The Commercial Radio Policy (1998-41) "encourages broadcasters to reflect the cultural diversity of Canada in their programming and employment practices, especially with respect to news, music and promotion of Canadian artists".

- . employment practices

news
music
promotion of Canadian artists

QUESTIONS 3.2 AND 3.3 – APPLICABLE TO COMMUNITY AND CAMPUS RADIO STATIONS ONLY

- 3.2 Outline plans with respect to development of local talent, in particular, projects to promote and feature music by new Canadian artists, local artists, and artists whose music is seldom heard on other stations.
- 3.3 Outline measures to facilitate community access, and to promote and provide training to members of the community wishing to participate in the programming of the station.

This document is available in alternative format upon request.

3.2 We have a music club on Main Street in Moncton. Throughout the week we feature the songs of the local singers & then have the group in to sing for the public at such time they can sell their albums.

3.3 We have two volunteer DJs who come in & play block programming. We also air a local program of Maritime Gospel music. We have a roster of Maritime/Canadian singers that we support.
