About the CPP

This publication is made available to all levels of government, social security organizations and private sector.

The Canada Pension Plan (CPP) which came into force on the 1st of January 1966 is a contributory, earnings-related social insurance program. It ensures a measure of protection to a contributor and their family against the loss of income due to retirement, disability and death. The plan operates throughout Canada except in Quebec which has its own similar program, the Quebec Pension Plan (QPP). The QPP is closely associated with the CPP and both plans are operated and coordinated through a series of agreements between the federal and Quebec governments. Benefits from either plan are based on pension credits accumulated under both, as if only one plan exists.

The CPP covers nearly all employed and self-employed persons in Canada (except Quebec) who are at least age 18, and under age 70 and not in receipt of a retirement or disability pension under the CPP and who earn more than a minimum level of earnings in a calendar year.

In 2003, employees contributed 4.95 percent of covered earnings and their employer paid a matching contribution. Self-employed persons contributed at the rate of 9.9 percent on the same range of annual earnings. The YBE was \$3,500 for 2003 and the YMPE, which is approximately the average Canadian wage, was \$39,900 in 2003.

Contributions are made on the portion of an individual's annual earnings above the Year's Basic Exemption (YBE) and up to a ceiling known as the Year's Maximum Pensionable Earnings (YMPE).

About this Report

The data appearing in this publication were compiled as aggregates of records from the Record of Earnings file, which contains the

À propos du RPC

La présente publication est mise à la disposition de tous les ordres de gouvernement, des organismes de sécurité sociale et du secteur privé.

Entré en vigueur le 1^{er} janvier 1966, le Régime de pensions du Canada (RPC) est un régime d'assurance sociale contributif fondé sur les gains. Il protège un cotisant et sa famille contre la perte de revenu attribuable à la retraite, à l'invalidité et au décès. Le Régime est applicable dans tout le Canada, à l'exception du Québec qui a un programme semblable, soit le Régime de rentes du Québec (RRQ). Le RRQ est étroitement lié au RPC et les opérations des deux régimes sont coordonnées par une série d'accords entre le gouvernement fédéral et celui du Québec. Les prestations sont fondées sur les crédits de pension accumulés dans le cadre des deux régimes, comme s'il n'existait qu'un seul régime.

Le RPC s'adresse à presque toutes les personnes salariées ou travaillant à leur compte au Canada (sauf au Québec) qui sont âgées d'au moins 18 ans, mais moins de 70 ans, qui ne reçoivent pas une pension de retraite ou d'invalidité du RPC et dont les gains, au cours d'une année civile, dépassent le niveau minimal des gains prévu.

En 2003, les employés ont versé une cotisation égale à 4,95 p. 100 de leurs gains assurés et leur employeur a versé une cotisation équivalente. Les travailleurs autonomes ont cotisé au taux de 9,9 p.100 sur la même tranche des gains annuels. En 2003, l'exemption de base de l'année (EBA) était de 3 500 \$. Le maximum des gains annuels ouvrant droit à pension (MGAP) est approximativement équivalent au salaire moyen au Canada, et il était de 39 900 \$ en 2003.

Des cotisations sont prélevées sur la tranche des gains annuels d'un particulier compris entre l'EBA et un plafond prescrit qui est le MGAP.

information on the earnings and contributions of each contributor. The information in these tables should not be mistaken for contributor information available from income data, which includes other sources such as pensions, interest and other investment income. Individual details are held in strict confidence.

The tables that follow include information on the number of contributors and the amount of contributions paid, distributed by gender, age, earnings level, employment status and by province. In addition to information on contribution to the Canada Pension Plan in the year 2003, this publication also contains historical data dating from 1966 on the most often requested information.

The symbol (X) is used to denote a number less than ten in the tables referring to the number of contributors.

Those persons whose age, gender and /or province is not known, have been excluded from this publication. Those persons represent less than 0.001% of contributors.

À propos du présent rapport

Les données de la présente publication ont été compilées à partir de l'ensemble des inscriptions au Registre des gains; ce dernier contient les renseignements sur les gains et les montants des cotisations de chaque cotisant. Les renseignements fournis dans ces tableaux ne doivent pas être considérés comme provenant des données sur les revenus, qui comprennent d'autres sources telles que les revenus de pensions, d'intérêts et d'autres investissements. Les renseignements particuliers sont strictement confidentiels.

Les tableaux qui suivent contiennent des renseignements sur le nombre de cotisants et le montant des cotisations versées, selon le sexe, l'âge, le niveau des gains, l'état relatif à l'emploi et la province. En plus de présenter l'information sur les cotisations au Régime de pensions du Canada durant l'année 2003, cette publication contient des données historiques datant de 1966 sur les renseignements les plus en demande.

Le symbole (X) est utilisé pour indiquer un nombre inférieur à dix dans les tableaux se référant au nombre de cotisants.

Les cotisants dont l'âge, le sexe et/ou la province de résidence ne sont pas connus ont été exclus de la présente publication. Ces personnes représentent moins de 0,001 p. 100 de l'ensemble des cotisants.

Faits saillants :

Le nombre de cotisants au Régime de pensions du Canada (RPC) a augmenté d'environ 1 p. 100 pour passer de 11,3 millions en 2002 à 11,4 millions en 2003.

Le montant des cotisations versées au RPC s'est accru de 9 p. 100 en 2003 (27,6 milliards) comparativement à 2002 (25,4 milliards).

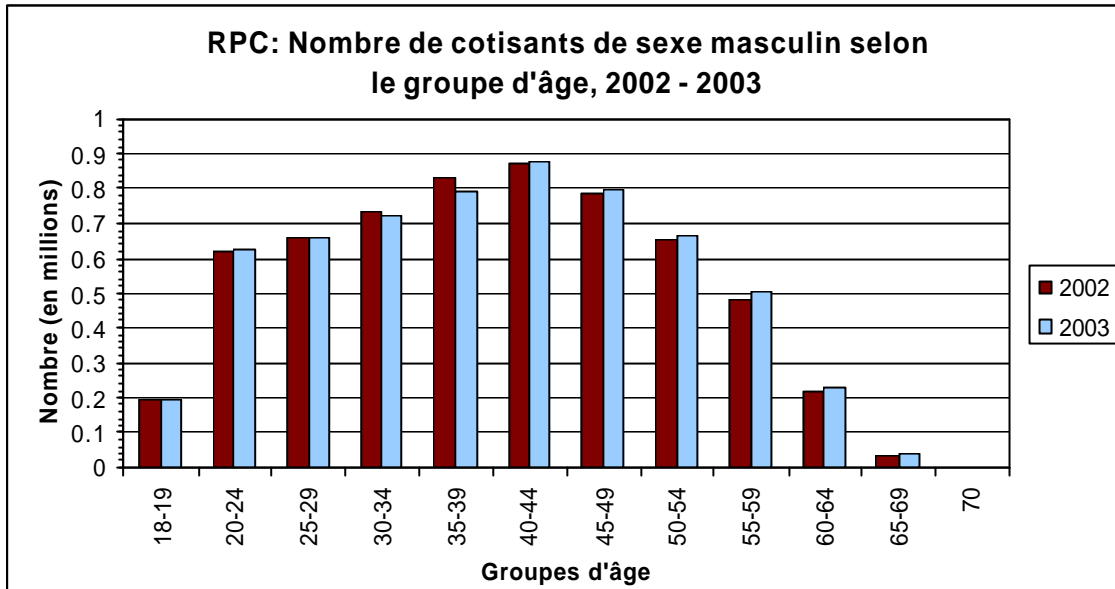

En 2003, le nombre de femmes qui ont cotisé au Régime a augmenté de 1.2 p. 100 (63 730) et il se situe à 5.3 millions en 2002, le même nombre constaté en 2002. Le nombre de cotisants du sexe masculin, quant à lui, a augmenté très faiblement en 2003, soit de 0,2 p. 100 (13 145) et est demeuré à 6.1 millions, soit le même nombre que l'an dernier.

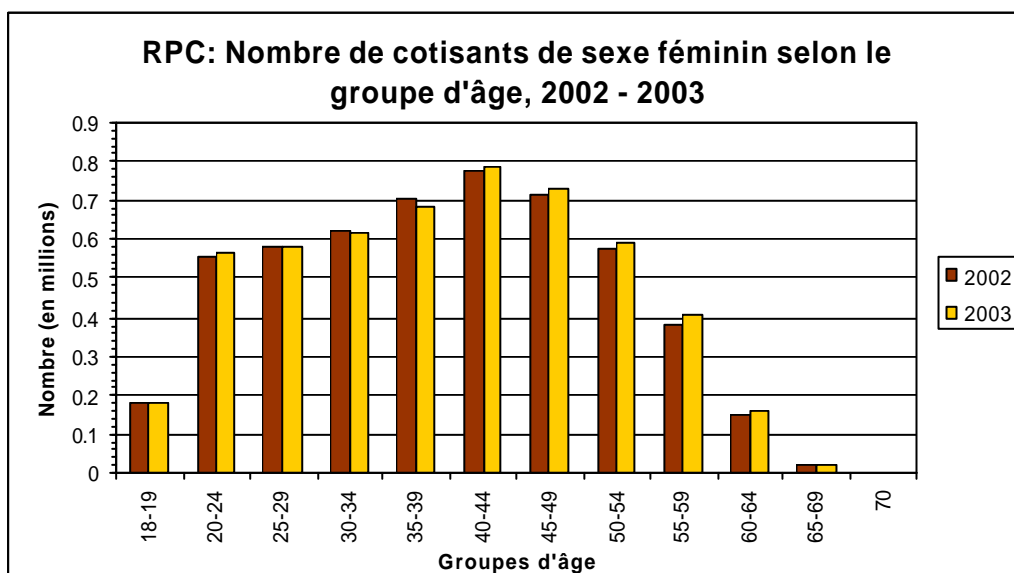

Parmi les provinces, l'Ontario a enregistré la plus forte augmentation du nombre de ses cotisants en 2003 (39,683) comparativement à 2002.

Les hommes âgés de 65 à 69 ans ont connu une augmentation de 5.8 p. cent en 2003. Le groupe d'âge des 40 à 44 ans représente la plus forte proportion de cotisants de sexe masculin, s'accroissant de 0,4 p. 100 comparativement à l'année précédente.

Parmi les cotisants du sexe féminin tout comme chez les cotisants masculins, ce sont les femmes du groupe des 65 à 69 ans qui ont connu la plus forte augmentation de leur nombre, s'accroissant de 9,6 p. 100 en 2002. Le groupe d'âge 40-44 ans représente 14,7 p. 100 du nombre total de cotisants du sexe féminin, affichant une croissance de 1,2 p. cent par rapport à l'année précédente.

Definitions and Terminology

Contributor:

To contribute to the Plan, a person must be at least age 18, under age 70, and not be in receipt of a retirement or disability pension under the Canada Pension Plan. In addition, earnings for the year must exceed \$3,500 or this amount adjusted in line with the portion of the year the individual was a contributor.

Employment Status:

A contributor having earnings only from salary and wages is considered an "employee". Contributors having only earnings from self-employment are classified as "self-employed". Contributors with both employment and self-employment earnings, are classified as "mixed".

Contributions:

In 2003, contributions were payable on earnings between \$3,500 and \$39,900 for both employees and the self-employed. Employees contribute at the rate of 4.95% with a matching contribution being made by their employers. Self-employed persons contribute at the rate of 9.9%. Thus, in 2003 the maximum contribution payable by an employee was \$1,801.80 and \$3,603.60 by a self-employed person.

Earnings:

Earnings are essentially salaries from wages of employees and earnings from self-employment on which CPP contributions are made. Earnings do not include income from investments or pensions.

Average Earnings:

Average of the earnings shown in the Record of Earnings. However, contributors having earnings of \$100,000 or over are considered as having earnings of \$99,999 for the purposes of the average.

Median Earnings:

The value of the distribution of earnings which divides the number of contributors into two equal parts, or the amount of earnings above which 50% of the contributors are located and below which the other 50% are located.

Définitions et terminologie

Cotisant:

Pour être cotisant au Régime, une personne doit être âgée d'au moins 18 ans, mais de moins de 70 ans, et ne pas recevoir une pension de retraite ou d'invalidité du Régime de pensions du Canada. De plus, les gains pour l'année doivent être supérieurs à 3 500 \$ ou à ce montant ajusté en fonction de la partie de l'année pour laquelle le particulier a été cotisant.

État relatif à l'emploi:

Un cotisant est considéré comme étant «salarié» si ses gains proviennent seulement de traitements et de salaires. Un cotisant ayant des gains provenant seulement d'un travail à son propre compte est classifié comme étant «travailleur autonome». Si un cotisant a des gains provenant à la fois de traitements et de salaires ainsi que d'un travail à son propre compte, il est classifié comme étant «mixte».

Cotisations:

En 2003, les gains cotisables étaient les gains compris entre 3 500 \$ et 39 900 \$, tant pour les travailleurs salariés que les travailleurs autonomes. Les travailleurs salariés versent une cotisation correspondant à 4,95% de leurs gains, et leurs employeurs en font autant. Les travailleurs autonomes ont un taux de cotisation de 9,9%. Ainsi, en 2003, la cotisation maximale payable par un employé était de 1 801,80 \$ et celle d'un travailleur autonome, de 3 603,60 \$.

Gains:

Revenus sur lesquels des cotisations au Régime de pensions du Canada ont été prélevées. Ces gains sont essentiellement des salaires et des traitements ainsi que des gains provenant d'un travail autonome. Les gains ne comprennent donc pas les revenus provenant d'investissements ou de pensions.

Moyenne des gains:

Moyenne des gains inscrits au registre des gains. Cependant, les cotisants dont les gains sont de 100 000 \$ ou plus sont considérés comme ayant des gains de 99 999 \$ pour le calcul de la moyenne.

Médiane des gains:

La valeur de la distribution des gains qui divise le nombre de cotisants en deux parties égales, ou le montant des gains au-dessus et au-dessous duquel se situent 50% des cotisants.

Year's Basic Exemption (YBE) :

This is the minimum level of earnings in a calendar year to be covered by CPP. This figure changes annually and in 2003 the YBE was \$3,500. Legislation that became effective January 1, 1998, has now frozen it at \$3,500.

Year's Maximum Pensionable Earnings (YMPE):

Contributions are made on the portion of an individual's annual earnings to this ceiling. This is approximately the average Canadian wage and was \$39,900 in 2003.

Age:

Refers to the age of the contributor at the end of the calendar year.

Province:

Many contributors have earnings in more than one province. To avoid multiple counting of these contributors, all earnings were considered to have been made in the province in which the greatest amount was earned.

The figures shown for the province of Quebec relate only to contributions of certain federal employees (members of Canadian Armed Forces for example) who reside in Quebec.

In the section presenting the distribution of the number of contributors by earnings level and by age, details have not been included in Quebec, N.W.T., Yukon, Nunavut and Outside Canada because of the small numbers in these areas.

Exemption de base de l'année (EBA) :

Il s'agit du niveau minimal des gains dans une année civile qui sera assuré par le RPC. L'EBA change chaque année et, en 2003, elle était de 3 500 \$. Conformément à la loi en vigueur depuis le 1^{er} janvier 1998, l'EBA est maintenant gelée à 3 500 \$.

Maximum des gains annuels ouvrant droit à pension (MGAP):

Les cotisations sont prélevées sur la tranche des gains annuels d'un particulier jusqu'à ce plafond. Le MGAP est approximativement équivalent au salaire moyen canadien, et il était de 39 900 \$ en 2003.

Âge:

L'âge utilisé est celui du cotisant à la fin de l'année civile.

Province:

Un grand nombre de cotisants ont des gains dans plus d'une province. Afin d'éviter de compter plus d'une fois ces cotisants, on considère que tous leurs gains ont été accumulés dans la province où ils ont gagné le plus.

Les données présentées pour la province de Québec ne concernent que les cotisations versées par certains employés fédéraux (par exemple, les membres des Forces armées canadiennes) résidant au Québec.

Dans la section présentant la distribution du nombre de cotisants par niveau des gains et par âge, les tableaux donnant les détails sur le Québec, les Territoires du Nord-Ouest, le Yukon, le Nunavut et l'extérieur du Canada ont été exclus en raison du petit nombre de cotisants dans ces régions.

(1) These figures are not representative of all the contributors in Quebec but only those who contribute to Canada Pension Plan; this note applies in every table in which Quebec appears.
Ces chiffres ne représentent pas tous les cotisants dans la province de Québec, mais seulement ceux qui cotisent au Régime de pensions du Canada; ceci s'applique à tous les tableaux où le Québec apparaît.

(*) See Table 1.1 for a more thorough breakdown of the Territories.
Voir tableau 1.1 pour une ventilation plus détaillée des Territoires.
