

# WELCOME Facility Rentals

Consider holding your next event in an exciting and educational venue—the Canada Science and Technology Museum, home to Canada’s most comprehensive science and technology collection. The Museum’s exhibition halls provide distinctive spaces for banquets, receptions or product launches. Smaller rooms and private halls are also available during Museum hours.

## RENTAL AREAS

### Locomotive Hall

A feature exhibition at the Museum, the Locomotive Hall captures the essence of the bygone era of rail travel. One of our most popular areas by day, the Hall—framed by two stunning locomotives—is transformed at night into a sumptuous setting for receptions and banquets.

### Canada in Space Foyer

Located down the hall from the main Museum entrance, and right next to the *Canada in Space* exhibition, this vibrant and dynamic space is perfect for large functions. It is conveniently located close to the demonstration stage and provides easy access to additional exhibition rental areas.

### Conference Hall

This flexible space consists of three rooms with easy access to one another. Use just one for a meeting or Christmas party, or all three for multi-functional events such as a conference, trade show and reception. The temporary walls can also be removed to create a single large area.

### Auditorium

Conveniently located by the Museum entrance, the 260-seat auditorium is perfect for both business and entertainment. It has easy access to unloading areas and has a control room to facilitate audio-visual and lighting management.

### Classrooms

Choose from six different classrooms for your next meeting, party or training session. The classrooms can also be used, in conjunction with other spaces, as breakout rooms.

### Technology Park

Looking for a way to liven up your next business function? Have a picnic, organize a team-building session or play your company’s next Ultimate game in this beautiful park adjacent to the Museum.

## IN ADDITION

Dynamic, trained staff is available for guided tours of the exhibitions, behind-the-scenes collection tours, astronomy programs, family-oriented activities or workshops for children.

- In-house catering is available, including liquor license.
- Museum staff is on site during the event.
- Tables, chairs and some audio-visual equipment included with rental.
- Discount at the Scientique gift shop on items for your event.
- Free parking

**From first concept to final curtain, let the Museum help make your next event an absolute success. Please contact the facility rental coordinator at 613 991-6091, 1 866 442-4416 or at [rental@technomuses.ca](mailto:rental@technomuses.ca) for more information.**

The Museum is located 10 minutes from downtown Ottawa, 20 minutes from the Ottawa International Airport and 5 minutes from the train station. Parking is free.
