**Post-Approval Process**

\*If your division or program has a Contribution Co-ordinator, please submit your signed forms (Permission-to-Publish, Critical Reviewer's Appraisal, and Crown Copyright Reserve forms) and digital abstract to this person. The Contribution Co-ordinator will then request an ESS Contribution number from the following mailbox: Library, ESIC-GEOSCAN. When all the necessary material is obtained, the Contribution Co-ordinator will send copies of the forms back to the ESS Primary Contact, who will then forward the approved manuscript and copyright forms to the external publisher.

Full manuscripts will be published on the Web site, three months AFTER publication by the external publisher.

**It is the ESS Primary Contact's responsibility to inform us of the publisher's actual publication date, otherwise the publication and the related information will not be posted on our Web site.**

For the use of the database administrator.  
A bibliographic record of this manuscript has been established.
