Useful Information

Eligibility requirements

You must qualify for the Loans and Bursaries Program for the award year concerned.

You must never have received assistance from AFE for the purchase of a computer or computer equipment.

Terms and conditions

Generally, the allowable expense for the purchase of computer equipment is \$2 000. If the use of a laptop is required in your program of study, the allowable expense is \$3 000.

The computer equipment must be purchased within two months of AFE's decision. Whether the sale is conducted in person or on-line, the equipment must be purchased from a business located in Québec and all receipts must be made in your name.

Computer equipment includes the computer, peripherals (monitor, printer, modem, mouse, etc.) and software.

The Québec government is responsible for the interest accrued on your student loan as long as you remain a full-time student.

Verification

You must keep all of your receipts as AFE may ask you to provide them.
