**Application No. 2005-1468-9**

Application by **Aboriginal Voices Radio Inc.** for an extension of the time limit to commence the operation of the Native Type B radio programming undertakings at Vancouver and its transmitter at Abbotsford, Calgary, Ottawa and Montréal authorized in Decision CRTC 2001-314 (Vancouver), Broadcasting Decision CRTC 2003-67 (Abbotsford), Decision CRTC 2001-172 (Calgary), Decision CRTC 2001-627 (Ottawa) and Broadcasting Decision CRTC 2003-195 (Montréal).

The licensee is requesting an extension until 1 September 2006 for primarily technical and logistical reasons.

The application represents the fifth request for an extension for the undertaking at Vancouver, and the second request for its transmitter at Abbotsford, the fifth request for an extension for the undertaking at Calgary, the sixth request for an extension for the undertaking at Ottawa and the second request for an extension for the undertaking at Montréal.

The licensee is also requesting, until 1 September 2006, an extension of the time to submit an application for the use of a frequency other than 90.9 MHz to operate its new radio programming undertaking in Vancouver. The Commission approved AVR's application for the new service in Decision CRTC 2001-314 but later directed the applicant to submit an amendment to the proposed technical parameters predicated on the use of another frequency.

Moreover, the licensee is requesting, until 1 September 2006, an extension of the time limit to submit an application for the use of a frequency other than 100.1 MHz to operate

its new radio programming undertaking in Montréal.

The Commission approved AVR's application for the new service in Broadcasting Decision CRTC 2003-195 but directed the applicant to submit an amendment to the proposed technical parameters predicated on the use of another frequency. This represents the sixth request for an extension of time to submit an application for another frequency.

The Commission places the applicant on notice that, as a part of its decision making process, it will decide, in the light of the extensions already requested and approved, the information contained in the present application and any interventions to be received, whether it should accord any further extensions.
