What is the Business Skills Development Program?

The Business Skills Development Program provides a contribution of up to \$20,000 per year for up to three years to help Nuravut businesses get training or professional support. The program can be used to develop a training plan or for direct business training. It also can be used for short-term professional support when your business is expanding, restructuring or undertaking a special project.

This contribution does not have to be repaid.

The Business Skills Development Program will cover up to:

30% of total costs in Iquluit; and 70% of total costs in all other Nunavut communities.

Eligibility?

All Nunavut businesses can apply for assistance under the Business Skills Development Program.

How Do I Apply for a Contribution?

To apply for a contribution under the Business Skills Development Program, contact your Hamlet's Community Economic Developer or your Department of Sustainable Development's Regional Office.

You will be asked to complete an application form and will usually be expected to provide a short description of the proposed training, a budget for the training, a list of people being trained, and a røsumø of the trainer or professional being hired.

Additional information may be required.

Will I Have To Do An Audit?

The Department of Sustainable Development will require an examination and review of your financial statements by an independent person.

Find out more at your Canada-Nunavut Business Service Centre. Call toll-free: 1-877-499-5199 www.dbsc.org/nunavut
