

Application for New or Amended Registration (6005) Guidance

1. Submission Number

Will be assigned by the Pest Management Regulatory Agency (PMRA). A copy of the application form will be returned to you with the assigned application number. This will acknowledge receipt of your application. Refer to application numbers in all correspondence.

2. Product Name

The name should include words or phrases descriptive of the purpose, physical form and active ingredients for the product, and be specific to the product as on the label. The name must be consistent in all forms and correspondence.

3. Registration Number

If the product has been previously registered under the *Pest Control Products Act*, show the assigned registration number. Do not enter any other number in this space.

4. Registrant Name and Address

This is the current or intended registrant of the product. The name must be a legal entity (trademark names are not acceptable). Note that the PMRA reserves the right to ask for the legal documentation proving the legal existence of the intended or current registrant.

5. Regulatory Mailing Address

The PMRA will direct the regulatory mail to this address. The mailing address must be the same for all products registered by the registrant that is specified in box 4. In accordance with Section 62 of the *Pest Control Products Act*, non-Canadian registrants are required to have a Canadian representative. The mailing address should be the Canadian representative's address.

6. Submission Contact

This is where and to whom the PMRA will direct inquiries specific to this application.

7. Communication

Formal correspondence, including the Registration Letter, Certificate of Registration, and Approved Label text will be sent to the Regulatory Mailing address identified in #5.

8. Type of Application

Indicate if the application is for the registration of a new product or an amendment of the registration of a product currently registered under the *Pest Control Products Act*.

9. Type of Product

Indicate by one or more codes the purpose of the product. (Use the list below to determine the code(s).)

Invertebrate Pest Controls

ACA	- acaricide	BIO	- biological
IRP	- insect repellent	INS	- insecticide
MOL	- molluscicide	PHE	- pheromone

Plant Disease Controls

FUN	- fungicide (agricultural)	BAC	- crop bactericide
NEM	- nematocide	PRP	- pruning paint

Weed and Algae Controls

ALG	- algaecide (agricultural)	HER	- herbicide
-----	----------------------------	-----	-------------

Other Controls

ADJ	- adjuvant, surfactant	PGR	- plant growth regulator
-----	------------------------	-----	--------------------------

Vertebrate Pest Controls

ARP	- animal repellent	ATX	- animal toxicant
BRP	- bird repellent	BTX	- bird toxicant
BST	- bird chemosterilant	FTX	- fish toxicant
ROD	- rodenticide		

Antimicrobial Products

AFP	- anti-fouling paint	AIS	- air sanitizer
LAA	- laundry additive	MPS	- material preservative
SAN	- sanitizer only	SLI	- slimicide
SWA	- swimming pool algaecide	SWB	- swimming pool bactericide

Wood Preservatives

HDW	- heavy duty	JON	- joinery
REM	- remedial	SAP	- anti-sapstain
STN	- stain		

10. Proposed Classification

Indicate whether the product is an end-use product to be marketed for domestic (home or garden), commercial (agricultural, forestry, industrial, etc.), or restricted use, or if the product is a manufacturing use product to be marketed as a technical active ingredient (TGAI), integrated systems product (ISP), or manufacturing concentrate.

11. Size and Type of Container

The size of the container(s) can be specified as a range of container sizes or individual sizes. When applying to amend a product's registration, please be sure to include **all** currently approved container sizes and any new sizes requested. Any container size that is to be removed from a product's registration should not be listed. **Also indicate in the covering letter what container size(s) are requested to be added or removed when amending a product's registration.**

Material- Please indicate the type of material used for the container that is encapsulating the pesticide by selecting the appropriate checkbox. If the material is different than the choices listed, enter the container material beside "Other".

Container Type- Provide information on the type of vessel encapsulating the pesticide. Some examples are:

drum	pressurized keg with valve
child resistant container	water soluble pouch
refillable container	foil pouch
box	closed transfer system

Size Range- These two fields provide the lower and upper values for a range of container sizes. A size range includes all container sizes spanning between the lower and upper values. Please include the units when specifying a range.

Size(s)- Has multiple fields to specify individual container sizes. Include only one container size per box on the application form. Please include the units for each container size.

12. Purpose

Identify which purpose of review best describes your application and then check all appropriate boxes. If "other" is chosen, indicate what is to be reviewed. Provide details in covering letter.

13. Initial/ Master Product

Check the appropriate box if applying for initial product and/or master product status. Please note that Initial/Master Product status cannot be applied for if the active ingredient used in the product is under re-evaluation.

14. Proposed New Uses and / or Uses to be Withdrawn

In support of the transparency requirements of the Pest Control Products Act that received Royal Assent in 2002, the PMRA is now collecting information to support the requirements of Section 42 (2)(a)(i) of the Act. Applications to register or amend the registration of a pest control product must now identify, and submit with the application form, proposed new uses and/or any uses proposed to be withdrawn. This required use information is being collected on form 6023 Proposed New Uses and / or Uses to be Withdrawn.

15. Declaration

The authorized signing officer must sign the declaration certifying that the information provided is true and complete.

Important:

Please submit a covering letter describing detailed purpose of this application. When necessary, the following must be submitted along with this application. Please contact PMRA for additional information requirements.

- (a) Electronic Label in pdf format
- (b) Product Specification Form
- (c) Supporting information and data
- (d) Letter of confirmation of source of supply of active ingredient(s)
- (e) Fees and Fee Form

Submit forms and accompanying fees to:

**Health Canada, Pest Management Regulatory Agency
2720 Riverside Drive 6606E
OTTAWA ON K1A 0K9**

Information required of an applicant to register a pest control product or to amend a registration may include some personal information as defined in the Privacy Act. In accordance with that Act, such personal information may be made public as authorized by the Pest Control Products Act and its regulations.

Under the Privacy Act, you have the right to look at your personal information.

For more information on how PMRA manages personal information, contact the PMRA Information Services at 1(800) 267-6315 within Canada and 1(613) 736-3799 outside of Canada or via e-mail at pmra_infoservice@hc-sc.gc.ca.
