

Issue 13

e-Tenure Times

May 17, 2005

Phase One – e-Transfers (implemented)

Phase Two – e-Postings (implemented)

- e-Postings was successfully implemented on March 30, 2005, with over 300 requests for parcels in the first fully electronic posting acceptance period.
- Most users are finding the system simple and easy to use.
- A comprehensive Posting Request manual is available at www.energy.ab.ca by clicking on ETS and then Posting Request.
- Assistance on how to post lands or use the e-Posting system is available through the sales groups in Edmonton (Oil Sands or Petroleum & Natural Gas). Contact Liz Crowe at 780-422-9431 for PNG or Shamee Hoosein at 780-427-9076 for oil sands.
- Assistance with the Query Functions of e-Posting is available from the Calgary Information Center (403-297-6324).
- Assistance with setting up your ETS (Electronic Transfer System) account is available through Client Registry (780-422-1395).

Phase Three – e-Bidding

- Bidding “as is” and “to be” models have been completed.
- The first draft of the requirements document is being reviewed.
- e-Bidding **will be mandatory** when launched with the first electronic sale expected for June 28, 2006.
- Closing time of the sale (12:00 noon) and the 8-week window between publication date and the sale will remain the same.
