsorship; ADM from Health Canada, DND computers; HRDC, Privacy Commissioner
- sécurité et protection; rights, freedoms and obligations of citizens
- put sacred cows on table, i.e. non partisan public service
- trust in relationships; how do you build trust?
- national policies with regional facets OR
- do we need national policies on: energy, transportation, child care, education, health, etc.
