

Warning Notice

Issue No. 71– August 2006

OSFI continues to receive information regarding entities posing as financial institutions. It is believed that these names are being used as part of various advance fee or “Nigerian letter” scams. The public is advised to use caution in dealing with anyone claiming association with a financial entity not known to them. In particular, members of the public should not make any advance payment (no matter what label is attached to it) for the purposes of opening an account, paying a government fee, or similar. In almost all cases, fraudsters request payment to be sent via money remittance to an individual, not the named financial entity. Legitimate money transfers cannot be wired or otherwise remitted directly to entities that do not exist.

The name(s) listed below are not authorized federally regulated financial institution(s) and may be part of such advance fee scams (see also OSFI’s Warning Notice No. 23, dated February 2002).
