

Terms and Conditions

1. All costs associated with the installation and maintenance of an approved ignition interlock device are the responsibility of the applicant. Failure by the applicant to meet the financial obligations will result in removal of the device by the installer.
2. An "approved ignition interlock device" is the make and model of instrument designated by the Board as:
 - a) meeting the Board's performance standards; and
 - b) provided by a designated supplier/installer.
3. The applicant must have the ignition interlock device on the vehicle for a minimum of six months from the date of receiving a restricted operator's licence, to the end of the licence suspension period, whichever is greater. The vehicle with the ignition interlock device must be driven on a regular basis or an explanation as to why it was not driven must be provided to the Board.
4. The applicant will provide a suitable vehicle for installation of an approved ignition interlock device. Any repairs or improvements to a vehicle required to ensure the safe installation of an interlock device shall be the applicant's responsibility (e.g. weak battery, faulty wiring or fuses).
5. The applicant shall be liable for any and all damages to an approved ignition interlock device and shall be bound by the terms and conditions of any financial contract entered into with the supplier/installer. Tampering with the device may result in the removal of the device by the supplier/installer.
6. The applicant will arrange for servicing of the ignition interlock device 30 days after initial installation and at least every 60 days thereafter, or as designated by the Board.
7. A record of driving activity for the applicant provided by the interlock device at each servicing will be forwarded by the supplier/installer to the Board for monitoring. This driving activity record consists of a printout list of:
 - a) all tests where alcohol is detected - recorded by date, time, Blood Alcohol Level (BAC level) and test results;
 - b) total of all starts in a given day where no alcohol was detected;
 - c) all incidents of tampering or attempted tampering - recorded date and time;
 - d) failure to provide retest on demand.
8. The applicant is responsible for the contents of the printout record and shall be held accountable for the activities of other persons using the interlock-equipped vehicle.
9. The applicant and other persons using the interlock-equipped vehicle will undertake all training provided by the supplier/installer in the proper operation of the device.
10. Prior to being released from the program, the final three months of the program must be clean (no unexplained warns or fails).
11. The applicant must understand that certain actions may result in a warning, a Notice to Attend an inquiry with the Board, an extension, or revocation from the Ignition Interlock Program. Examples of such actions include, but are not limited to:
 - a) "fail" recording (with a BAC level of 0.040 or higher);
 - b) "warn" recording (with a BAC level of 0.020 to 0.039);
 - c) inappropriate use or handling of the ignition interlock device (e.g. attempting to by-pass the device).
12. The applicant may be required to justify continuation in the program to the Board. The outcome of an interview before the Board may include an indefinite suspension, further counseling, or a treatment order. Failure to attend the inquiry may result in an indefinite operator's licence suspension.
13. A request to have the approved interlock device removed and to continue legal driving will not be considered by the Board until:
 - a) the expiry date of the provincial portion of the suspension period; or
 - b) another later date considered appropriate by the Board;
 - c) at least 6 months from the date a restricted operator's licence is obtained; and
 - d) completion of other conditions imposed by the Board.
14. The ignition interlock device will not be removed if any warns or fails are in the final report. The final report is the one downloaded immediately prior to the ignition interlock device being removed.
15. If eligible for termination from the Ignition Interlock Program, the applicant's case will automatically be reviewed by the Board. Where the Board decides to extend the applicant's participation in the program, official notice will be sent to the last registered address. An appeal of the decision can be made to the Board through a mailed notice.

This fact sheet is provided free of charge.

Ignition Interlock Program

Participant Guide

What is the Ignition Interlock Program?

- If you have lost your driver's licence through an impaired driving conviction, the Ignition Interlock Program may allow you to gain conditional driving privileges.
- You have to meet certain requirements to participate in the program.
- The program is designed to help individuals separate their drinking behavior from driving.

How does the program work?

- The court must authorize your use of the ignition interlock device.
NOTE: An original or readable copy of your court ordered "Order of Driving Prohibition" must accompany your application to the Ignition Interlock Program.
- The Alberta Transportation Safety Board (the Board) must approve your participation.
- If you qualify for the program, you must get an alcohol-sensing device installed in your vehicle.
- If the device detects a pre-set level of alcohol, you will not be able to start or drive your vehicle.
- The device keeps a record of the driver's alcohol level during the operation of the vehicle through random re-tests.
- You must bring your vehicle to the installer at least once every 60 days. The installer will inspect the equipment and transfer the recorded information to the Board.
- If the device records that you attempted to drink and drive, the Board will be advised and action may be taken by the Board.
- You must participate in the program a minimum of six months.
- The reinstatement of unrestricted driving privileges at the end of your suspension period depends upon your performance in the program.

Am I eligible to participate in the program?

You are eligible to participate in the program if you meet the following conditions:

- You have been convicted of impaired driving or refusing a breathalyser demand under section 253 or 254 of the Criminal Code of Canada.
- *You are **not eligible** to participate in the program if you were convicted of impaired driving causing injury or death under section 255 of the Criminal Code.*

- You have served the minimum mandatory driving prohibition period specified by section 259(1.1) of the Criminal Code.
- You are a resident of Alberta and eligible for a Restricted Operator’s Licence.
- *If you had a driver’s licence from another jurisdiction at the time of your conviction, or if you were convicted in another jurisdiction that has a similar program, you may be able to participate in the program in Alberta. You must obtain confirmation that the other jurisdiction will transfer your driver records to Alberta and clear the current suspension from that jurisdiction. In addition, you must be a resident of Alberta.*
- You have served all suspensions other than the current alcohol related suspension.
- You must take the “Planning Ahead” course. If you are a repeat offender, you must take the “IMPACT” course.

I was convicted as a repeat (or subsequent) offender. Can I participate in the program?

- You must meet all conditions described earlier under “Am I eligible to participate in the program?”
- You must complete the “IMPACT” course . You will receive a Summary Report when you complete the course. You will be required to appear before the Board and bring your Summary Report to the hearing.
- You may have taken “IMPACT” following an earlier conviction. However, as you were advised in the notification of completion after your current suspension, you must take the course again.

How will I know if the Board has approved me for the program?

- The Board will notify you by fax, e-mail, or mail about your acceptance or rejection for the program.
- If you are accepted, you will be given detailed instructions on getting the equipment installed in your vehicle, taking the training to use it, and taking a road test in order to obtain a restricted licence.
- The Board may take up to 30 days to process your application.
- The Board may deny any application in the interest of public safety.

What is involved if I am accepted into the program?

- The Terms and Conditions for your participation in the program are on the last page of this guide.

What will it cost me to participate in the program?

You can expect the following approximate costs:

- \$150 plus GST for the installation, which includes de-installation.
- \$95 plus GST per month for the rental of the device.
- \$150 for the course Planning Ahead or \$375 for the course “IMPACT.”
- \$63 for the Application. In addition, a Registry Agent fee will be charged.
- Fees for a restricted operator’s licence and road test.

How do I apply to participate in the Ignition Interlock Program?

- Step 1.** The court must authorize you to operate a motor vehicle with an interlock device during the prohibition period. You must obtain a copy of the court order of driving prohibition.
- Step 2.** You should review this guide and decide whether you are eligible and want to participate, prior to paying the application fee.
- Step 3.** If you are a first-time offender, you must complete the “Planning Ahead” course. If you are a repeat or subsequent offender you must complete the “IMPACT” course and appear before the Board for a hearing.

You can get information and enroll yourself in either course, by contacting the Alberta Motor Association, Impaired Driver Programs from anywhere in the province toll-free at 1-800-272-5698 or in Edmonton at (780) 430-8811.

- Step 4.** You must purchase an application form at any Alberta registry agent office and complete your portion of the application.
- Step 5.** You are required to complete the form and submit your original application to the Board along with the court order of driving prohibition at either of these addresses:

**Alberta Transportation Safety Board
Twin Atria Building
Main Floor, 4999 – 98 Avenue
Edmonton, Alberta T6B 2X3
Phone (780) 427-7178**

**Alberta Transportation Safety Board
Willowglen Business Park
Main Floor, 803 Manning Road N.E.
Calgary, Alberta T2E 7M8
Phone (403) 297-3466**

(or, call toll-free from anywhere in the province by dialing 310-0000, followed by the area code and the 7 digit number for Edmonton or Calgary)
