Expiry Review No. RR-2001-002

IN THE MATTER OF an expiry review, under subsection 76.03(3) of the *Special Import Measures Act*, of the finding made by the Canadian International Trade Tribunal on April 11, 1997, in Inquiry No. NQ-96-003, concerning:

**FACED RIGID CELLULAR POLYURETHANE-MODIFIED  
POLYISOCYANURATE THERMAL INSULATION BOARD  
ORIGINATING IN OR EXPORTED FROM THE  
UNITED STATES OF AMERICA**

**ORDER**

On July 30, 2001, the Canadian International Trade Tribunal (the Tribunal) gave notice that, pursuant to subsection 76.03(3) of the *Special Import Measures Act* (SIMA), it would initiate an expiry review of its finding made on April 11, 1997, in Inquiry No. NQ-96-003, concerning faced rigid cellular polyurethane-modified polyisocyanurate thermal insulation board (polyiso insulation board) originating in or exported from the United States of America.

In an expiry review, the Commissioner of the Canada Customs and Revenue Agency (the Commissioner) determines whether the expiry of the finding in respect of any goods is likely to result in the continuation or resumption of dumping. On November 27, 2001, the Commissioner, pursuant to subsection 76.03(7) of SIMA, determined that the expiry of the finding made by the Tribunal on April 11, 1997, in Inquiry No. NQ-96-003, respecting polyiso insulation board originating in or exported from the United States of America was unlikely to result in the continuation or resumption of dumping of the goods.

Pursuant to subsection 76.03(12) of SIMA, the Tribunal hereby rescinds the finding made in Inquiry No. NQ-96-003 concerning the above-mentioned goods.
