

Basic Emergency Preparedness (BEP)

Course Sponsor:

New Brunswick Emergency Measures Organization in conjunction with other Atlantic EMO's

Course Description:

Duration: 3 Days

This course is structured to provide the participant with a broad base from which to carry out planning and operations for emergencies. This is an entry level course and is considered a prerequisite for advanced level courses including those courses given at the Canadian Emergency Preparedness College.

Course Objectives:

Topics include:

- Theory of the planning process
- Operating procedures and how they are applied to a spectrum of emergency scenarios.
- The management, command, control and co-ordination functions necessary to meet emergencies are examined using case studies and exercises.

Prerequisite:

None

Type of Instruction:

Classroom style; case studies and exercises

Course Location:

Alma (English) **FULL**
Sackville (English) **FULL**

June 16-18, 2003
November 3-6, 2003

Course Availability:

To register for or inquire about this course in Atlantic Canada, contact the Training officer in your province.
