Fellow Comrades,

2006 will mark the 80th Anniversary of The Royal Canadian Legion. This catalogue contains many items specifically designed to commemorate this event. Some items, like the 12' banner shown on the adjacent page, may seem insignificant at first glance. We know all too well just how expensive it is to produce one customized banner for an individual branch to celebrate such an event. A reasonable economy of scale can be achieved on items like this when we produce many banners at once. This is how a large full colour banner made of high quality tri-lock polyester can be produced and sold for \$49.95 instead of paying hundreds.

We would just like to add one additional positive note. The number of orders processed and shipped by Legion Supply grew from 8400 in 2004 to 14,600 in 2005. We would like to thank you for your support throughout this past year. Many new items and more convenient ordering methods are planned for 2006. Please accept our best wishes for the New Year.

In Comradeship,  
Legion Supply

\* All consumer items intended to be resold to members are marked with an asterisk beside the item number. These items will be invoiced to the branch less a 10% discount.

While we intend on holding prices shown in this catalogue until September 2006, we reserve the right to change prices without notice.

The specially designed 80th anniversary badge and ribbon are cast in brass, with a satin finish, mounted on the maple leaf which is cast from a copper/brass alloy, with an oxidized finish. ### 80<sup>TH</sup> ANNIVERSARY BANNER, 12' x 30"

These large, 12' wide by 2 1/2' high, banners are made from tri-lock polyester printed in full colour. **UTILITY POCKET KNIFE**

This knife comes well sharpened and will hold an edge as it has been properly hardened to Rc 58-62. Also included are scissors that act more as effective snips for nasty loose threads that tempt you to pull and split your shirt wide open; a can opener, bottle opener, miniature corkscrew, #1 phillips screwdriver, and nail file. A small split-ring allows the entire unit to double as a key chain. The knife is supplied in a fabric pouch complete with belt loop and velcro closure. Makes a nice gift but at this price you should buy one for yourself too.

**\*300422 \$5.95**

**PORTFOLIO**

Portfolios are wonderful organizers and make great gifts. The frustrating part is the inserted paper pads often require a size of paper pad only available for the cost of an arm and a leg from a specialty store. These portfolios are supplied with and use a pad of regular letter size paper. They are made of durable imitation brown leather with the cover nicely embossed with the Legion Badge. A standard business card holder, pen holder, and storage sleeve are included on the inside.

**\*300507 \$19.95**

**VIMY LANTERN**

From time to time we have and will come across antiques that we can reproduce. This was one of them. The lantern that we had reproduced was issued to Lieutenant Charles Henry Boothe who served in the First World War with the 198<sup>th</sup> Battalion Canadian Buffs. Boothe's grandson graciously allowed the reproduction of this lantern. These lanterns were issued to many Canadian servicemen in the First World War.

A critical feature of these lanterns was their ability to fold and fit into the included tin case which has an additional tubular enclosure for the candle (included). This feature minimized the space the lanterns consumed while protecting the unit from severe handling. The lantern itself measures 3" by 3" and is 5 1/2" high. A Chain with eyelet is included so that the lanterns could be hung in a trench, bunker, or tree. Air is drawn through a series of holes in the bottom of the lantern and is vented through the largely open top. We stayed true to the design of the original however this lantern still remains quite useful. The real glass panes provide a shield from wind making this lantern ideal for camping or a walk under the stars.

**\*300479 \$29.95**

**LEGION LIGHTER WITH PRESENTATION BOX**

This is a really nice lighter that refills using a standard butane canister. The powerful, adjustable, flame ignites using an electric ignition sufficiently that you can light a good cigar while travelling 30 mph across the water. This 2 1/4" x 1 1/4" stainless steel lighter is plated with titanium, then laser engraved with the Legion Badge. The Legion Badge is also printed onto the lid of the included case. The 3 1/2" x 3 1/2" case is made of coated metal lined with felt making it quite suitable for presentation or as a gift. The lighters are shipped empty (no butane) so that your order may be handled by postal services.

**\*300485 \$19.95**

**GREETING CARDS**

This line of greeting cards has been produced in-house by The Royal Canadian Legion's own Patrick Riley. Comrade Riley created these images using authentic WWI uniforms supplied courtesy of Canada's War Museum. These are economical because they have been produced in-house with the printing arranged locally. Sold in sets of 10 or a sample pack, 2 of each, these cards are priced quite affordably when compared to the \$4 and up charged by others. The cards have been printed on brilliant white 80 lb card stock and are supplied complete with envelopes. Another nice touch is the fact that the interior of the cards has been left blank. We thought you, like us, would prefer to include a personal note rather than an impersonal statement written by someone else. One card, "All Occasion" has been intentionally left untitled for use as you see fit.

**LEGION HOCKEY JERSEYS**

Nationwide, Legion branches sponsor many sports teams, and hockey teams are among these. Hockey Jerseys are a nice way to sponsor or support a team. This is too often cost prohibitive when you must pay \$100 and up to get jerseys screened with the sponsor's logo. It is for this reason that we have ordered and are offering a quantity of these Legion hockey Jerseys. These unnumbered jerseys, available in 4 adult male sizes, are made from meshed polyester and come complete with the Legion logo in the front, on both arms, and the "Legion" name on the back. When buying 12 (yes, you can mix the sizes) or more, for a team, a 10% discount will apply.

**LEGION BALL CAPS**

When we started our search for ball caps the variety in quality was overwhelming. We initially made the mistake of assuming cost and quality were relative. They are not. When we found these ball caps and realized that we could retail them for less than \$10 we got really excited. These are, simply put, the best quality ball caps we have seen. The material used is a heavy weight but

breathable cotton. The embroidery is second to none and their composite brims will hold their shape. You simply will know that these are quality ball caps when you put one on and feel how nicely it conforms to your head.

The caps come in traditional Legion blue with an embroidered badge or in a cooler beige version with the Legion logo. It was suggested that the quality of these caps would be misunderstood or underestimated if we only charged \$9.95 and that we should charge \$20 to \$30. Thank you for helping us prove them wrong.

**DARTS**

Good quality darts, at reasonable prices, are increasingly easy to find. Quality British made darts at reasonable prices are much more difficult to track down. All components of these darts are made in Britain. This brand, "Legion by Datadart" is exclusively endorsed by 2-time world champion "Jocky Wilson". The tungsten sets contain 80% tungsten carbide allowing them to make the necessary weight in a thinner shaft. The brass sets are offered for those traditionalists who like the feel of a larger shaft or for branches that require economical sets as "bar darts" for general use. Both sets have cross-hatch knurling on the shafts, come with a set of Legion flights, and are packaged in a slim pocket case capable of storing the dart set along with extra flights and stems. Extra flight sets are available with your choice of the Legion Badge, Canadian flag, or Union Jack.

**CRIBBAGE BOARD**

Here is where we separate the real crib players from the rest. Finding a crib board without plastic pegs is normally about as easy as scoring "19". It is time to recount that hand because you will no longer have to heat up paper clips to melt into the holes in your board to remove those snapped off plastic pegs. This board made in the traditional "29" layout includes metal pegs in brass, black and silver colouring. Three of each peg are included so you have one spare in every colour. The board itself is made from hardwood and is adorned with the Legion Badge.

**PLAYING CARDS WITH LEGION BADGE**

When we went looking for playing cards, we didn't go for the cheapest we could find- we looked for the best value for the price. At \$3.95 these cards are still very affordable yet the quality and durability are what you would expect at twice the price.

**\*300448 \$3.95 Buy 10 @ \$3.50 ea**

**TOQUE**

I think by now we all realize that the majority of our bodies' heat is lost through the head. Keeping our heads warm is critical whether we are curling, watching hockey, shovelling snow, or just enjoying a brisk winter walk. It comes very nicely embroidered with the Legion logo and is stretchy so one size fits all, except for very young children (under 8).

**\*500298 \$7.95**

**SILK SCARF**

We were initially quite discouraged when we began our search for a Legion silk scarf. There seems to be no shortage of overpriced scarves on the market. Much smaller scarves were found to sell around \$40. This, like all high quality scarves, is made from 100% silk. Measuring a full 36" x 36", you can finally own a scarf long enough to complete the necessary two turns around the neck. Of course, the versatility of this square scarf is limited only by your own sense of style. Add that to the tasteful adornment of the Legion Badge alternating with the Red Maple Leaf, and well, we just hope you share our enthusiasm.

**\*500281 \$19.95**

**EXTRA LARGE FLEECE SCARF**

This is a very large and practical scarf. At 8" by 70" (nearly 6') this scarf is large enough to complete the wrap around your neck, cover your lower face and insulate part of your upper body. Made entirely of fleece, they are nicely decorated with the Legion logo of which the Poppy and Maple Leaf portions are embroidered. We were tempted to call this one a "Curlier's scarf" but resisted. Despite being obviously appropriate for curling, our winters will provide many other occasions where you will appreciate the protection a scarf this size can offer.

**\*500297 \$14.95**

**FLEECE SCARF**

Soft and comfortable fleece is the ideal material for a warm winter scarf. Our scarf is Navy blue with an embroidered Legion badge and measures 9" wide by 58" long.

**\*500280 \$12.95**

**ANGORA SCARF**

There remains no substitute for the look and feel of a scarf that contains Angora wool. These scarves are 70% lamb's wool, 20% Angora, and 10% polyester. They are 9" wide and 48" in length and are nicely embroidered at both ends with the Legion Badge.

**\*500286 \$14.95**

**BLANKET, WITH CARRYING STRAP**

This blanket comes complete with its own handy carrying strap that also acts as a nice way to keep it bundled up for storage when not in use. The blanket measures 48" x 58", is made of fleece and comes nicely embroidered with the Legion logo. Whether used for a picnic, outdoor concert, camping, in a sports arena, or kept in your car for unexpected occurrences, you'll be pleased that you decided to invest in one.

**\*300480 \$14.95**

**COLLAPSIBLE UMBRELLA**

This umbrella is excellent value. It comes in black with the Legion logo in white and red. Push button release ensures quick and easy opening of the umbrella every time. To close you simply hold it upside down and push until it snaps into the compacted position. The umbrella is made with sturdy metal ribs and comes with a matching slip cover and handle. Folds to a compact eleven inches.

**\*300424 \$9.95**

**RAIN PONCHO**

This is one of those items you'll undoubtedly kick yourself for not ordering. The nice part of this disposable rain poncho is that it is clear so you won't stand out like a rubber duck in wet weather. Supplied in a thin pack, suitable for a blazer pocket, where it can be tucked away until required.

**LEATHER GLOVES**

Many of you will remember the standard military issue black leather gloves of the 1960's. They were simple in style and comfortable, but they had one major flaw - the cuff was wide enough to let in a pile of snow.

These gloves are much the same but we added some improvements. The cuff is drawn tighter to keep out unwanted snow or other debris. It also has a comfortable and warm Thinsulate® lining. Made of 100% leather, they are sure to become your favourite gloves. Available in Ladies sizes S, M, L and Men's sizes S, M, L, XL.

**BLACK VALISE WITH GOLD PRINTED LEGION BADGE**

This is one of those products where it is difficult to convey its value in words. This valise is soundly constructed using tough nylon and fittings. The zipper glides are metal, not plastic. The features are well thought out, making this the ultimate in "portable office." The main pocket is ample enough to hold a laptop but then has a gusset that unzips to double the capacity.

Plus:

- pen/pencil sleeves
- 6½" deep pocket with velcro flap
- key clip
- zippered wallet pocket
- 3 open pockets
- zippered brief pocket
- open file pocket that holds legal file

**\*300454 \$19.95**

**ADJUSTABLE CANE/WALKING STICK**

Unfortunately, few of us will make it through life without requiring a cane at some point. So why are nice canes so hard to buy? We think this cane answers the question with its many features. It is adjustable from just under 26" to a full length of 54". This allows us to describe this item as both a cane and a walking/hiking stick. It contains an "Antishock" system. The internal springs absorb impact as the cane/walking stick impacts the ground. It is made of aluminium making it both very light and very strong. The cane's handle has been ergonomically formed for use as a hiking stick or traditional cane and includes an adjustable wrist strap. Last, but certainly not least, is the critical tip. This cane has four. The metal point tip is built in. Included are 3 additional rubber ends; a standard round tip, a foot-shaped tread, and a circular unit designed to prevent penetration in softer surfaces. The shaft of this cane has been labelled with the Legion logo.

**\*300484 \$14.95**

**DELUXE KNAPSACK WITH LEGION LOGO**

It isn't having a lot of extra straps and pockets that you don't know what to do with that makes this knapsack deluxe. As a matter of fact it is elegantly simple but made with good material and sturdy fittings. At 17" x 14" it is a perfect size for everyday use. Legion Logo screened in red and white on blue nylon with adjustable padded straps and a handy carry loop on the top, gusset sides, water bottle pocket plus two zippered and one open pocket, and coat straps on both sides.

**\*300449 \$19.95**

**EYE GLASSES CASE**

With Legion Logo. A handsome case for your glasses that is both attractive and practical. Approximately 6½" long by 2¾" wide. Large enough for most standard eye glasses or sunglasses. This case has a secure zippered closure and a clip hook on one end so that it can be secured to belt loop, button hole, carry bag, luggage, etc.

**\*300458 \$6.95**

**CAR FLAG WITH LEGION LOGO**

This car flag is both well constructed and economical. The double stitched flag measures approximately 10" x 14" and is mounted on a very sturdy holder that is grasped by your closing car window. The arm is guaranteed not to break but the unit is mostly at peril when unaware passengers open their window.

**\*300436 \$9.95**

**COIN PURSE**

Once you have one you'll realize just how handy they are for not only change but also for keys, bus tickets, any other small objects you need to keep track of. This little pouch has a strong spring lined lip that snaps securely shut yet is easy to open with one squeeze.

**\*300455 \$3.95**

**\*300403 \$9.95**

**LE CLASP KEY HOLDER**

Some products are so useful but difficult to describe in a catalogue. This is one of those items. The unique mechanism in Le Clasp allows you to open the ring with just one hand permitting the easy insertion of keys with your other hand. Although it comes with four traditional key rings it can be easily used without them. Le Clasp can also be used to safely keep rings in your pocket when you remove them to golf, curl, etc. Le Clasp is nicely adorned with the Legion logo in red and black on white.

Branches and members of the Royal Canadian Legion hold as their foremost objective the Tradition of Remembrance for those who served in the defence of Canada. It stands to reason that national pride is demonstrated by the Legion through the display of the Canadian flag at branches and in public ceremonies through the year. Shown here are items essential to carry out those displays of patriotism.

Provincial Flags \$29.95ea.

If we roll the clock back 18 months, flags provided by Legion Supply ranged in price up to \$98. The material used varied as did sizes. It was at this point that we decided that we must offer a comprehensive line of flags. This offering of flags is the result of our research and sourcing efforts.

We have made the transition to flags using grommets replacing rope and toggle. Grommet clips are available in the flag accessories section of this catalogue. All colour party flags are available with fringes and in both 6' x 3' and 54" x 27". Please note that flag protocol requires that the Canadian flag be at least as large as any flag displayed in our colours. It is our hope that offering an increasingly comprehensive line of flags will transition us into a source of flags for all members and branches.

There are several components to a complete flag unit. There is the obvious flag, pike, pike top and stand. Offering sets including all of these components only results in forcing you to settle for something that is close to what you really wanted. This is why we are now distributing all flag components separately. All components are compatible with a few exceptions. The acorn tops will not fit on the wood pikes and the 1 1/4" wood pikes will not fit in the economy stands or angled wall bracket. Aside from these exceptions, the balance of tops will fit on any of the pikes.

**FLAG PIKES**

Pikes are now available in a full range. The 1 1/4" diameter oak pike will not fit into the economy stand or angled wall bracket. All pikes are the standard 8' in height. The wood pikes thread together where the aluminum pikes contain an internal spring clip to hold them together. Pike tops, flags, and stands must be ordered separately. All pikes are supplied with the required "C" clips to hold the flag in place. Wood pikes are supplied with only one "C" clip as this is all that is required. All metal pikes are shipped with the required and installed wood plug necessary to mount all pike tops.

**FLAG PIKE TOPS**

All of these flag pike tops fit all pikes with exception to the economical plastic acorn top not being compatible with the wood pikes. This plastic top will also require you to remove the wood plug from the pike (only 1 screw). All pike tops are supplied with the necessary mounting screws. You will be required to install 1 or 2 screws to attach the tops to your pikes.

**STANDS**

To complement Legion Supply's growth as a full line flag supplier, two new stands are now offered. The hefty premier stand weighs in excess of 7 lbs. The premier stand is constructed with a collar to fit a 1 1/4" diameter pike but includes a piece of plastic tubing allowing it to be used with 1" diameter pikes. The economical folding stand uses four extending rods for stability rather than weight. The folding stand will only accept pikes up to 1" in diameter. Both stands are made with brass plated steel, intended for indoor use only.

**WALL-MOUNT FLAG KIT**

These brackets have been designed for the home, cottage, or light commercial use. They use light but sturdy aluminum creating an easy but economical method of flying flags. The bracket for a 27" x 54" flag includes a 6' pole while the bracket for use on 3' x 6' flags utilizes the included 8' pole. Both kits included a cast aluminum wall mount bracket, gold coloured acorn finial, and screws for mounting.

**WALL BRACKET**

This cast aluminum wall bracket, white powder coat painted, is designed to work with all 1" diameter pikes. The bracket is suitable for use with flags or banners as it may be used to hold the pike at 45° or 80°. Included are a thumbscrew, to hold the pike in place, and the necessary mounting screws.

**400180 \$14.95**

**FLAG CARRYING CASE**

Please don't ask why we never thought of this product before. While we won't have a good answer, we are very pleased to offer this alternative to our single flag and pike case. This case is made specifically for us. It is designed to hold up to six 6' x 3' flags, six aluminum pikes, and six carrier slings. Reinforced at both ends it measures 62" in length and is made of heavy black vinyl. A 7" embroidered Legion Badge nicely adorns the side of the case.

**400182 \$35.95**

**CHICAGO SCREW HEAD SET**

Yes, we still carry it. There are still lots of the older design pikes out there that don't have the spring button attachment. Buy several of these and put it in your pocket when you go on parade. You know somebody's will go missing at the most inconvenient time.

**400146 \$2.95**

**CARRYING CASE FOR PIKE & FLAG**

Deluxe vinyl carrying case with the capacity to carry a disassembled pole and 6'x3' flag. Weather resistant, with a ribbon tie closure.

**400118 \$24.95**

**GROMMET CLIPS**

Over the last few decades the use of flags with grommets has replaced almost all with rope and toggle. Even we have made that transition in this catalogue. Grommet clips are required to attach flags with grommets to the halyard (hoisting rope) on flagpoles. These clips are available individually. Two are required on all of our grommeted flags except for the 4 1/2' x 9' which requires three.

**400181 \$1.75ea**

**CLIP FOR FLAG POLE**

This is the little C-shaped clip that holds a sleeved flag securely on the pike. Always good to have a spare.

**400148 \$0.50ea**

**FLAG CASE**

Flag cases are traditionally used to store and display the flag presented to a family member or recipient at the completion of a ceremony. This case's frame and stand are made from solid hardwood, merbau, which once stained closely resembles cherry or dark mahogany. The large case is 12 1/2" high with a 25" base, and is 3 3/8" deep, making it sufficient for displaying a 6' x 3' or a full 4 1/2' x 9' flag. The optional 10" wide by 3" high base, also made of solid hardwood, is supplied complete with a bronze coloured, adhesive backed, acrylic engraving plate.

**COASTERS (6 IN TIN)**

This set of six cork-bottomed coasters comes nicely presented in a circular tin also suitable for storing them when not in use. Both the coasters and the tin prominently display the Legion Badge on a blue background. The coasters themselves appear to be made of wood but are actually formed from multiple layers of fiberboard bound together making them very durable.

**TEA TOWELS/WALL HANGINGS**

During the 2004 Legion Convention, London, Ontario, a poem was displayed in between business sessions. This poem was "The Inquisitive Mind of a Child" and was provided courtesy of The Royal British Legion. Following Convention we received numerous requests for a copy of the poem. This compelled us to reproduce the poem on a traditional British setting, tea towel wall hangings. Once we got going on this poem, it seemed only natural to include several of our Canadian Legion traditions. Official Legion meetings are opened with "The Act of Remembrance which is an excerpt from Laurence Binyon's "For The Fallen". The closing ritual uses an excerpt from Rudyard Kipling's "Recessional". These 17" x 24" tea towels are made of linen and are silk screened in seven colours. Available individually or as a set (3). Frame not included.

**COASTERS WITH LEGION BADGE**

If you have tried to obtain custom made coasters you probably soon realized that they are prohibitively expensive to buy in small quantities. Only when tens of thousands are ordered does the cost become reasonable. These packs of 100 coasters are custom made for The Royal Canadian Legion with our Badge nicely displayed in the centre. We ordered enough to make them economical. At just under 10¢ apiece it is now affordable to place a "Legion" coaster under the glass of a member. Though these 3½" coasters, made with an extra heavy 40 point stock, are not defined as reusable, they certainly are thick enough that they can be reused until they start to show wear. We specifically ordered these coasters with a blue background in a heavier weight to allow them to be reused. Although intended primarily for Branches, members may also obtain these coasters for use at home.

\*700185 (Pkg. 100) \$9.95

**PAPER PLACEMAT**

(pkg of 100)

These economical paper placemats measure 9½"x14½". The centre of each placemat contains a Legion logo along with an 8" Legion badge, bordered with a red and black line. Each corner contains a different logo: the Canadian flag, the Poppy Wreath, the Legion Poppy and the Legion torch.

\*700184 \$9.95

**ASH TRAY WITH LEGION BADGE**

No traditional parlour is complete without an ash tray like this one with the Legion badge in full colour. Made by coating the ceramic with a white porcelain glaze, the permanent, organic, ceramic-pigmented decal is then added and the entire unit is fired at 800° Celsius. The result is a finely detailed piece that is durable because the decal is fused into the porcelain.

\*300445 \$4.95

**SERVER'S APRON**

This comfortable cotton twill apron allows the server to keep everything handy in its four deep pockets. The apron contains two large pockets (7" x 9½" and 7" x 7½") and two small (1" x 7"). Embroidered with the Legion logo in red and white on the black fabric background. Adjustable, up to 70 inch circumference, one size will fit all. This apron will also prove indispensable when selling raffle tickets, BBQs, sporting tournaments, anywhere cash is to be handled.

## JOSTENS CANADA

Rings were the most frequently suggested new item, by you, the members. For this reason, we are very excited to offer this line of Legion and Ladies' Auxiliary Rings from Jostens Canada. You may be familiar with Jostens as they are Canada's premiere supplier

of rings to educational and community customers. Jostens, founded in 1897, still prides itself on hometown principles, quality, craftsmanship, and service. Over the past century, Jostens has crafted over 50 million rings provided to over 16,000 institutions.

## THE RINGS

We offer to you the Legion Signet Collection of rings. These rings combine simplistic design, steeped in tradition, with classic style. Time-tested methods of manufacturing are combined with new technology to produce durable, yet beautiful, finishes that show detail exceptionally well.

Jostens use the principles of laminating to manufacture these rings. These are the same principles metallurgists use to produce products requiring the characteristics of more than one metal. Lustrum, a proprietary metal formula of Jostens, is used as the base for all of these rings. Lustrum is used for its hardness, durability, and resistance to abrasion. The rings are then coated, by vacuum vapour, with layers of titanium nitrate and 23k gold. The result is a ring with the properties of a hard metal (harder than sterling silver) that maintains a fine 23k gold finish that will not tarnish. These rings are made in North America using only environmentally responsible methods (electroplating is not used).

## SIZE

In order to make your ring, the size must be known. Please stop by a department store or reputable jeweller to have your finger sized. This will ensure that your ring is custom made to your specific requirements.

## THE GUARANTEE

Jostens offers a lifetime limited warranty. Jostens will repair, or replace, at their discretion any ring with defective workmanship or materials. Jostens will resize, refinish, or polish your ring free of charge, for the life of the ring. Jostens offer a 4 year ring loss, or theft, protection program that does require a deductible. In the event your ring is lost or stolen, for a small fee (currently set at \$60 plus taxes and shipping), Jostens will remake your ring.

## HOW TO ORDER

Members can order these rings directly from Legion Supply. At this time, orders must be made separately from orders for other Legion Supply merchandise.

All orders must be prepaid. Visa and MasterCard are accepted on these orders. See our how to order page for Legion Supply contact information. Please allow 6-8 weeks for delivery.

## MEDAL DISPLAY BOXES

We designed this medal box intended for use to both store and display medals. Overall measurements are 9" x 12" and 2 1/2" high. Internally the display surface measures 8" x 11". Construction of this box is solid hardwood, merbau, which closely resembles cherry or dark mahogany. This well constructed box weighs a hefty 4 1/4 lbs. The entire interior of the box is lined with a plush blue ultrasuede. The display surface is removable for convenient placing of individual or court mounted medals. Only solid brass hardware is used for the hinges and hasp. The bottom of the box is finished with a nice felt so that the box may be prominently displayed without risk of scratching other fine furniture. This quality medal display/storage box represents very good value.

## SHADOW BOXES

It is the depth of a shadow box that provides the dignity required to display medals. To date, there have been two major obstacles in obtaining shadow boxes. They either cost an arm and a leg or they are made with plastic or metal frames. With this in mind we undertook the search for shadow boxes of good quality with a reasonable price.

These shadow boxes are made with solid hardwood frames. The wood used is called merbau which, once stained, closely resembles cherry or dark mahogany. The measurements we provide, 6" x 9" and 9" x 12", are the internal frame measurements (size of the visible portion of the glass). Overall these shadow boxes measure 9" x 12" and 12" x 15". How solid are they? They weight 2.5 and 3.5 lbs respectively.

Both frames have identical construction. Their backs are completely removable allowing you to install court mounted and individual medals. The removable backing is lined on the display side with a plush blue ultrasuede and velveteen on the exterior. The face features real glass. Brass fittings are mounted on the rear for vertical and horizontal display.

## MEDAL PRESENTATION BOXES

All medals are currently supplied in clear plastic boxes that primarily serve to protect and keep the medals clean until they arrive. It would be nice to supply them all in presentation boxes but this would drive up the cost of all the medals quite significantly. There are many circumstances where it would be preferable to present a medal in a box more suitable for a public ceremony. It is for these occasions that we have developed this presentation box. These 6" high by 3" wide clam shell style boxes are made of tin, coated with a thick composite giving them a comfortable padded feeling. The inside of the box is felt lined and is sufficient in size to hold any Legion Medal. Although designed for presentation, these boxes are also quite suitable for storing individual medals. They are available with or without the Legion Badge and at a lower price when 10 or more are ordered.

# IN MEMORIAM

## MEMORIAL MARKERS

We have been regularly asked by Comrades and the families of our Comrades where one can find headstone markers or flag holders. Until now we have been at a loss to direct you to a source for appropriate markers. To date the only real option in acquiring one has been the custom manufacturing route resulting in varying degrees of quality and a really heavy price. Once we established that there was a need for these perpetual memorials, we began our search for a manufacturer. Offering these tributes is the result of more than 9 months of research and development. Our criteria was; North American manufacturing, experience in producing bronze for exterior use, costs allowing us to establish reasonable retail prices, experience in design, mould making, and preferably experience in manufacturing memorial markers. We are very pleased to advise that all of our criteria have been met. The manufacturer of these memorial markers has been at this for more than 60 years. All of these markers are guaranteed indefinitely against defective workmanship.

These markers are all made from red bronze, a copper based alloy with minimum 85% copper content. The result of their composition is a strong, heavy, non-corroding casting. The raw castings are pre-oxidized giving them that brown finish frequently seen on memorial markers. The castings are then polished and satin brushed by hand to expose the underlying raw red bronze finish highlighting our Badge, the Maple Leaf, and the Poppy. This exposed red bronze is meant to oxidize over time so that the finish will match other memorial markers. The pre-oxidized areas will remain brown providing the necessary contrast.

Memorial flag holders are available with the Legion Badge (for Legion Members) or Maple Leaf. Overall dimensions of the Legion Badge flag holder casting is 5" high by 5" wide. Overall the Maple Leaf casting measures 4½" high by 4⅝" wide. Both holders are permanently fixed to an 18" iron rod. The flag is held in place through two eyelets cast into the back of the marker. These can be used as memorials with or without a flag. Canadian flags have been produced specifically for use with these holders and are available individually or by the dozen.

Headstone markers are available with the Legion Badge, for Legion Members, or the Poppy, for Veterans. Overall dimensions of the Legion Badge casting are 4½" high by 2⅞" wide. Overall the Poppy casting measures 3¾" high by 3½" wide. Both castings have an integral tab cast into the marker for fixing to a headstone. The markers can be permanently fixed to a headstone by drilling a ¼" bore hole (⅝" deep), filling the hole with epoxy, and inserting the cast tab. We suggest that a professional perform this after consultation with the cemetery and headstone manufacturer. If you do not wish to bore a hole in the headstone, the tab may be cut or ground off and silicone or other permanent adhesive may be used.
