

Pacific Council of Senior Federal Officials

Official Languages Sub-Committee

Mandate:

Formed in 1996 by the Pacific Council of Senior Federal Officials, the Official Language Sub-Committee was the first of its kind mandated to address official languages initiatives and practices and to enhance second language servicing in a region.

Objectives:

- a) To foster networking and to provide an environment for sharing success stories, operational practices and initiatives implemented by various departments and agencies.
- b) To explore new avenues to better promote our mandate to the French language community through consultation and media communication.
- c) To allow the group to identify visible deficiencies as reported by various organizations (i.e. Commissioner of Official Languages, Treasury Board of Canada) and to develop a consistent approach towards corrective action.
- d) To convey a strong message to the French language community that we are serious in our commitment to provide equitable and comparable services in both official languages. In addition, to support the development of official languages minority communities and to foster recognition and the use of English and French in Canada.
