

Broadcasting Public Notice CRTC 2005-69

Ottawa, 21 July 2005

The Commission has received the following applications. The deadline for submission of interventions/comments is 25 August 2005.

Item Applicant and Locality

1. **Canadian Broadcasting Corporation (CBK)**
Saskatoon, Saskatchewan
2. **Canadian Broadcasting Corporation (CHFA)**
Edmonton, Alberta
3. **Canadian Broadcasting Corporation (CBX)**
Edmonton, Alberta

1. **Saskatoon, Saskatchewan** **Application No. 2005-0567-0**

Application by the **Canadian Broadcasting Corporation (CBC)** to amend the licence of radio programming undertaking CBK Regina.

The licensee proposes to add an FM transmitter at Saskatoon to broadcast the programming of CBK in order to improve service to the populations of Saskatoon, Warman, Dalmeny, Martensville, Cory, Clavet, Vanscoy and Dundurn Camp.

The CBC cites urban growth, the construction of high-rise concrete and steel buildings, increased electrical noise from overhead wires, large and small appliances and portable radio transmitters as impeding the ability of its current AM transmitters delivery of reliable and high quality signals. These factors necessitate the use of a drop-in FM transmitter.

The transmitter would operate on frequency 94.1 MHz (channel 231A) with an effective radiated power of 4,100 watts (non-directional antenna/antenna height of 68.2 metres).

2. **Edmonton, Alberta**
Application No. 2005-0565-4

Application by the **Canadian Broadcasting Corporation (CBC)** to amend the licence of radio programming undertaking CHFA Edmonton.

The licensee proposes to add an FM transmitter at Edmonton to broadcast the programming of CHFA in order to improve service to the population located in the Edmonton urban centre.

The CBC cites urban growth, the construction of high-rise concrete and steel buildings, increased electrical noise from overhead wires, large and small appliances and portable radio transmitters as impeding the ability of its current AM transmitters delivery of reliable and high quality signals. These factors necessitate the use of a drop-in FM transmitter.

The transmitter would operate on frequency 101.1 MHz (channel 266A) with an effective radiated power of 3,931 watts (non-directional antenna/antenna height of 123.7 metres).

3. **Edmonton, Alberta**
Application No. 2005-0568-8

Application by the **Canadian Broadcasting Corporation (CBC)** to amend the licence of radio programming undertaking CBX Edmonton.

The licensee proposes to add an FM transmitter at Edmonton to broadcast the programming of CBX in order to improve service to the population located in the Edmonton urban centre.

The CBC cites urban growth, the construction of high-rise concrete and steel buildings, increased electrical noise from overhead wires, large and small appliances and portable radio transmitters as impeding the ability of its current AM transmitters delivery of reliable and high quality signals. These factors necessitate the use of a drop-in FM transmitter.

The transmitter would operate on frequency 93.9 MHz (channel 230A) with an effective radiated power of 3,931 watts (non-directional antenna/antenna height of 123.7 metres).

Public Participation

Deadline for Interventions/Comments

25 August 2005

The intervention must be received by the CRTC and by the applicant on or before the above-mentioned date. The Commission cannot be held responsible for postal delays.

Your intervention will be considered by the Commission, and will form part of the public record of the proceeding without further notification to you, provided the procedure set out below has been followed. You will be contacted only if your submission raises procedural questions.

Submit your written intervention to the Secretary General of the Commission in **only one** of the following formats:

by using the
Broadcasting Intervention/Comments Form
located below the description of each application within this public notice

or

by mail to
CRTC, Ottawa, Ontario K1A 0N2

or

by fax at
(819) 994-0218

A true copy must be sent to the applicant and proof that this has been done must accompany the intervention sent to the Commission.

The Commission advises those who file and serve by electronic mode to exercise caution when using e-mail for service of documents or notification, as it may be difficult to establish that service has occurred.

Before initiating service through electronic mode, please ensure that you will be able to satisfy the Commission, upon request, that service of the notification was completed.

Where the intervention is filed by electronic means, the line *****End of document***** should be entered following the last paragraph of the document, as an indication that the document has not been damaged during electronic transmission.

Each paragraph of the document should be numbered.

Your intervention should clearly identify the application and indicate whether you support or oppose the application, or if you propose changes to it, include the facts and grounds for your proposal.

Important

All information submitted, including your email address, name and any other personal information as provided, will become part of the public record and can be viewed on the Commission's Web site.

Documents sent in electronic format will be put on the Commission's Web site exactly as we received them, and in the official language and format in which they are sent. Documents not received electronically will be scanned and put on the Web site.

Examination of Documents

An electronic version of applications is available from the Commission's web site by selecting the application number within this notice.

A list of all interventions/comments will also be available on the Commission's Web site. An electronic version of all interventions/comments submitted will be accessible from this list. To access the list, select "Lists of interventions/comments" under "Public Proceedings" from the Commission's Web site.

Documents are also available during normal office hours at the local address provided in this notice and at the Commission offices and documentation centres directly involved with these applications or, upon request, within 2 working days, at any other CRTC offices and documentation centres.
