1.2.2.4 To sole sourced contracts.

1.3 Purpose and Principles

1.3.1 The purposes of this policy are:

1.3.1.2 To encourage the use of Yukon materials and manufactured products in goods and services supplied to the government; and

1.3.1.3 To encourage growth in the manufacturing sector, resulting in the availability of more products to the general public.

1.3.2 To meet the purposes of this policy, incentive rebates will be paid to suppliers of designated goods and services to the government.

1.4 **Background**

This policy was approved by Cabinet in February, 1990. On September 1, 1992, Cabinet approved the goods rebate schedule and policy amendments which changed administrative claiming practices for designated goods, revised reporting relationships for the recommendations of the Business Incentive Review Committee (Appendix 1 attached), and revised wording to conform with the new Contract Regulations (approved September 1, 1992). On November 19, 1998 via Minute #98-41, Cabinet approved the elimination of the \$5,000 threshold required to qualify for a rebate on Yukon manufactured goods.
