

## PROJECT COMPLETION SHEET

**SUBCOMMITTEE:** Risk Reduction

**PROJECT TITLE:** **Pheromone Registration**

**PROJECT ID:** RR09-03-0705

**PROJECT LEADS:** United States (EPA): Janet Andersen  
Canada (PMRA): Brian Belliveau

**PROJECT DATES:** Initiated 2003. Completed December 2005

**GOAL/OBJECTIVE:** To increase registration and use of pheromones in Mexico and to resolve trade barriers issues related to pheromone products approved for use in the United States and Canada, but not in Mexico.

### BACKGROUND:

The project was intended to assist Mexico in understanding the approach to a streamlined registration process for most pheromone products adopted by the United States and Canada and the reasons for certain exemptions from regulation. The final goal was to assist Mexico in adopting the same approach to pheromone registration.

### OUTPUT/RESULTS:

The background materials explaining the rationale for this approach to pheromone regulation were provided to Mexico along with copies of the American regulations.
