<sup>1</sup> Includes exported clinker.

<sup>2</sup> Production values for bentonite and diatomite have been included in clay products.

<sup>3</sup> Shipments of gypsum, silica, stone and gravel to Canadian cement, lime and clay plants and shipments of potash to Canadian potassium sulphate plants are not included in this table.

Note: Data include shipments by producers regardless of industrial classification. For definitions regarding data contained in this table refer to the Appendix. This table excludes petroleum and natural gas.
