Dear Dr. McCaughern,

**Re: Comments - *Canada Gazette* Notice: SMSE-005-05
Consultation Paper on Broadband over Power Line (BPL)
Communication Systems**

Pursuant to the procedures provided in *Canada Gazette*, Part I, Notice SMSE-005-05, dated July 19, 2005, Rogers Communications Inc. (Rogers) is pleased to file this letter of support for the comments that have been filed by the Canadian Cable Telecommunications Association (CCTA) regarding the above noted proceeding.

Rogers respectfully urges Industry Canada to take a very cautious approach to BPL and to address the interference concerns that have been raised by the CCTA so that incumbent systems are not adversely affected by BPL.

Please do not hesitate to contact the undersigned if you have any questions regarding our position regarding BPL.

Sincerely,

Kenneth Engelhart
