

Tax Tip

Avoid a delay - register for an epass today!

Did you know...

By registering early for an epass, you will be able to access your personal tax and benefit information online through My Account for individuals without any waiting. The epass registration process is done in two steps; select a Userid and Password and answer three questions. You will be asked to provide some **personal information** to the CRA to confirm your identity and you will then receive a mailing of a Canada Revenue Agency (CRA) Activation Code, which will take approximately five business days to receive (15 days if outside Canada or the U.S.). You will then be able to access your personal information within My Account by simply logging in, using your epass User ID and Password.

For more information on registering for an epass, visit www.cra.gc.ca/myaccount.
