January 30, 2006

Honourable Peter Milliken, M.P.
Speaker of the House of Commons
Centre Block, Room 222-N
House of Commons
Ottawa, Ontario
K1A 0A6

Mr. Speaker Milliken:

On January 31, 2005, as Speaker of the House of Commons, you tabled my first report on sponsored travel, pursuant to the *Conflict of Interest Code for Members of the House of Commons*. This Report covered a period of three months only, that is the period from the coming into force of the new arrangements and the end of the 2004 calendar year.

You will find in the Appendix the list of all sponsored travel for the calendar year 2005 pursuant to section 15(3) of the Code, including the details set out in subsection (2) of the same Code. As per the Code's requirement, it is for you to lay this Report upon the Table when the House next sits.

As Parliament is currently dissolved, the listing of sponsored travel (2005) will be available immediately on our website at www.parl.gc.ca/oec-bce.

Yours sincerely,

Bernard J. Shapiro
Ethics Commissioner

COMMENTS

The 2004 registry

Last year, my report covered a period of three months only. In this limited report (a total of 10 sponsored trips were recorded), I provided background information on the sponsored travel registry, and I raised some issues for which I suggested appropriate administrative interpretations. These were:

1. The definition of supporting documents and their non-inclusion in the public registry
2. The meaning of 'value' for the transportation and accommodation benefits received
3. The requirement for the Member's signature for the public registry
4. Punctual timing of the statement in the Member's public registry file

For further reference related to these recommendations, see last year's report on our website at www.parl.gc.ca/oec-bce.

The 2005 registry

This is the second report to be tabled on Sponsored travel, pursuant to the *Conflict of Interest Code for Members of the House of Commons*. It is however the first to cover a full year of sponsored travel, pursuant to section 15(3) of the Code, which reads as follows:

15(3) By January 31 of each year, the Ethics Commissioner shall prepare a list of all sponsored travel, including the details set out in subsection (2), and the Speaker shall lay the list upon the Table when the House next sits.

In 2005, there were a total of 67 instances of sponsored travels reported by 44 Members. An analysis indicates that:

- With 18 recorded activities, Taiwan remains, by far, the main destination of sponsored travel; these trips are sponsored primarily by the Chinese International Economic Cooperation Association.
- Israel is the second most frequent destination, with 13 registered activities; these trips are sponsored by the Canada-Israel Committee or the Quebec-Israel Committee.
- The duration of sponsored trips were between 1 and 10 days.
- Two Members between themselves, account for more than 20% of the entries. Of these two:

- (a) the Global Organization of Parliamentarians Against Corruption (GOPAC) sponsored six trips for the Chair of the Standing Committee on Public Accounts, Mr. John Williams.
 - (b) Mr. David Kilgour has six entries related to his involvement on the international scene.
- With respect to the other entries, one Member reported three trips; while in all other cases, sponsored travel was limited to one or two.

Given that my Office has now acquired a full year's experience regarding the provisions on sponsored travel statements under section 15 of the Code, there are a few reminders I would like to provide to Members.

First, I wish to remind Members of what constitutes, according to the Code, sponsored travel. Its definition, found in section 15 (1), defines it as *'a trip that arises from or relates to his or her position, exceed \$500 and those costs are not wholly paid from the Consolidated Revenue Fund or by the Member personally, his or her political party or any interparliamentary association or friendship group recognized by the House'*.

Therefore, only a small portion of the various kinds of travel in which Members take part fall within the definition of sponsored travel. Indeed, travel which is part of a parliamentary business, paid out of any of Parliament's budget allocation is not considered as sponsored travel. For instance, the following travels do not need to be registered:

- travels of any parliamentary committee;
- any travels carried within the Interparliamentary Affairs of Parliament (i.e. within a parliamentary exchange program of either or both Speakers, with Interparliamentary associations or friendship groups as funded by the Joint Interparliamentary Council, etc...).

As well, travel and missions undertaken on behalf of the Canadian government and paid for by the Consolidated Revenue Fund (this would include, for instance, travels undertaken within a project of the Parliamentary Centre, if the project is funded either by CIDA or another federal government body).

With respect to travel carried on within the jurisdiction of the Joint Interparliamentary Council, my Office has been asked by one Member to rule as to the appropriateness of having the Whips decide on the allocation of travel to Members of their respective party. This is, however, not within my mandate as it is not related to the *Conflict of Interest Code for Members of the House of Commons*.

Second, I would also like to remind Members of the importance of carefully filling out the Sponsored Travel form and include all necessary information required by the Code. This indeed seems problematic for Members particularly in the area of determining the 'value' of the benefits received, as required by sub-section 2 of section 15 of the Code. As well, in some instances, the dates of the registered travel have not been indicated.

As this situation arises, my Office deals, in each case, with the Members concerned. I would however, appreciate the cooperation of Members in initially providing all information and supporting documents necessary.

Members' statements are then filed with my Office in good faith, checked to ensure that no information is missing and are then compiled and placed on the public registry. To facilitate this process, a slightly revised new form is attached to this report (see Appendix 1) for the convenience of Members; it will also be available from my website.

Finally, there are other questions which would merit further discussion between my Office and the Standing Committee on Procedure and House Affairs. For instance:

- How should we deal with the requirement to register travel which is 'not wholly paid' by Parliament or the Consolidated Revenue Fund? Are Members always aware of the source of all benefits associated with a specific trip?
- When a particular trip is sponsored by a private organization acting as an Executing Agency (such as for instance, the Parliamentary Centre or a Non-Government Organization-NGO) for a project sponsored and paid for, by the Canadian Government, should they be considered as paid by the Consolidated Revenue Fund or should they be registered as benefits and sponsored travels?

On both these questions, my Office has, so far, accepted the registrations provided by Members, on their face value, based on the best information available to them. Even though some entries might not be considered as sponsored travels, Members themselves, in certain cases or in cases of doubt, may prefer to register them in a spirit of transparency.

I intend to discuss these questions with the House of Commons Standing Committee on Procedure and House Affairs, in the 39th Parliament, in accordance with its role regarding the Members' Code.

The 2004 and 2005 reports on Sponsored travel can be found on my website at www.parl.gc.ca/oec-bce.
