

# NOTICE TO EMPLOYEES

**“We tell  
Human Resources  
And Skills Development  
Canada  
who works for us.”**

## **Why?**

Employers and employees have an obligation to protect the Employment Insurance Fund – it is financed by both of us. We must work together to prevent, detect and deter abuse of the Employment Insurance program.

## **How?**

By informing Human Resources and Skills Development Canada of the first day worked by our employees.

Ask your personnel officer or union representative for details about the Report on Hirings program.
