

Revised Notice of Public Hearing

September 12, 2006

Ref. 2006-H-07
Revision 2

The Canadian Nuclear Safety Commission (CNSC) will hold a two-day public hearing on the application by SRB Technologies (Canada) Inc. for the renewal of its Nuclear Substance Processing Facility Operating Licence. The SRB Technologies (Canada) Inc. facility manufactures sealed light sources containing tritium for use in luminous signs and other luminous objects. The facility is located in Pembroke, Ontario.

The hearing originally scheduled for August 17 and October 25, 2006 was adjourned on August 15, 2006. The new hearing dates have now been set as follows:

Hearing Day One: October 25, 2006
Place: CNSC Public Hearing Room, 14th floor, 280 Slater Street, Ottawa, Ontario

Hearing Day Two: November 27, 2006
Place: CNSC Public Hearing Room, 14th floor, 280 Slater Street, Ottawa, Ontario

Public hearings follow the agenda published prior to the hearing date.

The public is invited to comment on the application by providing a written submission and, if so desired, making an oral presentation that summarizes the written submission on Hearing Day Two. Requests to intervene must be filed with the Secretary of the Commission by November 16, 2006 at the address below along with a request, if so desired, to make an oral presentation. Requests to intervene must include a written submission and, where applicable, the complete text of any oral presentation to be made to the Commission. In order to allow sufficient time for the public to prepare submissions for Day Two of the hearing, the Commission has varied the time period under the *Canadian Nuclear Safety Commission Rules of Procedure* to request to intervene and file submissions.

Agendas and information on the hearing process are available at the CNSC Web site: www.nuclearsafety.gc.ca. Hearing documents (submissions) are not available on-line and must be requested through the Secretariat at the address below:
