2. **Woodstock, Ontario**  
**Application No. 2005-0502-6**

Application by **Sound of Faith Broadcasting** relating to the licence of radio programming undertaking CJFH-FM Woodstock.

The licensee proposes to change the authorized contours by increasing the effective radiated power from 50 to 250 watts, by increasing the antenna height and by relocating the transmitter.

The authorized contours of the station will be changed significantly resulting from the above technical changes.
