**RE: NEW FREQUENCY FOR LPFM UNDERTAKING IN OTTAWA
CRTC Decision # 2005-256, Application # 2004-0383-2**

In response to the Commission's conditional approval of this LPFM licence, we have applied to Industry Canada for permission to use 104.7 MHz (channel 284LP) instead of 96.5 MHz (channel 243LP).

The CRTC Application for a Technical Amendment follows. We would appreciate your earliest attention to this change. Thank you.

Regards,

Jack McGaw
President, 3055457 Nova Scotia Limited

Application for a Technical Amendment to a Broadcasting Licence for an Analog Radio Programming Undertaking

GENERAL INSTRUCTIONS

1. FILING

- **Electronically by attaching it to the Cover Page, which is available on our web site under "File or Register". One hard copy version must also be sent to the Secretary General, CRTC, Ottawa, Ontario, K1A 0N2. The onus is on the applicant/licensee to ensure that the electronic version is identical to the hard copy version.**
- When filing your application electronically, please ensure that the file name of the electronic documents attached to your application form reflects the ascending order in which they should appear on the public file and that each file name include a brief description of the document content. For example, "Doc1-brief description of document"; "Doc2-brief description of document", and so forth. This will ensure that the application and all related documents are presented in the correct order once they are made available for public viewing.
- If the application is not filed electronically, one original and five copies must be filed with the Commission at the following address: Secretary General, CRTC, Ottawa, Ontario, K1A 0N2.

2. INSTRUCTIONS

- The following questionnaire is in HTML format and may be downloaded to the word processing software of your choice. This enables you to complete the downloaded questionnaire by inserting your response **in bold letters** immediately following the question. You may add lines to the tables if necessary but do not alter or delete any text from the questionnaire.
- You must file the Application Brief, which includes the questions and responses, and the Book of Supporting Documents, identified as Appendices in the questionnaire.
- The Application Brief, filed electronically or otherwise, must be divided into sections, and include the numbered questions, as set out in the questionnaire, each followed by the corresponding response.
- Where the Application Brief is filed electronically, all available documentation that forms part of the Book of Supporting Documents, except confidential material, must also be filed in electronic format.
- Complete the General Information section and then complete only those sections that

relate to the proposed amendment(s).

- If you wish to enhance or clarify your application, such information should be filed as a **Supplementary Brief** identified as **APPENDIX 1A** in the Book of Supporting Documents.
- In the case of a proposal for a conversion from AM to FM, the licensee should obtain and complete application questionnaire CRTC 101-Application To Obtain A New Broadcasting Licence To Carry On A Commercial Radio Programming Undertaking.
- The Commission will not process the application if required technical documentation has not been filed with Industry Canada.

3. PUBLIC EXAMINATION FILE

- Copies of the Commission's letters requesting further information and copies of your replies form part of the application and must be available for examination by the public.

4. CONFIDENTIALITY REQUESTS

- Portions of the application may be treated as confidential, at your request, pursuant to section 20 of the *CRTC Rules of Procedure*.
- The onus is on the licensee to request confidentiality for the information or material and to clearly demonstrate that the public interest will best be served by treating the information as confidential. For further information, refer to Circular No. 429 dated 19 August 1998.
- The Commission has increased its security with epass authentication. The full security features of epass will be available in Summer 2004. You may choose to submit **CONFIDENTIAL** information using the electronic cover page, on diskette or cd-rom or in hard copy format. All **CONFIDENTIAL** information must clearly be marked as **CONFIDENTIAL**.
