Dear Madam or Sir:

**Amendments to the *National Energy Board Cost Recovery Regulations* –  
Year End change**

The Board recently completed an extensive consultation process on proposed amendments to the *National Energy Board Cost Recovery Regulations*. Companies were invited to submit written comments on the proposed amendments by 24 February 2006 and all of the comments received were considered by the Board.

The proposed amendment for the cost recovery period will modify the current calendar year period to match the NEB fiscal year, being April 1 to March 31. Amendments also will be necessary to create a transitional period for this change. Once these amendments have been drafted, further opportunity for comments will be provided.

Thank you for your continued interest and positive contribution to the NEB's review of the *Cost Recovery Regulations*.

If you have any questions regarding this matter, please contact Jodi Lea Jenkins, Project Manager, at (403) 299-3677, or visit the NEB web site at [www.neb-one-gc.ca](http://www.neb-one-gc.ca). You will find information and reference documents regarding this project under the heading "Engaging Canadians".

Yours truly,
