PREAMBLE

This Broadcasting Notice of Public Hearing consists of three separate parts.

It should be noted that items 1 to 11 and 13 have already been the subject of a Broadcasting Notice of Public Hearing (CRTC 2005-8, 15 September 2005). However, following the announcement of a transaction involving the assets of station CKNU-FM Donnacona, between 6087329 Canada inc. and Radio Nord Communications inc. (Radio Nord), the above-mentioned items were withdrawn from this hearing.

Please also note that the applications included in item 8 were originally filed by 6087329 Canada Inc. and that these applications are now pursued by Radio Nord.

Part One : Items 1 to 10

In the first part, the Commission list applications (items 1 to 10) to operate radio undertakings in the Québec market.

As part of these items, the Commission will consider three applications it considers competitive for the Québec market. Two of these applications (under item 8) were filed by Radio Nord Communications inc. The first application is to renew the licence of the French-language commercial radio programming undertaking CKNU-FM Donnacona, and where Radio Nord is seeking to amend the condition of licence regarding commercial messages. The second application is to amend the technical parameters of the station. The third application (under item 9), by Radio Charlesbourg/Haute St-Charles, is to amend the technical parameters of French-language Type B community FM radio station CIMI-FM Québec (zone Charlesbourg).

The Commission notes that the amendment to the CKNU-FM condition of licence regarding commercial messages and the proposed technical amendments by radio stations CKNU-FM and CIMI-FM, could result in these station being considered as serving the Québec market.

Part two : Items 11 to 13

The second part of this Notice consists of the applications for which the Commission will wish to discuss the measures that the licensees have taken or may wish to take in response to the concerns raised as part of their licence renewal. The Commission may also discuss other regulatory measures as it may consider appropriate.

Part 3 : Items 14 to 44

The third part of this Notice includes applications (items 14 to 44) that the Commission intends to consider, subject to interventions, during the non-appearance phase of the public hearing.

PART ONE: THE QUÉBEC MARKET

Preamble

On 13 July 2004, the Commission issued Broadcasting Public Notice CRTC 2004-49, calling for applications for broadcasting licences to carry on a French-language radio programming undertaking to serve Québec, Quebec. Interested parties had until 11 October 2004 to submit applications to the Commission.

In Broadcasting Public Notice CRTC 2004-49-1 of 14 September 2004, the Commission published an amendment to the call for applications in order to specify that following an Order from the Federal Court of Appeal, the call for applications would relate only to radio applications that proposed to use frequencies other than 98.1 MHz.

On 12 January 2005, the Commission issued a second amendment to its call for applications to serve Québec, Quebec. In Broadcasting Public Notice CRTC 2004-49-2, the Commission pointed out that, it did not usually specify the language of the service to be proposed in its calls for applications and should not have done so in this case. Therefore, Broadcasting Public Notice CRTC 2004-49 was corrected to exclude the reference to the language of the service to be proposed. Interested parties were given until 28 February 2005 to submit applications to the Commission. Applicants that had submitted applications in response to the original call CRTC 2004-49, also had until 28 February 2005 to review and update their application.

Further to this call for applications, the Commission has received a number of applications for licences to serve the Québec market.

Please note that the Commission will consider the interventions already received, accepted and filed on the public file for items 1 to 10, for Broadcasting Notice of Public Hearing CRTC 2005-8 as well as any other intervention received in the context of this proceeding

Items 1, 2 and 3 are technically mutually exclusive as they propose the use of the frequencies 92.5 MHz (for item 1) and 92.7 MHz (for items 2 and 3).

Items 4 and 5 are technically mutually exclusive as they both propose the use of the frequency 105.7 MHz.

Items 6, 7 and 9 are technically mutually exclusive as they propose the use of the frequency 106.9 MHz.

1. **Québec, Quebec**
Application No. 2005-0222-0

Application by **591991 B.C. Ltd.**, subsidiary of Corus Entertainment Inc., for a licence to operate a French-language commercial specialty FM radio programming undertaking in Québec.

8. **Donnacona and Sainte-Croix-de-Lotbinière, Quebec**
Applications No. 2004-0764-4 and 2004-1220-6

Applications by **Radio Nord Communications inc.** (Radio Nord) for the renewal (application # 2004-0764-4), of the licence of the French-language commercial radio programming undertaking CKNU-FM Donnacona and its transmitter CKNU-FM-1 Sainte-Croix-de-Lotbinière, expiring 30 April 2006.

As part of the licence renewal, Radio Nord is requesting an amendment to its licence by deleting the condition of licence which states that it must not solicit advertising from outside the Portneuf area.

In application 2004-1220-6, Radio Nord proposes to change the authorized contours of CKNU-FM Donnacona by decreasing the effective radiated power from 3,100 watts to 1,585 watts, by increasing the antenna height and by relocating the transmitter from a site at Saint-Raymond to the summit of Mont Bélair (non-directional antenna/antenna height of 429 meters).

The Commission notes that, as a result of the proposed changes to the technical parameters, the authorized contours would be displaced considerably and would encompass the city of Québec. Together with deletion of the condition of licence the station could be considered a station serving the Québec market, including Donnacona.

Licensee's address:

9. **Québec (zone Charlesbourg), Quebec**
Application No. 2004-1194-2

Application by **Radio Charlesbourg/Haute St-Charles** to amend the licence of the French-language Type B FM community radio programming undertaking CIMI-FM Québec (zone Charlesbourg).

The licensee proposes to amend the licence by changing the frequency from 103.7 MHz (channel 279A1) to 106.9 MHz (channel 295B1). The licensee also proposes to change the authorized contours by increasing the effective radiated power from 20 watts to an average effective radiated power of 4,120 watts, by increasing the antenna height and by relocating the transmitter by approximately 5 km to Mont Reine-Malouin in Charlesbourg (maximum effective radiated power of 6,550 watts/antenna height of 192.2 metres).

The authorized contours of the station will be increased significantly resulting from the proposed increase in power, increase in transmitter height and relocation of the transmitter.

As a result of the proposed changes to the technical parameters, the authorized contours would encompass the city of Québec. The station could be considered a station serving the Québec market, including Charlesbourg.

The Commission notes that it has received a number of complaints regarding the verbal content of certain programs. Such complaints raise concerns and the Commission may discuss those at the Public Hearing.

Additional information may be found in the public examination file of this licensee, including the exchange of correspondence on complaints. Further information on these matters received after today's date may be added to the public file.

10. **Lévis, Quebec**
Application No. 2004-1526-7

Application by **Communications Médialex inc.** for a licence to operate a French-language AM commercial radio programming undertaking in Lévis.

The new station would operate on frequency 980 kHz with a transmitter power of 50,000 watts day-time and night-time.

The applicant is the controlling shareholder in 3553230 Canada inc., licensee of the radio station CJMS Saint-Constant.

The applicant proposes to broadcast country music programming produced both locally and at CJMS Saint-Constant.

PART 2:

11. **New Carlisle and Gaspé, Quebec**
Application No. 2005-0171-9

Application by **Radio CHNC Itée** to renew the licence of the French-language commercial radio programming undertaking CHNC New Carlisle and its transmitter CHGM Gaspé, expiring 31 August 2006.

It appears to the Commission that the licensee may have failed to comply with the *Radio Regulations, 1986* concerning the provision of logger tapes.

The Commission intends to inquire into this matter at the public hearing. The Commission expects the licensee to show cause at this hearing, why a mandatory order requiring the licensee to comply with the logger tapes provisions of the *Radio Regulations, 1986*, should not be issued.

The Commission notes that the licensee has been found to be in non-compliance with the Radio Regulations concerning the broadcast of French-language vocal music in Decision CRTC 2001-416 of 19 July 2001.

Please note that the Commission will consider the interventions already received, accepted and filed on the public file for Broadcasting Notice of Public Hearing CRTC 2005-8 as well as any other intervention received in the context of this proceeding

Application by the **Coopérative de travail de la radio de Granby** to renew the licence of the French-language commercial radio programming undertaking CFXM-FM Granby, expiring 31 August 2006.

It appears to the Commission that the licensee may have failed to comply with the *Radio Regulations, 1986* (The Regulations) concerning the provision of logger tapes and relating to the broadcast of French-language vocal music.

The Commission intends to inquire into this matter at the hearing. The Commission expects the licensee to show cause at this hearing, why a mandatory order requiring the licensee to comply with the Regulations concerning the provision of logger tapes and relating to the broadcast of French-language vocal music, should not be issued.

The Commission notes that the licensee has been found to be in non-compliance with the Regulations regarding the distribution of French-language vocal music in Broadcasting Decision CRTC 2002-347 of 6 November 2002.

Application by **3553230 Canada Inc.**, a corporation controlled by Communications Médialex inc., to renew the licence of the French-language commercial radio programming undertaking CJMS Saint-Constant, expiring 30 April 2006.

It appears to the Commission that the licensee may have failed to comply with the *Radio Regulations, 1986* concerning the provision of logger tapes and the broadcast of French-language vocal music.

The Commission notes that it has received complaints with respect to the verbal content of certain programs broadcast on CJMS. The licensee indicated that it has removed the program in question.

PART 3

14. **Chandler, Quebec**
Application No. 2005-1252-6

Application by **Radio du Golfe inc.** to amend the licence of the French-language commercial radio programming undertaking CFMV-FM Chandler.

The licensee proposes to amend the licence by changing the frequency from 92.1 MHz (channel 221LP) to 96.3 MHz (channel 242B). The licensee also proposes to change the authorized contours by increasing the average effective radiated power from 10 watts to 5,716 watts, by increasing the antenna height and by relocating the transmitter (maximum effective radiated power of 18,500 watts/antenna height of 137.7 metres).

The authorized contours of the station will be increased significantly resulting from the proposed increase in power, the increase in antenna height and the relocation of the transmitter.

The Commission notes that the increase in power will result in a change of CFMV-FM's status from a low power unprotected service to a regular Class B service.

15. **Medicine Hat, Lethbridge, Red Deer, Taber, Grande Prairie, Rocky Mountain House and Drayton Valley, Alberta; Kamloops, Vancouver, Kelowna, Prince George, Cranbrook, Chase and Fernie, British Columbia**
Application No. 2005-1431-6

Application by **Jim Pattison Broadcast Group Ltd. (the general partner), Jim Pattison Industries Ltd. and Columbia Kootenay Broadcasting Ltd. (the limited partners), partners in a limited partnership (the applicant)** to acquire, from the current partners, the assets of all the radio and television programming undertakings and their respective transmitters located in Alberta and British Columbia, as well as the television network in Prince George, British Columbia, and the radiocommunication distribution undertaking in Chase, British Columbia.

The current partners, Jim Pattison Broadcast Group Ltd. (the general partner) and Jim Pattison Industries Ltd. (the limited partner), carrying on business as Jim Pattison Broadcast Group Limited Partnership, were authorized to operate the undertakings and their transmitters in Broadcasting Decisions CRTC 2005-242, 2005-197 and 2004-564.

The Commission notes that this transaction is a result of the addition of Columbia Kootenay Broadcasting Ltd., a wholly-owned subsidiary of Jim Pattison Industries Ltd., as one of the limited partners in Jim Pattison Broadcast Group Limited Partnership.

The Commission also notes that the said transaction does not affect the ultimate control of the above mentioned undertakings and their transmitters, which will continue to be exercised by James A. Pattison.

The applicant is also requesting new broadcasting licences to be issued to Jim Pattison Broadcast Group Ltd. (the general partner), Jim Pattison Industries Ltd. and Columbia Kootenay Broadcasting Ltd. (the limited partners), carrying on business as Jim Pattison Broadcast Group Limited Partnership, to continue the operation of the undertakings and their transmitters upon surrender of the current licences.

Public Participation

Deadline for interventions/comments

23 February 2006

The intervention must be received by the CRTC and by the applicant on or before the above-mentioned date. The Commission cannot be held responsible for postal delays.

The intervention must include one of the following statements in either the first or the last paragraph:

- 1 - I request to appear at the public hearing.
- 2 - I do not want to appear at the public hearing.

Your intervention will be considered by the Commission, and will form part of the public record of the proceeding without further notification to you, provided the procedure set out below has been followed. You will be contacted only if your submission raises procedural questions.

Submit your written intervention to the Secretary General of the Commission in **only one** of the following formats:

by using the

Broadcasting Intervention/Comments Form

located below the description of each application within this notice of public hearing

or

by mail to
CRTC, Ottawa, Ontario K1A 0N2

or

by fax at
(819) 994-0218

A true copy **must** be sent to the applicant and proof that this has been done must accompany the intervention sent to the Commission.

The Commission advises those who file and serve by electronic mode to exercise caution when using e-mail for service of documents or notification, as it may be difficult to establish that service has occurred.

Before initiating service through electronic mode, please ensure that you will be able to satisfy the Commission, upon request, that service of the notification was completed.

Where the intervention is filed by electronic means, the line *****End of document***** should be entered following the last paragraph of the document, as an indication that the document has not been damaged during electronic transmission.

Each paragraph of the document should be numbered.

Your intervention should clearly identify the application and indicate whether you support or oppose the application, or if you propose changes to it, include the facts and grounds for your proposal.

In the event that the application is brought to the oral phase of the hearing, and if you wish to appear, you must provide reasons why your written comments are not sufficient and why an appearance is necessary.

Persons requiring communications support such as assistance listening devices and sign language interpretation are requested to inform the commission at least twenty (20) days before the commencement of the public hearing so that the necessary arrangements can be made.

Important notice

Note that all information that you provide as part of this public process, except information granted confidentiality, whether sent by postal mail, facsimile, e-mail or through the Commission's web site at www.crtc.gc.ca, becomes part of a publicly accessible file and will be posted on the Commission's web site. This information includes your personal information, such as your full name, e-mail address, postal/street address, telephone and facsimile number(s), and any other personal information you provide.

Documents received electronically or otherwise will be put on the Commission's web site in their entirety exactly as you send them, including any personal information contained therein, in the official language and format in which they are received. Documents not received electronically will be available in PDF format.

The personal information you provide will be used and may be disclosed for the purpose for which the information was obtained or compiled by the Commission, or for a use consistent with that purpose.

Examination of documents

An electronic version of applications is available from the Commission's web site by selecting the application number within this notice.

A list of all interventions/comments will also be available on the Commission's Web site. An electronic version of all interventions/comments submitted will be accessible from this list. To access the list, select "Lists of interventions/comments" under "Public Proceedings" from the Commission's Web site.

Documents are also available during normal office hours at the local address provided in this notice and at the Commission offices and documentation centres directly involved with these applications or, upon request, within 2 working days, at any other CRTC offices and documentation centres.
