

So, conservation is crucial

Gulf Islands Waterscapes

Protecting and conserving our island water

DRAFT

Part 3

We are the solution!
 The biggest user of water on the islands are homes and tourist accommodations.
 So, water conservation at home is crucial!

Want to know more?

This information is part of the *Gulf Islands Waterscape poster*, a Miscellaneous Report by the Geological Survey of Canada that will be available in late 2004. Draft content of the poster is available on the internet at:
www.bowenisland.info/waterscapes
 and
