

## Improving service to business

Human Resources and Skills Development Canada (HRSDC) is inviting employers to complete Records of Employment (ROE) faster and more accurately online.

### ROE Web benefits to employers include:

- Large numbers of ROEs can be transmitted in minutes
- Instant validation means increased data accuracy and fewer follow-up phone calls from HRSDC staff
- High level security for ROE data using secure channel technology
- No need to keep a paper copy on file
- No need to mail a copy to the Government of Canada ROE processing centre in Bathurst
- No special software installation required
- Access 24 hours a day, 7 days a week

## If you use a payroll service provider

HRSDC is also developing an electronic ROE solution for businesses that use a Payroll Service Provider. If this applies to you, your Payroll Service Provider will inform you when the service becomes available.

### It's easy to use

Complete information is available online.
