Senior Program Officer, Alberta Region
Canadian Environmental Assessment Agency
Government of Canada
100 Revillon Bldg., 10237-104 St,
Edmonton, AB T5J 1B1

Dear Mr Epp:

**RE: Terasen Pipelines (Trans Mountain) Inc. ("Terasen Pipelines")
TMX - Anchor Loop, Environmental Assessment Report;
Our File TM-RG01-02-17**

Terasen Pipelines is pleased to submit a DVD as well as hard copies of the Technical Reports in support of the Environmental Assessment Report (the "EA Report") completed in accordance with the "Scope and Requirements of the Environmental Assessment for the Terasen Pipelines (Trans Mountain) Inc. TMX – Anchor Loop Project" issued by your office on October 27, 2005.

Terasen Pipelines will send copies of the DVD and Technical Reports to each of the Responsible Authorities, and to other federal and provincial agencies and external stakeholders as identified through our Public Consultation and Aboriginal Engagement Program and as agreed to in previous correspondence with the Canadian Environmental Assessment Agency (the "CEA Agency") and Parks Canada.

By copy of this letter we are requesting all parties review the Technical Reports and respond with comments to the undersigned prior to January 20, 2006. As agreed, all comments received by Terasen Pipelines during this 60-day period will be collected and forwarded to your office unaltered. In the event some parties wish to communicate directly with your office, we ask that those comments be forwarded to Terasen Pipelines.

Terasen Pipelines intends to supplement the enclosed EA Report in response to all comments received. An amended EA Report will be included with Terasen Pipelines' application to the National Energy Board (the "NEB") for a Certificate of Public Convenience and Necessity pursuant to Section 52 of the *National Energy Board Act*.

Terasen Pipelines
