

## Would you like to sing along with Chief?

His songs are available online at the following Web sites:

[www.msp.gouv.qc.ca/incendie/youth](http://www.msp.gouv.qc.ca/incendie/youth)  
[www.ville.montreal.qc.ca/incendie](http://www.ville.montreal.qc.ca/incendie)

Just click on the title of the song "Hot Things" or "Fire! Fire!"

## Follow these safety tips from Chief and his friends

Tell a grown-up if you find a lighter or matches!

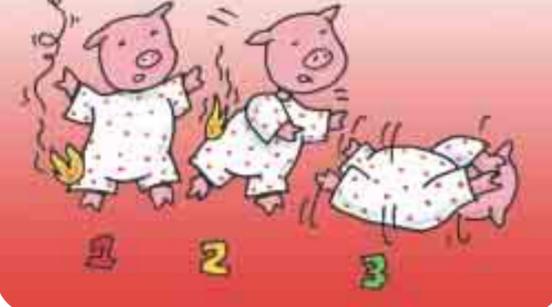

Recognize the sound of the smoke alarm and get out!

Stay away from hot things that can burn!

Stop, drop and roll if your clothes catch fire!

Crawl low under smoke!

Consider a firefighter a friend!

## A true story

*My name is David and I'm five years old. I live with my Mom. My Dad lives not far away. When my Mom has to work at night, Grandma Lulu is usually the one who takes care of me. I like going to her apartment. It's on the second floor of a building. My grandmother loves it when her little Scamp (she calls me her little Scamp) comes to sleep over.*

I'm going to tell you about an adventure that I had over the Christmas holidays. It was very cold that night. I was just beginning to fall asleep in my little room, when suddenly the 🔔 started to beep. I got out of bed and went out of the room... there was a lot of 🧊 in the living room. I was very scared. Grandma and I left the apartment crawling 🐛, just like Chief had shown us. My grandmother closed the 🚪 of the apartment and pulled the fire alarm for the building. We immediately heard a loud bell ringing. Everyone quickly left the building and went across the street to wait in the driveway of the building in front. The 🚒 arrived in less than five minutes and put out the 🔥. They told us that some plastic bags were placed too close to a heater and had caught fire.

They congratulated us on leaving the building so quickly. Grandma Lulu told them that she had just had a new smoke alarm installed because her old one had been there for many years. I didn't know that a 🔔 could get old! 🧓 told me how proud she was of her little Scamp because I left the building quickly and did not let some people who were yelling around us bother me. I don't have to tell you that we never leave anything close to a heater any more! Tonight we're going to visit my other grandmother. Guess what we're taking over to her as a 📦? A brand new smoke alarm! My Dad said that she has had her smoke alarm for almost 10 years now, which is too long. I'm going to help my Dad install it and check it. For our safety, a smoke alarm has to work, because it can save lives!

# Safety MISSION

### Objective:

Spot the dangers in *Chief's* album and place the picture showing what is safe over the danger.

### To play:

This game of observation can be played by two players or as a team.

Mark an X on a sheet of paper each time you or your team places a picture showing what is safe over the danger.

- 1 Roll a dice. The player or team that rolls the highest number starts the mission.
- 2 Choose an illustration and spot the danger.
- 3 Place the picture showing what is safe on top of the danger.
- 4 Each player takes turns rolling the dice and repeating steps 2 and 3.
- 5 The game ends when all of the safety pictures have been placed on top of the dangers.

The player or team that places the most pictures correctly wins and each player receives an apprentice firefighter diploma. Mission accomplished! **CONGRATULATIONS!**

The diploma is available in Annex IV of the Teacher's Handbook, which can be downloaded at one of the following Web sites:  
[www.mssp.gouv.qc.ca/incendie/youth](http://www.mssp.gouv.qc.ca/incendie/youth)  
[www.ville.montreal.qc.ca/incendie](http://www.ville.montreal.qc.ca/incendie)

## Safety Pictures

Glue this sheet to a piece of cardboard.  
Cut out each picture and place them in the centre to play.
